# 48" Series 7 Professional 6 Burner with Griddle Gas Range, Natural Gas

#### Series 7 | Professional

With Professional styling, this large range has six burners delivering powerful high heat, a griddle and two gas ovens.

- Griddle with burners that deliver up to 23,500 BTU heat per burner, for seriously fast boiling
- Expansive 7.7 cu ft total oven capacity across two oven cavities
- Non-tip full-extension shelves in main cavitiy for safe removal of hot dishes
- · Made from quality materials and real stainless steel

## **DIMENSIONS**

Height	35 3/4 - 36 3/4 "
Width	47 7/8 "
Depth	29 1/8 "

## **FEATURES & BENEFITS**

## **Generous Capacity**

Featuring a generous total capacity of 7.7 cu ft, with enough room to fit a 32 lb turkey. The griddle plate allows you to cook several foods at once.

#### **Cooktop Power**

Sealed Dual Flow Burners™ deliver cooktop power up to 23,500 BTU for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.

## Cooking Flexibility

The cooktop is designed for easy access to any burner with grates you can smoothly slide pots across. The oven is large enough to hold full size baking sheets.

#### **Design Quality**

This range has craftsmanship in every detail, with real stainless steel, cast-iron trivets, and titanium coated dials. Each cavity features incandescent lights and full extension telescopic racks. From the robust legs to the powerful legs to the powerful cooktop, the Range is built to last.

#### Easy To Clean

Cleaning up spills is effortless with the continuous, porcelain basepan. Your cooktop simply needs a quick wipe to keep it looking good as new.

#### **Total Control**

Precise control across high and low settings is delivered through the halo-illuminated cooktop dials.

## **SPECIFICATIONS**

Burner ratings	
Maximum burner power	23500 BTU
Power back centre	18500BTL
Power back left	18500BTL
Power back right	18500BTU
Power front centre	18500BTU
Power front left	23500BTU
Power front right	18500BTL
Power griddle	16500BTL
Total cooktop power	132500 BTU

## Capacity

Shelf positions (main oven)	5
Shelf positions (second oven)	5
Total capacity (main oven)	5.3 cu f
Total capacity second oven	2.4 cu f
Usable capacity (main oven)	3.9 cu f

#### Cleaning

Easy clean	porcelain basepan	•

# Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
