Operations

Turn on/off the earbud
(1) Power on
Method 1: Take out the two earbuds from the charging case, and the earbuds will be on automatically.
Method 2: When the earbuds are turned off, long press the touch key of and L and R earbud for 2s to turn on the earbuds.
(Indicator: the white indicator on the earbud is on for 2s; Tone: "Power on")
Note: After turning on, the earbud will automatically turn off if no using or no devices connected within 5min.
(2) Power off
Method 1: Put the earbuds back into the charging case, the earbuds get charged, and the earbuds automatically turns off after fully charged.
Method 2: When the earbuds are on, press and hold the touch key of the L and R earbud for 5s, and the two earbuds will turn off. (Indicator: The white indicator on the earbud is on for 2s and then goes off; Tone: "Power off")

Wireless pairing
(1) First pairing
Step 1: After turning on, the L and R earbud will connect with each other automatically and then enter paring mode to connect with a mobile phone.
(Indicator: one earbud flashes white light rapidly, and the other earbud flashes white light every 5s; Tone: "Pairing")
Step 2: Open the wireless list on the phone, search for "SleepBuds Z2" and connect.
(Tone for successful connection: "connected")
(2) Subsequent Connection
When using it again, take out the two earbuds from the charging case and the earbuds will automatically turn on and connect back to the previous connected phone.
Note: 1. If the connection fails, the earbud will enter pairing mode. At this time, clear the previous pairing record with the earbud on the mobile phone, and then re-select "SleepBuds Z2" in the wireless search list and pair. It will ensure successful connection.
2. When the distance between the earbud and the paired phone is too far, the earbud will disconnect from the phone. If entering effective range within 2min, the earbud will connect back to the phone.
3. When the earbud is disconnected from the phone due to far distance, it will turn off if no device connected within 5min.
(3) Switch to another new device
When the earbud is connected to Device 1, and you want to connect it with Device 2, just press and hold the touch key of the L/R earbud for 3s and release it until you hear the "beep-beep" sound. The earbud will automatically disconnect from Device 1 and enter pairing mode. At this time, select "SleepBuds Z2" in the wireless search list of Device 2 and pair with it.

Touch key operation
(1) Incoming call control
Answer/Hang up: Tap the touch key of the L/R earbud; Reject: Press and hold the touch key of L/R earbud for 1.5s;
(2) Music control
Play/Pause: Tap the touch key of the L/R earbud; Previous track: Tap the touch key of the L earbud twice;
Next track: Tap the touch key of the R earbud twice; Volume-: Tap the touch key of the L earbud 3 times;
Volume+: Tap the touch key of the R earbud 3 times;
(3) Voice assistant
When connected, during standby or music playing, press and hold the touch key of L/R earbud for 1.5s and release until you hear a "beep" sound;
(4) Game (low latency) mode
When the earbud is connected: On: Quickly tap the touch key of the L/R earbud 4 times. (Tone "Game mode on")
Off: Quickly tap the touch key of the L/R earbud 4 times. (Tone "Game mode off")

(5) Language Switch

When the earbud is pairing and not connected to a device:

Tap the touch key of the L/R earbud, you will hear the tone "Chinese mode", which means it has successfully switched to Chinese tone;

Tap the touch key of the L/R earbud once again, you will hear the tone "English mode", which means it has successfully switched to English tone.

Warnings

Please keep the product in a dry place away from fire and heat sources, and avoid contact with corrosive substances. Please charge the product once every 3 months.

Working Temperature: -10°C~45°C   Storage Temperature: -20°C~55°C

Working Humidity: 5%-95%   Storage Humidity: 5%-95%

Test Temperature: 25°C± 10°C Atmospheric Pressure: 70-106Mpa

1. Do not use any abrasive detergent to clean this product.
2. Do not heat this product or keep it close to a fire source, such as a cooking stove.
3. Do not expose this product to direct sunlight for a long time.
4. Do not dispose of this product in the fire to avoid explosion.
5. Do not try to disassemble this product to make any modifications, as it does not contain any maintenance components.
6. Do not use this product in the rain.
