ROG STRIX "HERO" GL503
BORN FEARLESS

"HERO" EDITION   **"SCAR" EDITION**

ROG STRIX "SCAR" GL503 / GL703
ABSOLUTE PRECISION

Only for True Heroes
The unique styling, Mayan patterns inspired from dragon scales, serve as the battle cry to your MOBA foes. The Strix Hero Edition is crafted to project your might, measuring just 2.4cm thin and weighing a mere 2.5kg.

Epic Computing Power
The Strix "Hero" Edition is equipped with quad core Intel® Core™ i7 processor, GTX 1060 graphics, a 128GB NVME PCIe SSD and a 1TB HDD, ensuring for lightning-fast loading times and superior performance.

See The Whole Picture
The Strix "Hero" Edition upgrades your senses with a 120Hz, wide-view anti-glare display, decimating lag and delivering a clearer and smoother game world.

Quicker, Cleaner Keystrokes
The Strix "Hero" Edition puts keeps your fingers fixed on the action, with its specially highlighted QWER keys, 4-zone RGB backlit keyboard and a 1.8mm keys travel distance.

Thumping Loud Audio
The Strix "Hero" Edition featuring two expansive side-firing speakers that deliver clearer, louder and more accurate audio so every battle sounds real and epic.

Stay Cool in the Heat of Battle
The Strix "Hero" Edition features a Duo Thermal Technology design that gives the CPU and GPU its own heatsink and a powerful 12V fan to ensure optimal cooling, maximising CPU and GPU performance without thermal-throttling.

Epic Connections
The Strix "Hero" Edition comes with USB 3.1 Gen 1 Type-C™, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

Equipped with ROG Gaming Centre
Keep all the controls in one place with a comprehensive dashboard showing real-time status of the CPU/GPU frequencies, voltages and temperatures - and use the control panel to make adjustments on the fly.

Designed for Top Shooters
Taking both its name and design inspiration from the assault rifle used by special forces, the Strix "SCAR Edition" is crafted in gunmetal grey and finished with a bullet-proof Kevlar lightweight design at 2.3cm and 2.6kg.

Combat-Proven Computing Power
The Strix "SCAR" Edition is equipped with quad core 7th Gen Intel® Core™ processor, up to GTX 1070 graphics, a 256GB NVME PCIe SSD and a 1TB HDD, guaranteed for superior gaming performance.

Sharp and Accurate
The Strix "SCAR" Edition upgrades your vision with an IPS-level display with a 144Hz refresh rate to deliver smooth, accurate visuals, eliminating lag and motion blur.

Precise Keystrokes
The Strix "SCAR" Edition puts decisive control at your fingertips with its specially highlighted WASD keys, 4-zone RGB backlit keyboard and N-key rollover along with an ergonomic 0.25mm-deep keycap curve.

Upgraded Audio Sensing
The Strix "SCAR" Edition delivers clearer, louder, and more accurate audio so every movement sounds real, all powerfully delivered through two expansive side-firing speakers.

Cool Under Fire
The Strix "SCAR" Edition has an intelligent thermal design that employs heat pipes and dual fans to automatically adjust the cooling system for optimised CPU and GPU performance.

Precise Connections
The Strix "SCAR" Edition comes with Intel® Thunderbolt™ 3, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

Armed with ROG Gaming Centre
Make adjustments to the hardware settings in an instant and monitor real-time status of the CPU/GPU frequencies, voltages and temperatures with its comprehensive dashboard.

Refer to page 6 for more information on ROG Accidental Damage Plan.

Dedicated hotline for qualified ROG laptops and desktops*

Frequently Asked Questions (FAQs)

What is ROG Accidental Damage Protection (ADP)?
It is a fact – accidents happen to all of us. Our ADP plan was created to protect you against damages from accidents such as liquid spills, electrical surges and drops. Only applicable to selected ROG laptops *(subject to verification by ASUS)*, and valid only within the first year of product ownership starting from your purchase date.

What kind of accidental damages are NOT covered?
The ROG ADP does NOT apply to the following: scratches and dents, incorrect or inadequate customer installation, lost or stolen products, intentional damage, recovery or transfer of stored data to the product, requests for miscellaneous cables or accessories and damages caused by natural disasters.

What is the list of products that are eligible for ROG ADP plan?
This protection plan applies only to selected ROG laptops from ASUS Brand Stores and authorised retailers. Products must be purchased in BRAND NEW factory sealed condition. Refurbished or open box devices, units sold and purchased outside of Singapore and purchases from non-authorised Singapore retailers are not entitled for this program.

How many claims can I file for accidental damage?
There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, starting from your purchase date. Serial number validation is performed by ASUS Service Centre or Call Centre.

How do I request for a RMA or On-Site Service for my ROG product?
You can call the ROG Service Hotline at **+65 6588 1723** to request for a pick-up of your ROG laptop or on-site service of your ROG desktop *(on-site service is not applicable to ROG laptops)*.

> **ROG DEDICATED HOTLINE: +65 6588 1723**

Images shown are for illustration purposes only and may differ slightly from actual product. **ROG ADP is available for BRAND NEW purchases of ROG laptops and are eligible for the ADP plan upon purchase from 2 Oct onwards. All FX laptop series, refurbished and/or open box of any qualified ROG products do not qualify for ADP plan. Please refer to any ASUS authorised retailer for more details. Exclusions may apply, and all claims are subject to verification and confirmation by ASUS. End users will be responsible for the one-way shipping fee to a designated ASUS servicing facility and ASUS will cover the returning shipping fee to your originating address within Singapore only. *Priority queue and dedicated hotline services apply to all ROG laptops and desktops except ROG GR desktop series, G11 desktop series, M80 desktop series, FX laptop series, refurbished and/or open box of any qualified ROG products as well as ROG products purchased from non-authorised ASUS retailers or out of Singapore.

ASUS 2 Years International Warranty*

ASUS guarantees you with no repair and component charges within your 2 years warranty period for laptops. ASUS international warranty makes sure that you are protected even if you are stationed abroad, with our centres established across 55 countries.

This is ASUS' commitment to deliver quality and customer satisfaction to you, wherever you might be.

2 YEARS GLOBAL WARRANTY

Only with Authorised Dealers & ASUS ROYAL CLUB

*The Pick-Up & Return service applies to In-warranty ASUS laptop and mobile devices only. The Pick-Up & Return service for defective unit within warranty period will be free of charge. Out-of-warranty, non-defective or customer-induced damage units are not covered by Pick-Up & Return service. Customer shall be responsible for saving and backing up any data on the ASUS product being returned to ASUS for in-warranty or out-warranty service. For out of warranty service, customer will need to send in by themselves and there will be charges imposed if PUR service is required. Do not send in unrelated accessories like charger, battery, earphone, SIM-card, memory card, battery cover, RAM etc. ASUS will not be liable or responsible for any discrepancies or lost accessories, unless those accessories are required. For warranty pick up, customer full details must be provided or ASUS has the rights to refuse the unit and will not be responsible for any mistake.

No. 1 Motherboard Brand in the World

ASUS has shipped more than 500 million motherboards globally since 1989. ASUS puts the best motherboards in every ASUS notebook, ensuring incredible quality and reliability.

Ranked Among World's Most Admired Companies

In the computer industry, ASUS was named among the top 10 World's Most Admired Companies by Fortune Magazine in 2015.

Ranked Among Top Global IT Company

ASUS was recognised among the top 10 global IT brands in the Consumer Electronics category of The World's Most Innovative Companies 2010, compiled by Fast Company, a leading progressive business media brand.

No.1 in Quality and Service

ASUS ranked first in quality and innovation in The Wall Street Journal Asia survey in 2009.

4,385 Awards in 2016

In 2016, ASUS won a total of 4,385 awards from leading organisations and media groups, worldwide.

ASUS Green Technology

ASUS was the first global IT company in the world to achieve EU Flower Eco certification. It was also first to receive EuP certification for notebook PCs. Today, ASUS continues to build on a long-standing tradition of developing the world's most reliable and advanced green technologies.

ASUS PCs are Powered by Intel® Core™ Processors. Intel Inside®. Extraordinary Performance Outside.
ASUS Products are Now Available at all ASUS Brand Stores and Authorised Retailers.
Intel, the Intel Logo, Intel Inside, Intel Core, and Core Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

ASUS Won 4,385 Awards in 2016

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service, and energy-efficiency. In 2016, ASUS earned 4,385 awards from some of the most prestigious international organisations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating technology that is designed for everyone to joy.

World's Most Admired Companies
ASUS was named one of the World's Most Admired Companies by Fortune Magazine in 2015. The Fortune list is the definitive report card on corporate standing.

CES Innovation
Seven ASUS products won CES Innovation awards across six categories in 2015. Each CES award recognises the highest standards in product design and engineering.

Good Design
ASUS products won 13 Good Design awards in 2015. Each Good Design award recognises excellence in design and engineering.

iF Design
ASUS products won 10 iF Product Design awards in 2015. iF Design awards are recognised worldwide as a seal of quality, identifying products that excel in specific criteria, including design quality, degree of innovation, functionality, ergonomics and more.

Red Dot
ASUS won nine Red Dot Awards in 2015. The Red Dot Awards event is one of the largest and most widely recognised professional design competitions for design concept and prototypes. ASUS has won more than 65 Red Dot awards since 2001.

STRAITS TIMES ★★★☆ — SINGAPORE MAY 2017 STRAITS TIMES DIGITAL
The B9440 feels like a 13-inch model, despite having a 14-inch screen, because of the ultra-thin bezel.

8.7/10 vrzone — SINGAPORE MAR 2017 VR-ZONE
The G701 is a marvel of engineering and a lot of fun to use. Benefiting from the GTX 1080 and an insane amount of RAM, this portable PC will keep you gaming well into 2020. Not the cheapest laptop around, but just an all round amazing machine.

STRAITS TIMES ★★★★ — SINGAPORE MAR 2017 STRAITS TIMES DIGITAL
The ASUS VivoPC X M80 strikes a fine balance between performance and price.

THE STRAITS TIMES DIGITAL AWARDS 2017 Editor's Choice — SINGAPORE FEB 2017 STRAITS TIMES DIGITAL
But our pick, as well as that of our readers, was the stylish ASUS ZenBook 3. While it may seem to be inspired by the Apple MacBook, the ZenBook 3 comes in a classy shade of blue. It is extremely well-built with premium materials. Its battery life was relatively good too.

THE STRAITS TIMES DIGITAL AWARDS 2017 Readers' Choice — SINGAPORE FEB 2017 STRAITS TIMES DIGITAL
The ASUS Transformer 3 Pro is probably the most polished Surface Pro 4 clone in the market today, and that should be taken as high praise.

7.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE FEB 2017 HARDWARE ZONE
It has a wonderfully sharp screen, a great pen, and an excellent keyboard cover. It is also super slim and light, making it easy to carry around.

HARDWARE ZONE TECH AWARDS 2016 READERS' CHOICE — SINGAPORE FEB 2017 HARDWARE ZONE
A new category we created two years back to reflect this form factor trend, this award has been won by ASUS on both occasions. Well, you can call it a three-peat now, as ASUS is the winner yet again, this time with 33% of the votes.

BEST — SINGAPORE DEC 2016 HARDWARE ZONE
A powerful and sleek looking notebook for those who prize portability above all else.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE
Ultimately, you're going to have to get your priorities straight when deciding whether or not to get the ZenBook 3. Is sheer portability and looks everything to you? Then the ZenBook 3 is probably a good fit. But if you prefer function over form, you'll be just as happy with a cheaper notebook from a different brand. That being said, this is the first Kaby Lake notebook to be available locally, so if you're looking to jump onboard with Intel's seventh-generation processors, this is still your only option for now. And if you're upgrading from a three-year-old laptop, the ZenBook 3 will net you a decent performance boost and battery life improvements.

STRAITS TIMES ★★★★ — SINGAPORE OCT 2016 STRAITS TIMES
The ASUS ROG Strix GL502 hits the sweet spot for a 15-inch gaming laptop. At $2,698, it is competitively priced for a gaming notebook equipped with NVIDIA's latest Series-10 graphics card. This graphics card is significantly faster than the previous generation. Powering the Strix is the NVIDIA GeForce GTX 1070 graphics card, which is more than capable of supporting a virtual reality headset. It also blew past our gaming benchmarks, scoring over 100 frames per second in Doom at the maximum graphics setting. Overall, the ASUS ROG Strix GL502 provides excellent performance for its price.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE
The version of the ROG Strix GL502 with the GeForce GTX 1070 retails for S$2,698, while the GeForce GTX 1060-equipped model is slightly cheaper at S$2,498. As far as high-end gaming notebooks go, these lean toward the more affordable end of the price scale, and ASUS is bundling them with freebies like a backpack, a pair of ROG circumaural stereo headphones, and the 5,000DPI ROG Sica optical gaming mouse.

THE STRAITS TIMES DIGITAL EDITOR'S CHOICE — SINGAPORE OCT 2016 STRAITS TIMES DIGITAL
This dark blue shade gives the ZenBook a classy demeanour, complemented perfectly by the gold trim along the laptop edges. The ZenBook may be inspired by the MacBook's design, but it has a more powerful processor and longer battery life.

8.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE
The display is quite gorgeous to look at despite the 1080p resolution that may not seem as impressive on paper. ASUS' notebook bears more than a passing resemblance to the MacBook, but it trumps it in almost every conceivable way, from faster hardware to a lighter and thinner design.

科译优选 — SINGAPORE OCT 2016 LIANHE ZAOBAO
My first trial with the latest ultra-thin ZenBook 3, the most impressive feature is its beautiful body design. After a week of testing, I found that it not only has external beauty but its internal performance is impressive as well.

AUGUSTMAN TECH AWARDS 2016 — SINGAPORE JULY 2016 AUGUSTMAN
The Zen AiO Pro has a gorgeous 4K display option, plenty of processing power for your heavy-duty hard work and discrete graphics in case you want to indulge in a bit of gaming.

Stuff ★★★★☆ — SINGAPORE MAY 2016 STUFF TV
A top affordable tablet for those who fancy a nice display but aren't willing to pay through the nose for it.

PEOPLE'S CHOICE 2016 — SINGAPORE MAY 2016 ASIA ONE
The ZenBook UX305 was nominated for one of the AsiaOne People's Choice Award 2016 for the best laptop.

CLEO — SINGAPORE MAY 2016 CLEO
The annual CLEO Guy Stuff Awards 2016, with ZenBook UX305 being awarded the most stylish laptop with its ultra-thin profile and stylish features.

7.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE MAY 2016 HARDWARE ZONE
Also note that the ZenFone 2 Laser is available in a 5-inch variant - the ZE500KL - for just S$239 and it shares all of the attributes of the 5.5-inch reviewed version, making it a more value for money counterpart if price is a strong consideration. Furthermore, its smaller screen size would allow it to have a higher pixel density.

Stuff ★★★★★ — SINGAPORE APRIL 2016 STUFF TV
The ASUS Zen AiO Pro Z240IC is an excellent all-in-one desktop PC that not only looks sleek, but also holds the performance you need for your day-to-day application. Whether it's family movie time or solo gaming, this desktop system gets the job done without much complaints.

7.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE APRIL 2016 HARDWARE ZONE
The ZenFone Zoom on the other hand has an actual optical zoom lens, the same kind you would find in a DSLR or compact digital camera. Zoom lens are far more complicated and bulkier than their fixed focal length counterparts, which is why we haven't seen one in a slim smartphone until now.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE MAR 2016 HARDWARE ZONE
Nevertheless, the ZenBook's attractive design means that you shouldn't write it off just yet. Its slim profile - just 14.9mm thick - and light weight (1.3kg) make it quite portable. Its entire body is also constructed out of aluminum, and the lid features an attractive brushed metal pattern of concentric circles. The overall impression is of quite an appealing, minimalistic device that is very solidly-constructed.

Stuff ★★★★★ — SINGAPORE MAR 2016 STUFF TV
A premium notebook with a premium price tag, the ASUS ROG GX700 is for gamers who want the best possible gaming experience.

CNET ASIA ★★★☆ — SINGAPORE FEB 2016 CNET
ASUS' ZenFone Zoom breaks new ground with a built-in optical zoom camera. The ASUS ZenFone Zoom puts cool new camera tech to work.

THE STRAITS TIMES DIGITAL AWARDS 2016 Readers' Choice — SINGAPORE FEB 2016 STRAITS TIMES DIGITAL
The ZenBook UX305 was awarded the best Ultrabook by their readers in the ST Digital Awards 2016. Their readers chose the ASUS ZenBook UX305 as their favourite likely because of its excellent value, which is probably matched only by the HP Envy 13.

THE STRAITS TIMES DIGITAL AWARDS 2016 Editor's Choice — SINGAPORE FEB 2016 STRAITS TIMES DIGITAL
The ROG G752 was awarded the best gaming laptop in the ST Digital Awards 2016. The ASUS ROG G752 impressed us the most with its snappy orange highlights standing out from its rivals. More importantly, the G752 was a very reasonably priced for its high-end machine.

HARDWARE ZONE TECH AWARDS 2016 — SINGAPORE FEB 2016 HARDWARE ZONE
The ASUS ZenFone 2 was awarded for the best mainstream smartphone. The ZenFone 2's Intel Atom Z3560 quad-core processor easily beat the rest of the field, with performance on par with Qualcomm's Snapdragon 801. We also loved its beautiful 5.5-inch Full HD display, and great rear and front camera. While the phone is entirely plastic, its brushed metallic finish is quite convincing, and we liked its ergonomic curved shape, rear volume buttons and quick launch features. At this price, the ZenFone 2 ZE551ML can't be beaten.

HARDWARE ZONE TECH AWARDS 2016 — SINGAPORE FEB 2016 HARDWARE ZONE
ASUS was awarded for the Best 2-in-1 Notebook Brand by the Hardware Zone readers. A new category we created last year to reflect the latest trend, the inaugural winner was ASUS. This year, our readers have once again voted for ASUS (30%), maker of fine machines like the Transformer Book T300 Chi, Transformer Book Flip TP200, and T100HA.

CNET ASIA ★★★★☆ — SINGAPORE JAN 2016 CNET
The ASUS G752 is a little slimmer than its predecessor, and its new design lightens up the previous black slab look. Performance is excellent, and a backlit keyboard with macro keys makes for comfortable gaming.

8.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE JAN 2016 HARDWARE ZONE
It's a 17-inch gaming notebook that features the latest Skylake processor and a GeForce GTX 980 GPU with 8GB of framebuffer. That wasn't a typo, the ROG GX700 is in fact one of the few gaming notebooks running a desktop-class GeForce GTX 980 GPU. But more than that, its pièce de résistance is its liquid-cooling dock.
