* 1: When replacing or adding coolant, we recommend that you visit an authorized Kia dealer.

* 2: For your convenience, it can be replaced prior to its interval when you are doing other maintenance tasks.

* 3: We recommend that the coolant level and leak is checked on a daily basis.

* 4: Brake discs and pads

Check the pads for excessive wear, discs for run out and wear, and calipers for fluid leakage.

For more information on checking the pads or lining wear limit, we recommend to contact or visit an authorized Kia dealer/service partner.

Note

1. Under-hood pressure wash not allowed. (Caution: Water washing in the motor compartment including high pressure water washing may cause the failure of electrical circuits located in the motor compartment.)

2. Do not spray directly with high pressure washer on the camera, sensors or its surrounding area. Shock applied from high pressure water may cause the device to not operate normally.

3. In case of mat finish, do not use automatic car wash which uses rotating brushes. Do not use any wax or polish protector. (refer page 8-41 for more details)

Maintenance under severe usage conditions

I: Inspect and adjust, correct, clean, or replace if necessary.

R: Replace or change.

Maintenance Item	Maintenance Operation	Maintenance Intervals	Driving Condition

Suspension ball joints	I	Inspect more frequently depending on the condition	B, C, D, E, F

Severe driving conditions

- A. Repeatedly driving short distance of less than 8 km (5 miles) in normal temperature or less than 16 km (10 miles) in freezing temperature
- B. Driving on rough, dusty, muddy, unpaved, graveled or salt spread roads
- C. Driving in areas using salt or other corrosive materials or in very cold weather
- D. Driving in heavy dust condition
- E. Driving in heavy traffic area with the ambient temperature higher than 32 °C (90 °F) while consuming more than 50% of electric energy.
- F. Driving on uphill, downhill, or mountain roads repeatedly
- G. Towing a trailer, or using a camper or roof rack
- H. Driving as a patrol car, taxi, other commercial use or vehicle towing
- I. Frequently driving under high speed or rapid acceleration/deceleration
- J. Frequently driving in stop-and-go conditions

KIA WARRANTY POLICY

Kia New Vehicle Warranty

Kia India Private Limited (formerly known as Kia Motors India Private Limited) hereinafter called "KIN", warrants that each new Kia vehicle sold shall be free from any defects in material and workmanship, under normal use and maintenance, subject to the following terms and conditions.

Basic Warranty Coverage

1. Warranty Period

This warranty shall exist for a period of 36 months from the date of delivery to the first purchaser irrespective of the mileage. However, warranty for Kia vehicle being used for commercial purpose such as Taxi/Tourist operation is 36 months/100,000 kilometers from the date of delivery whichever is earlier. This warranty is transferable to subsequent owner for the remaining warranty period. This warranty is applicable only in India and not transferable to any other country.

2. What is covered

Except as provided in paragraph 3 hereof, our Authorized Dealers shall either repair or replace, any Kia genuine part that is acknowledged by KIN to be defective in material or workmanship within the warranty

period stipulated above, at no cost to the owner of the Kia vehicle for parts or labour. Such defective parts which have been replaced will become the property of KIN

Limited Liability

The liability of Kia under this warranty is limited solely to the repair or replacement of original parts defective in material or workmanship by an Authorized Kia Dealer at its place of business, and specifically, it does not include any expense for or related to transportation to such a dealer or payment for loss of use of the Kia Vehicle during warranty repairs.

Exceptions

The items specified below are covered for periods different from the basic coverage

- **Electric vehicles (EV) system (Power electric system)**

Electric motor, Electric Power Control Unit (EPCU), On board charger (OBC) are covered for the first 36 months or 150,000 kilometers from date of delivery to the first purchaser, whichever is earlier.

The high voltage (lithium-ion polymer) battery capacity warranty coverage period is 96

months or 160,000 kilometers from the date of delivery to the first purchaser,

whichever comes first, for capacity loss below 70% of the original high voltage battery capacity. This warranty covers repairs needed to return battery capacity to 70% of original high voltage battery capacity. If possible, the high voltage battery components will be repaired or replaced, and the original high voltage battery will be replaced with either a new or remanufactured high voltage battery.

Any repair or replacement made under this high voltage battery capacity coverage may not return your high voltage battery to an "as new" condition with the original 100% capacity. However, it will provide the vehicle with a high voltage battery capacity of at least 70% of the original battery capacity. This high voltage battery capacity coverage is subject to the exclusions listed under the section "What is not covered."

• **Audio System**

The original equipment audio and its all related parts (including Video Systems) are covered for 36 months or 100,000 kilometers from the date of delivery to first purchaser, whichever comes first.
