CONVENIENCE

- SmoothTouch™ Glass Controls
- Convection Conversion
- Self-Cleaning
- 5 Heavy-Duty Racks with 5 Positions
- 3D Lighting
- Broil Pan

TWO OVENS. THAT'S THE REAL CHARM.

Enjoy twice as many possibilities with LG's Double Built-In Wall Oven. Thanks to SmoothTouch™, control over every function will be at your fingertips. And, with Crisp Convection – which creates the right airflow for more even heat distribution throughout the oven – you'll be able to preheat to the ideal temperature, 30% faster. As you can see, if one oven is good, having two is even better.

Crisp Convection

Continually distributes heat precisely so cooked foods such as biscuits, scones or pizza can remain delicious on the inside and crisp on the outside.

Self-Cleaning

Both ovens come with a self-cleaning mode that virtually eliminates the need to scrub.

SmoothTouch™ Controls

Using your oven has never been easier. Intuitive, digital controls allow heat and function adjustments to be made with the touch of a finger.
