

The diagram illustrates the following steps:

1. Connect the USB cable to the device's charging port.
2. Plug the other end of the USB cable into a USB power source (like a wall outlet or a USB hub).
3. Connect the device to the power source.
4. The device is shown in its folded, triangular state.
5. The device is shown in its unfolded state, connected to a power source.
6. The device is shown in its unfolded state, connected to a power source.
7. The device is shown in its unfolded state, connected to a power source.

Thank you for purchasing the FIXED MagNet wireless charging station. The station is designed to charge smartphones with MagNet magnet attachment.

1 Charging surface with MagNet magnet attachment and support for Qi.

2 Secondary charging surface with up to 2.5W of power for charging your Apple Watch.

Area for charging other wireless devices of Qi standards up to 5W with Qi standard.

3 USB-C connector for station power and LED

Read this manual before use.

INSTRUCTIONS FOR USE:

1. Connect a USB-C cable to the station and plug the other end of the cable into a power source with at least 2.5W of power.
2. Now you can connect a MagNet-enabled device to the station's main charging surface. The device will automatically snap on and start charging.
3. The second charging area is for charging the Apple Watch. Place the watch on the secondary charging surface on the first stage.
4. On the third stage you can place devices with wireless charging support.
5. The charging station can be assembled as a stand, where the magnets on the device are responsible for the damages caused by improper use of the device.
6. When the stand is folded, the Apple Watch charger can be flipped out to be used as a stand.

4 Unfolded stand

5 Folded stand

LED INDICATION:

Ready to charge: lights blue

Device charging: green light on the side that is currently being used for charging. (Please Observe Indicator LED) preventing the device from charging, overhead blue

PRODUCT SPECIFICATIONS

Output: DC 5V 1A, 3V3/5V MAX

Main charging area: 5W (MAX)

Charging area for Apple Watch: 2.5W (MAX)

Third charging area: 5W (MAX)

Dimensions (mm): 100x100x40

Dimensions when unfolded: 170x200x50

Dimensions when folded: 80x80x40

Weight: 385 g

Material: ABS plastic

Wireless charging frequency: 100-200kHz

Maximum power: 5W

Charging distance: <5mm

PART OF THE PACKAGE:

- 1x FIXED MagNet charging station
- 1x USB-C cable
- 1x User manual

NOTES:

1. The product is warranted according to the legal regulations in force in the country of service provision; please contact the dealer from whom you purchased the product in case of any damages caused by improper use of the device.

PRODUCT CARE AND MAINTENANCE

Use a soft cloth to clean the body of the charging station.

SAFEGUARDS

- Do not expose the device to rain or snow or immerse it in water.
- Do not touch the charging station with wet hands.
- Do not expose the device directly to sunlight or leave it in heat sources.
- Do not use the device if it has been heavily impacted, dropped, or if there are cracks.
- Do not disassemble the device, as it is rated as electric shock and/or burn risk.

WARNING

- Keep the charging station out of the reach of children. Unauthorised opening of the product may result in fire or electric shock.
- For fire safety, please refer to the fire safety instructions.

PRODUCT OPERATING TEMPERATURE

- Product operating temperature: 0 to 35 °C
- Product storage temperature: 0 to 40 °C

PRODUCT DISPOSAL

(Applies to countries with separate collection systems for waste)

The products must not be disposed of with household waste and should be taken longer works, dispose of in an accordance with the applicable regulations.

This ensures that our old products are recycled in a responsible manner and that the negative environmental consequences of their use are minimised with the symbol shown here.

DECLARATION OF CONFORMITY

I, the undersigned, declare that the product is in accordance with the EMC Directive (2014/53/EU), the RED Directive (2014/53/EU), the RoHS Directive (2002/95/EC), and other relevant provisions of the EU and RoHS Directive (2002/95/EC) directives.
