

HORA

WIRELESS SPEAKER

BOC244

USER MANUAL

PRODUCT SPECIFICATIONS:

- Model: BOC244
- Bluetooth Version: 5.3
- Connection Distance: 10M approx.
- SNR: 85dB
- Battery: 2000mah 3.7V 7.4Wh
- Playing time: 5.6Hrs (At 100% Volume)
- Speaker Size: $\Phi 52\text{mm}$
- Power: 3 Ω /7W RMS
- Frequency: 150HZ-20KHZ
- Dimensions: 115.9*54*90.4mm
- Weight: 360g
- Input: 5V=1A

PRODUCT FEATURE:

1. Internationally advanced wireless chip and circuit design technology, supporting all wireless devices.
2. With Hi-Fi speaker, to make sure the clear and bright sound.
3. 10 meters wireless working distance, can connect all external wireless devices (mobile phone/tablet/TV) to play music.

FCC WARNING:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

WARRANTY STATEMENT:

All products are guaranteed to be free from defective materials and workmanship. The warranty period of all equipment provided by our company is 12 months after purchase.

If you have any questions, please contact a customer service representative for assistance.
