Quick Using Guide

1. Before turning on the camera, please insert a **branded U3 high-speed** Micro SD Card.

2. Plug into the power **using the car charger** we provided and please make sure to **keep** the camera plugged into the power **all the time**.

3. After plugging, the camera will turn on to record automatically, however, we **suggest you format** the Micro SD Card on the camera before recording for the first time.
