

Innovation
that excites

2017
370Z®

WELCOME TO THE 2017 NISSAN 370Z DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your 370Z.

A high-angle, dynamic shot of two Nissan 370Z cars driving on a multi-lane bridge. In the foreground, a red Nissan 370Z Touring Sport Roadster is shown from a front-three-quarter view, moving towards the right. Its top is down, revealing black leather seats and a driver. Behind it and slightly to the left, a silver Nissan 370Z Touring Sport Coupe is also driving in the same direction. The bridge has a prominent red steel truss structure above the road. The background is a clear blue sky. The overall composition conveys a sense of speed and open-road freedom.

EVERY DRIVE is something special.
An unmistakable connection between
driver and machine. Fire up that 3.7-litre
V6 and hear 332 HP sing through dual
exhaust pipes. Take it into a turn and
feel the dynamically balanced chassis
just grip and grip. Revel at the world's
first available rev-matching manual
transmission. The drive of your life is
waiting. Make sure it **IS EXHILARATING.**

Nissan 370Z® Touring Sport Coupe shown in Gun Metallic and Nissan 370Z® Touring Sport Roadster shown in Solid Red.

PERFECT, BALANCE

Some consider a static 50/50 balance to be the perfect weight distribution for handling. But Nissan engineers realized that something closer to a 54 front/46 rear static ratio is actually ideal! At the precise moment the driver accelerates out of a corner's apex, the weight distribution shifts rearward and becomes an approximate 50/50 balance. This translates into enhanced tire contact for better acceleration, quicker turns and a handling feel that's uniquely Z.[®]

54 FRONT
46 REAR

Nissan 370Z[®] Touring Sport Coupe
shown in Chicane Yellow.

MAY THE G-FORCE BE WITH YOU

Designed to conquer every corner, the Nissan 370Z starts with a low centre of gravity and a short wheelbase for quick response. Structural supports under the hood and along the body reinforce the chassis to handle the loads the suspension can dish out. Add in an enthusiast's wish list of high-performance componentry. And at every turn of the wheel, find pure joy as the 370Z turns handling science into pure performance art.

Vehicle Dynamic Control. A great sports car shouldn't just exhilarate, it should also inspire confidence. Vehicle Dynamic Control² (VDC) on the 370Z continuously monitors the speed of each wheel, steering angle, yaw, lateral G-forces and even braking pressure. It compares the data to the steered vehicle path and, if it senses the onset of plowing (understeer) or fishtailing (oversteer), VDC brakes individual wheels and/or reduces engine power to help keep you on your steered course.²

Lightweight suspension components. The lighter a suspension's components, the more quickly it can react to the driver and bumps in the road. Use of strong yet lightweight aluminum makes the 370Z suspension extremely responsive. Its double-wishbone front and 4-link rear design helps to keep the tires vertical to the ground, maximizing their contact patches. Dual flow pass shocks enhance control. And super-light forged 19" alloy wheels are available for an even quicker response.

4-piston brake calipers on 14" front rotors. Balance doesn't just apply to cornering. Available on 370Z Touring Sport and 370Z NISMO[®] models are its largest brakes ever – 14" front rotors, with the gripping power of 4-piston front calipers. Purpose-designed ducting helps to reduce fade and provide predictable and precise stopping power.

¹Static weight ratio is measured with a passenger in the car. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.

AT ITS CORE, THE HEART OF A LEGEND

As long as there has been Z®, there has been a soulful 6-cylinder leading the way. In this case, the 4th-generation of the legendary VQ V6 engine. With a 3.7-litre displacement for massive muscle, this 332 HP dynamo features advanced Variable Valve Event and Lift (VVEL) technology that continuously tunes valve lift and timing for quicker response and a broader torque curve, while optimizing fuel efficiency and reducing emissions. And while all this engineering may sound intriguing on paper, the exhilaration – on the straights or through the corners – is pure, pulse-pounding magic.

NISSAN SYNCHROREV MATCH®

INNOVATION THAT'S A MATCH MADE IN DRIVING HEAVEN

What if you could have a perfectly matched shift every time? SynchroRev Match gives you the shifting skills of a pro, for a smoother, controlled drive, from your favourite twisty road to your daily commute. It's one manual transmission so smooth, it would make an automatic jealous. Except maybe, the 370Z's exceptionally talented 7-speed automatic.

A world's first. Included on the Sport models, SynchroRev Match technology – the first in any production car – monitors the 6-speed manual's clutch pedal, shift lever, and vehicle speed. As you shift to a lower gear, the system will “blip” the throttle to the ideal engine rpm for a supremely smooth downshift as you let out the clutch. The system also works when upshifting to give you a smooth flow of power when accelerating.

Control at your fingertips. Want effortless cruising? Put the 7-speed automatic transmission in “D.” For a quick gear change, just pull the steering column-mounted lightweight magnesium paddle shifters. In Manual mode, you get manual-style control with a nudge of the shift lever or a pull of the paddle shifters. The transmission can even hold a gear in cornering for better balance, or downshift before a corner for more effective braking. And when a downshift is needed, Downshift Rev Matching automatically opens the throttle to match the rpm for smoother gear changes.

DESIGNED FOR THE REAL WORLD

Seats designed to hold you. The 370Z®'s driver seat shows how seriously we take every detail of driving. The upper seatback has cutaway areas to help your arms move freely for steering and shifting. The lower seat cushions have cutaway areas to allow you to more easily work the pedals. Aggressive side bolsters and anti-slip materials on the seat help hold you in place.

A place for everything. While it's fun to attack your favourite twisty road, a sports car also has to function in day-in, day-out driving. To keep things orderly, the 370Z features 3 cup holders, a lockable glove compartment, parcel shelves behind both seats, and a handy parcel box behind the passenger seat.

Coupe cargo area. Plenty of open space for the important things in life – like sports gear. An available retractable cargo cover helps keep things out of sight.

Roadster trunk. A smartly designed convertible top means usable trunk space. Even with the top down, you can still fit a golf bag in the trunk.

Nissan 370Z® Touring Sport Coupe shown in Black Leather.

EVEN WHEN REALITY BITES

High-performance protection. The Nissan Advanced Airbag System includes dual-stage supplemental front airbags equipped with seat belt sensors and an occupant-classification sensor. These dual-stage airbags adjust their inflation rate, depending on the severity of impact and seat belt use. If the passenger seat is empty, a sensor actually deactivates that airbag. In addition, standard side-impact supplemental airbags are built into the seats, so they move with you as you adjust your seat. Standard curtain side-impact supplemental airbags (door-mounted on Roadster) help provide head impact protection for you and your passenger.

6 STANDARD AIRBAGS¹

Seat belt technologies utilize pre-tensioners to help tighten the belt when front airbags deploy. And if your body puts too much force on the belt, load limiters give a bit.

Active Head Restraints help reduce the chance of whip-lash injuries by moving up and forward toward your head during certain rear-end collisions.

¹Airbags are only a supplemental restraint system; always wear your seat belt. Do not use rear-facing child restraints in this vehicle. Also, in addition to any other requirement of applicable law, all children 12 and under should be properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents. See your Owner's Manual for more details. Inflated airbags shown for illustration purposes only; actual coverage area may differ. Airbags deflate after deployment.

EVEN THE TECHNOLOGY IS DESIGNED TO PERFORM

The 370Z® keeps a strong connection to your world as well as the road. With the Bose® Premium Audio System, you've got an amazing choice of entertainment to create a soundtrack for your drive. And along with the touch-screen voice-activated Nissan Hard Drive Navigation System, you've got so much more than just directions.^{1,2}

Knowledge is king. The Nissan Hard Drive Navigation System helps steer you clear of traffic jams, thanks to NavTraffic® real-time traffic advisories.^{1,2,3} 3D viewing helps you negotiate crowded and unfamiliar areas. And with the RearView Monitor, shift into "Reverse" and you get a glimpse of what's directly behind you on the navigation system's large, 178 mm (7.0") VGA screen.^{1,4}

Active Noise Cancellation and Active Sound Enhancement. Active Noise Cancellation (ANC) helps remove unwanted powertrain noise in the cabin.¹ Combined with Active Sound Enhancement (ASE), that helps smooth out and enhance the engine note in the cabin, you've got music to any enthusiast's ears.

Bose® Premium Audio System. And since even the most dedicated enthusiast might want to listen to something other than its spine-tingling dual-exhaust note, the 370Z Coupe's and Roadster's Bose® Premium Audio System was custom-engineered for the unique shape.

USB input. Plug your iPod® into the USB input and you can control its functions through the audio system or touch-screen monitor, plus get song readouts on the digital display.⁵

SiriusXM® Satellite Radio. With 120 channels of news, sports, music, and more, there's always something worth listening to.³

Bluetooth® The Bluetooth® Hands Free Phone System lets you make and receive calls through the audio system. On 370Z models with the available navigation system, you can even stream music from any compatible device via Bluetooth® wireless technology.^{1,2,6}

¹Available feature. ²Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ³XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. ©2016 Sirius XM Canada Inc. nismo®

PASSION WITHOUT A REDLINE

What happens when the fanatical engineers at NISMO are let loose on the legendary 370Z®? You get 350 horsepower surrounded by a NISMO-tuned suspension and a driver-focused interior, all wrapped in a jaw-dropping NISMO-designed aerodynamic body. Obsessive? Perhaps. Extraordinary? Most definitely.

Nissan 370Z® NISMO® shown in Pearl White.

Professional driver. Closed course. Obey all traffic laws, always drive safely and wear your seat belt. Damage resulting from racing, competitive driving, track and/or airstrip use not covered by warranty. See your New Vehicle Limited Warranty and Owner's Manual for proper vehicle operation and complete warranty details.

nismo®

INNOVATION THAT LIVES TO PUSH THE ENVELOPE

Wouldn't it be cool to take a legend to the next level? With a name derived from Nissan Motorsports, you should expect nothing less from NISMO, our in-house performance arm. Started by a group of maverick Nissan engineers almost 30 years ago, NISMO is synonymous with passion, expertise, and the heights of Nissan performance – not to mention decades of racing dominance. NISMO puts its all into everything it builds, from championship-winning racecars and accessories for street cars to cutting-edge vehicles like the 370Z® NISMO. With 350 horsepower, a competition-tuned suspension, and a look uniquely its own, it is transformed into a sports car singularly worthy of being branded NISMO.

||||| **NISMO STRUT TOWER BAR** ||||| **SUSPENSION** ||||||| **WHEELS BY RAYS®**

Competition-tuned handling. Competition-inspired design. Serious grip starts with a suspension featuring specially tuned springs, shocks, and stabilizer bars designed to satisfy the most demanding enthusiast. Extra braces on the front strut tower bar and special vibration dampers on the front body frame rail and rear subframe are added for impressive overall body rigidity and the feel of a controlled ride. The discriminating eye will also appreciate 19" RAYS® forged alloy wheels, the high downforce body, rear diffuser, and aggressive front and rear fascias.

Alcantara®-wrapped adrenaline. If you love to drive, there's no better place to be. 370Z NISMO embraces you with leather-appointed Recaro® seats with grippy Alcantara® inserts, while an Alcantara®- and leather-wrapped wheel fits perfectly in your hand. No detail is overlooked, from the leather-wrapped band at 12 o'clock to the signature NISMO red tachometer. Tasteful red stitching accentuates the personal feel of the cabin. There are even aluminum-trimmed pedals – so every part of you enjoys a singularly unique driving experience.

GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; available for finance and backed by Nissan's 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.⁴

- A. **Front Chin Aero Deflector**
Less turbulence. More downforce. Looks cool, too.
- B. **Rear Decklid Spoiler (Coupe Only)**
Track-inspired for the ultimate performance statement.
- C. **Illuminated Kick Plates**
Let your door sills play dress up.
- D. **Z Valve Stem Caps**
Show your Z pride in every detail.

Additional Accessories:

- Carpeted Trunk Mat
- Portable Cargo Organizer
- Splash Guards
- Illuminated Ash Cup
- Z Licence Plate Frame
- Paint Pen
- And More

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website **Nissan.ca/finance** to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km⁵ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁵ Powertrain Warranty, an 8 year/130,000 km⁵ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

See your Nissan dealer for details, or go to accessories.nissan.ca

Nissan has taken care to ensure that the colour swatches presented here are the closest possible representations of actual vehicle colours. Swatches may vary slightly due to viewing light or screen quality. Please see your local Nissan Dealership for actual colours and pricing information. ⁴See your Nissan Dealership and read the actual limited warranty. ⁵Whichever occurs first.

■ Standard □ Optional

Nissan’s environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF[®] we’re improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at [siriusxm.ca/terms](https://www.siriusxm.ca/terms). All fees and programming subject to change. ©2016 Sirius XM Canada Inc.
