# Introduction

About K-Charge

# Introduction

K-Charge is an exclusive feature by KIN, integrated into the MyKia app, that helps you effortlessly locate charging stations, navigate to them, access charging services, and make seamless payments — all in one place.

This app is designed for both Kia and non-Kia customers.

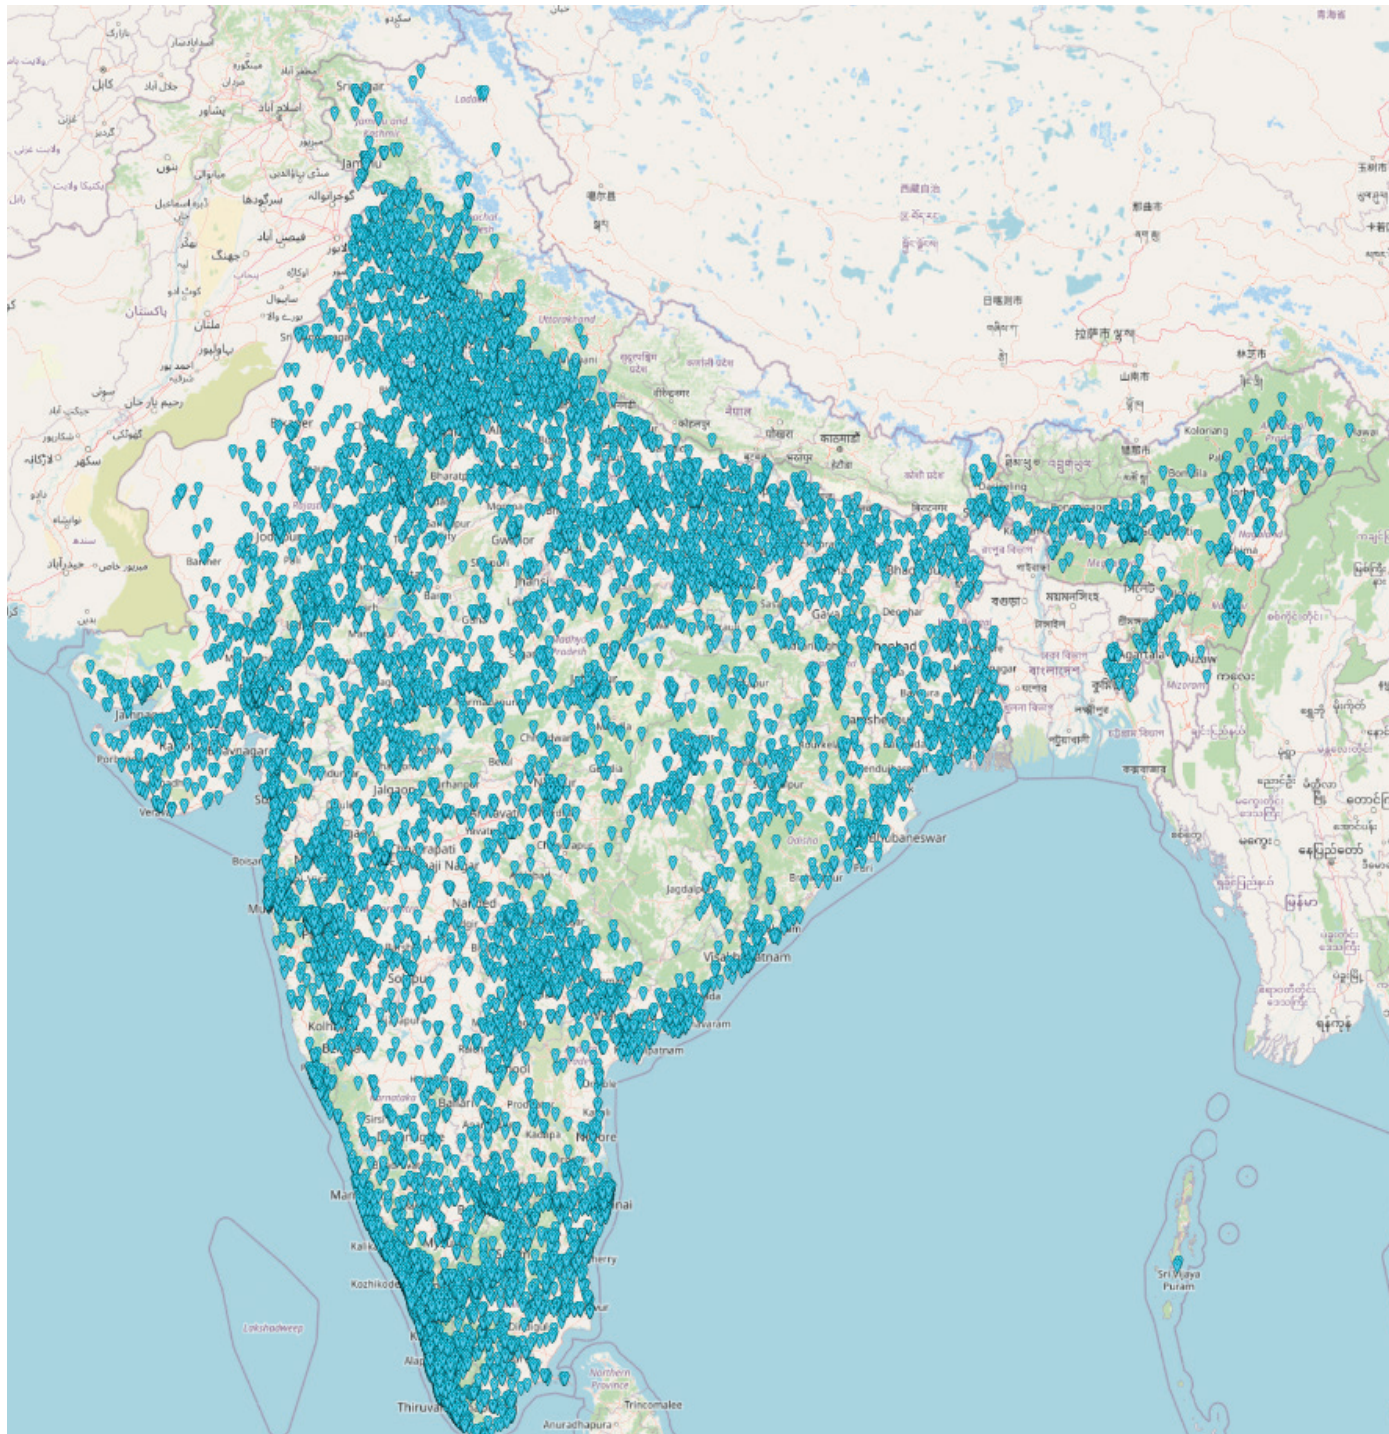

# Benefits of K-Charge for Customers

How will K-Charge impact the user journey?

- Boosts customer value by linking real-time charging station information with seamless payments and charge history management, all integrated within the MyKia application.
- Helps reduce range anxiety by letting users easily locate the nearest available EV chargers, complete with real-time availability updates.

# K-Charge Coverage

Kia offers has a PAN India coverage with K-Charge.

Our network now spans 18 Charge Point Operators, providing access to more than 11 000 charging points nationwide, with 7 000+ AC chargers and 4 000+ DC fast chargers, to keep you moving.

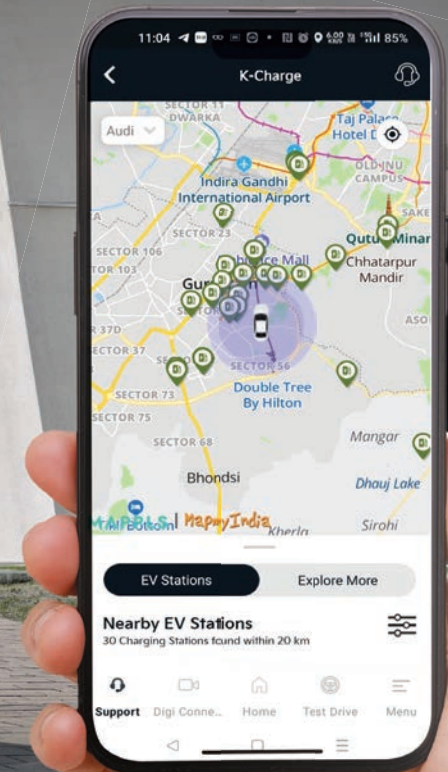

Let's explore the step-by-step process of using K-Charge within the MyKia app.

# K-Charge Usage

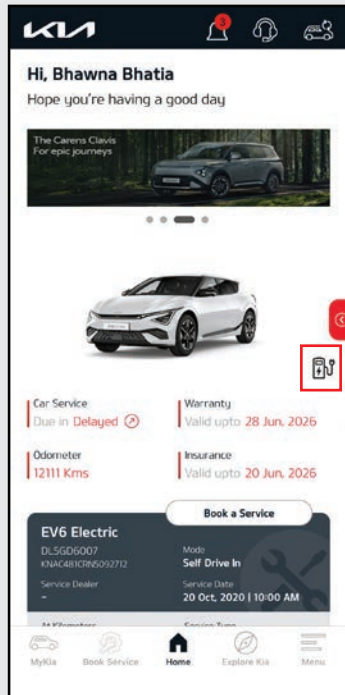

(For Kia EV Customers)

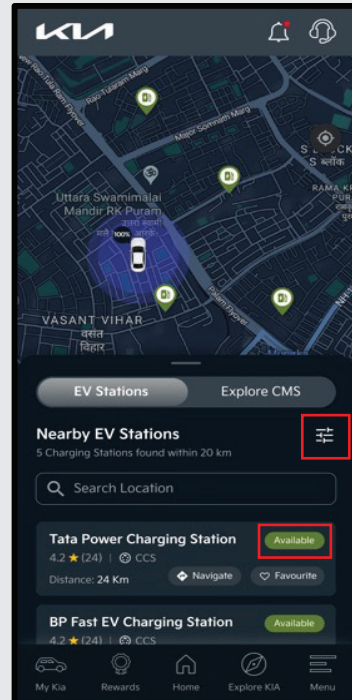

# K-Charge: My Kia

(For Kia EV Customers)

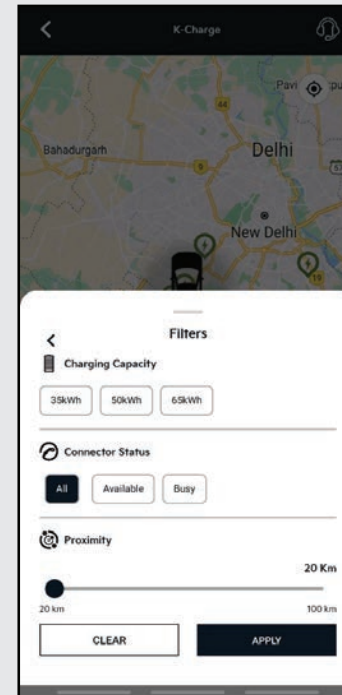

## My Kia Homepage

The K-Charge icon will appear for MyKia EV customers. With a single click, they'll be taken straight to the K-Charge landing page.

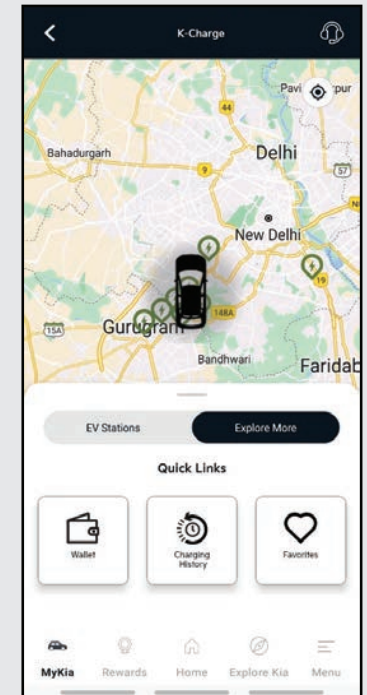

## EV Stations

Users can tap any station on the map to see its details instantly highlighted in the list below.

## Filters

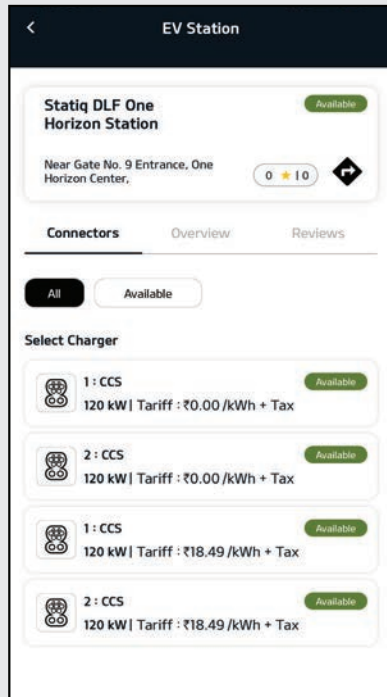

Users can tap the Filters icon to customize their search.

## Explore More

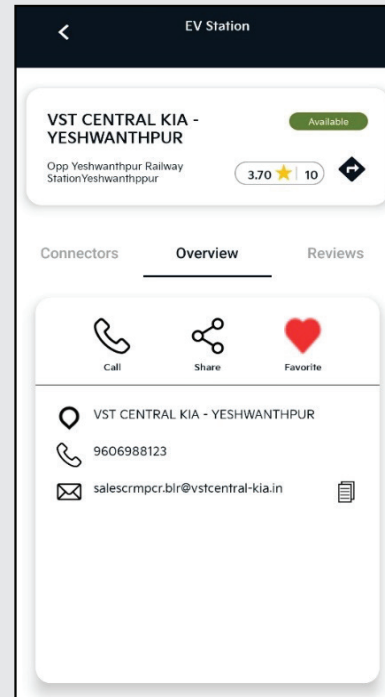

Under Explore More >> Quick Links, users can view their Wallet, Charging History, and Favorites.

# EV Stations

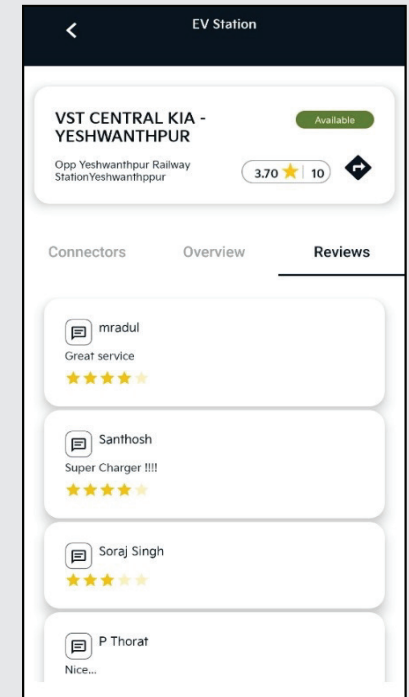

## CONNECTORS

Users can select the charger type and compatible connector (charger must be 'Available' to proceed) and then navigate directly to the station using the highlighted navigation icon.

## OVERVIEW

This screen displays station details such as full address, email, and contact. Users can mark or unmark it as a favorite, shortlist it, share the station details, and copy the email address to paste anywhere.

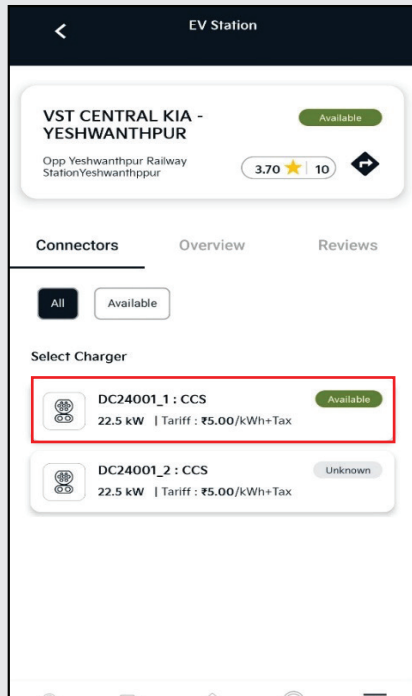

## REVIEWS

Users can select the charger type along with the compatible connector. (The charger must be marked 'Available' to proceed.)

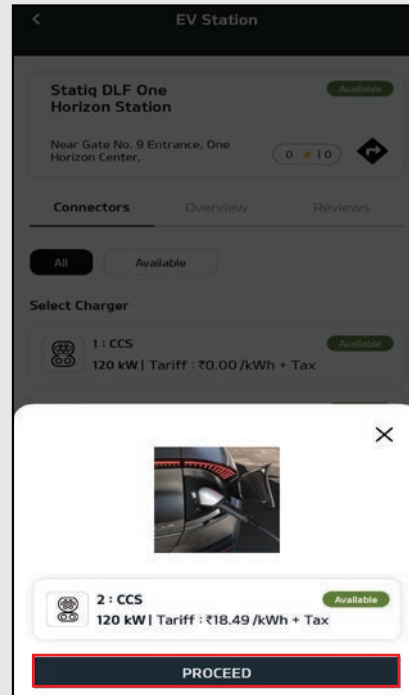

# Charging the EVs: Initialization

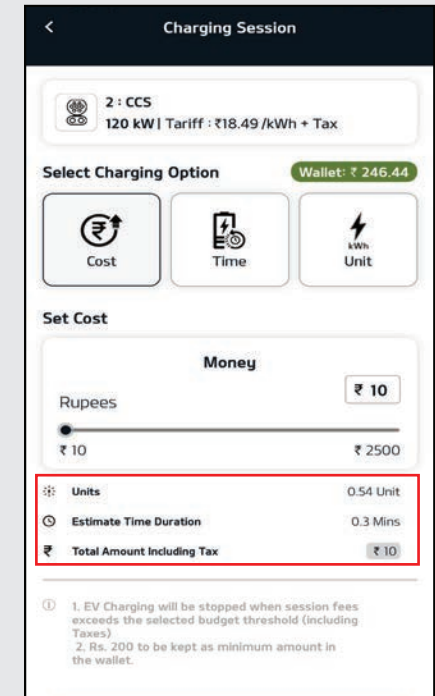

## EV Stations

Users need to select an 'Available' charger to view its details, such as connector type, kWh, and tariff.

## EV Stations

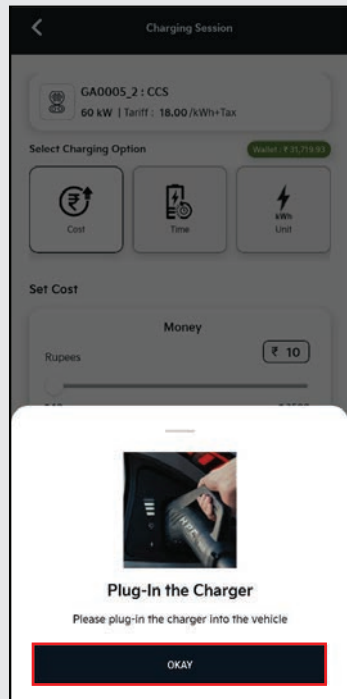

After clicking Proceed (as seen in the 2<sup>nd</sup> screenshot), the user is directed to the Charging Session screen.

## Charging Session

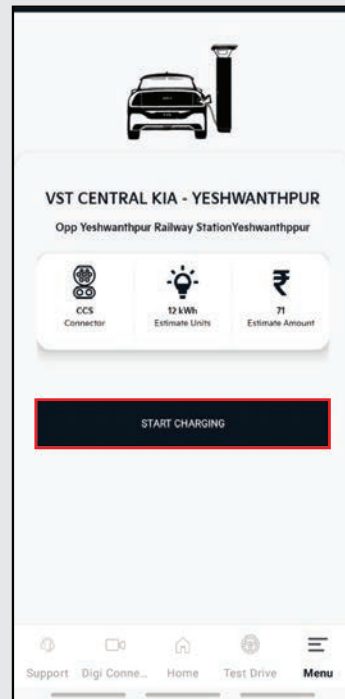

On the Charging Session screen, users can choose from multiple charging options — Cost, Time, or Units. They can adjust the slider to set their preferred budget, charging duration, or energy units.

# Start Charging – Kia EVs

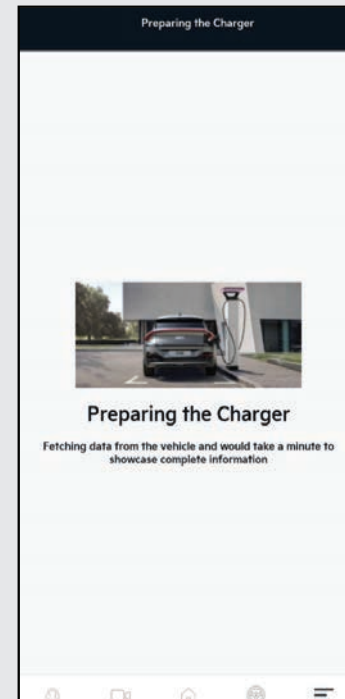

## Plug-in the Charger

As instructed on the first screen, the user must plug the charger into the car and then tap **Okay** to continue.

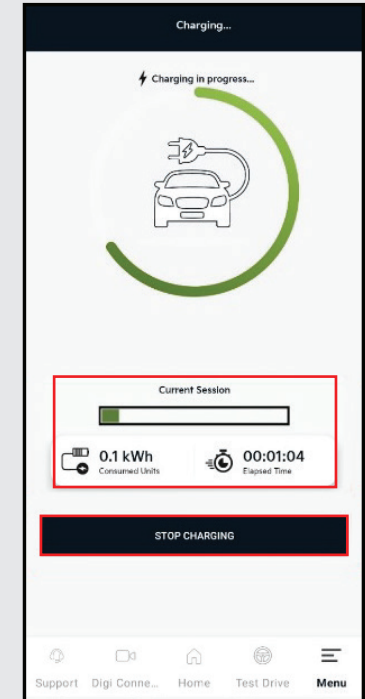

## Start Charging

Click the **Start** button.

## Preparing the Charger

Once you tap **Okay** and then **Start**, the charger enters preparing mode, taking about 1–1.5 minutes to retrieve all data.

## Charging in Progress

On the Charging (Active Session) screen, users can see real-time updates of the consumed units and elapsed time.

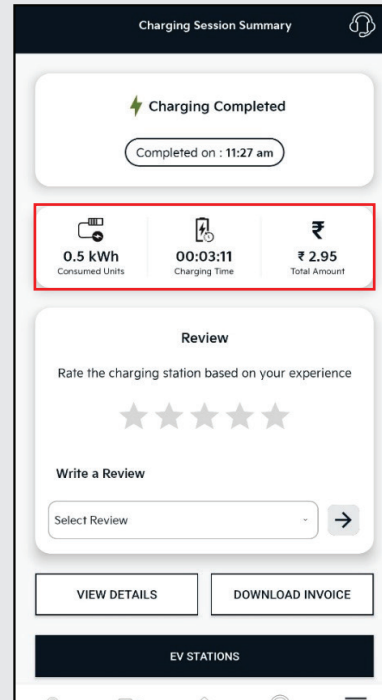

# Stop Charging

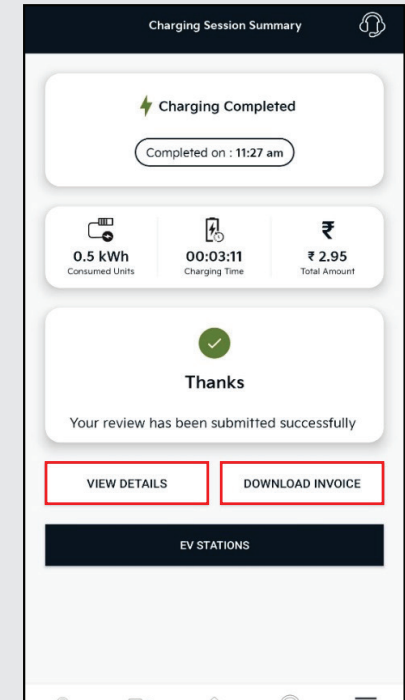

## Confirmation

Users can stop charging by clicking the **Yes** button.

## Session Summary

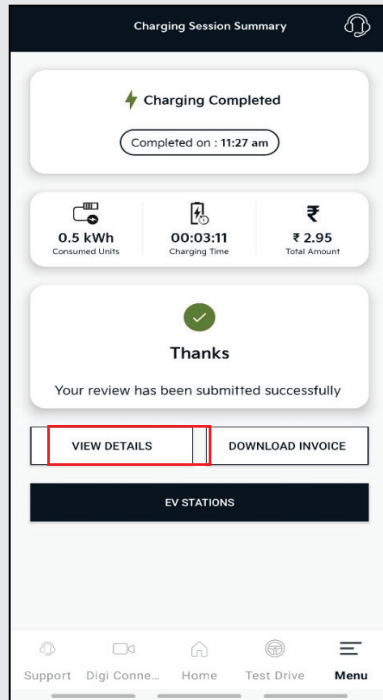

After charging ends, the user is taken to the Charging Session Summary screen showing units consumed, time taken, and total amount charged.

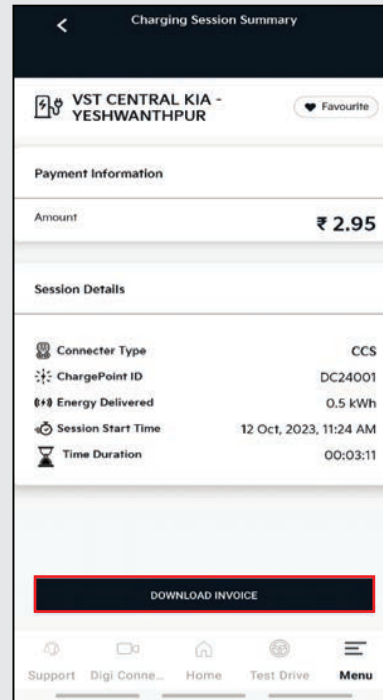

## Session Summary

Customers can submit their review, select relevant feedback from the dropdown, and download the invoice by clicking the respective button.

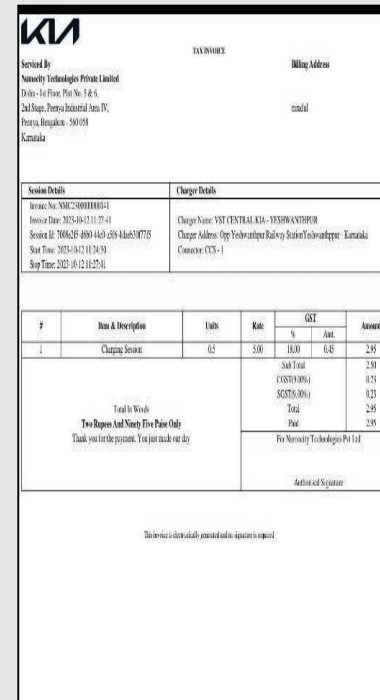

# Details and Download Invoice

# K-Charge Usage

(For Non-Kia EV Customers)

# User Registration

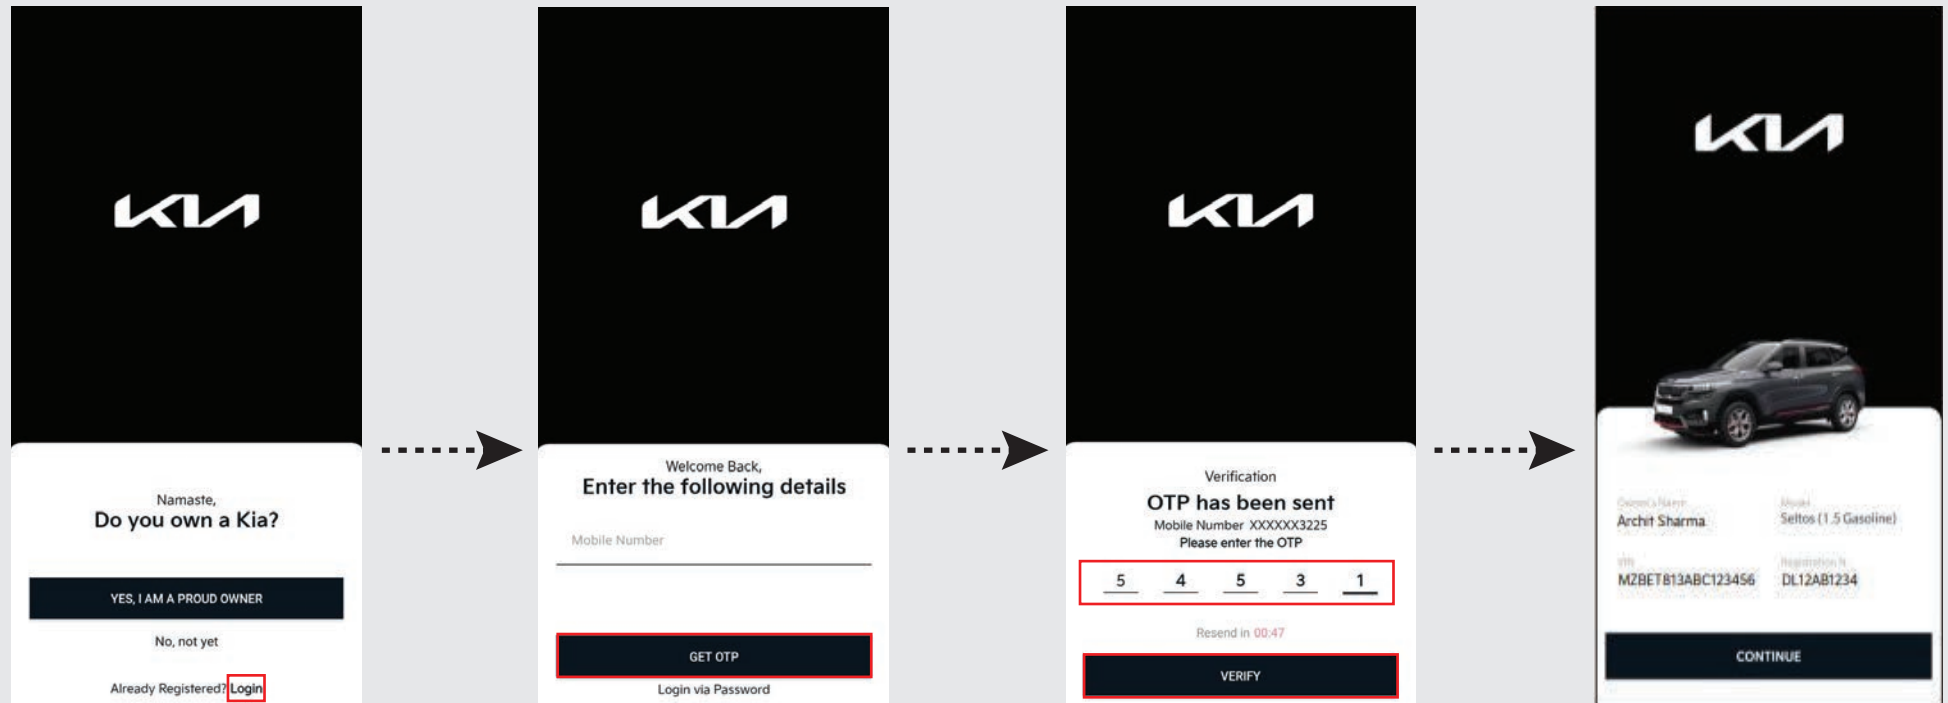

For First-time User Registration on MyKia:

The image displays five sequential screenshots of the MyKia app's user registration process. Each screen features the Kia logo at the top.

- Screen 1:** Asks "Do you own a Kia?". It has two buttons: "YES, I AM A PROUD OWNER" and "No, not yet" (highlighted with a red box). A link "Already Registered? Login" is at the bottom.
- Screen 2:** Says "Welcome to Kia!". Asks "What should we call you?". It has input fields for "Your Name" and "Email", followed by a "CONTINUE" button. Links for "Already Registered? Login" and "User Terms & Privacy Policy" are at the bottom.
- Screen 3:** Says "Welcome to Kia, riya". Asks "Enter your mobile number". It has a "Mobile Number" input field and a "CONTINUE" button. A link for "Already Registered? Login" is at the bottom.
- Screen 4:** Says "Verification". States "OTP has been sent" and "Mobile Number XXXXXX7103". It asks "Please enter the OTP" with a five-digit input field. A "Resend in 00:55" timer is shown. A "VERIFY" button is highlighted with a red box. A link for "Already Registered? Login" is at the bottom.
- Screen 5:** The app's home screen. It says "Hi, Mradul" and "Providing experiences beyond expectation, Since 1944". It features several service tiles: "Book a Kia car", "Check Price", "Get a Quote", "DigiConnect", "Test Drive", and "Special Consumer Offer". Each tile has a "Click to request" button. A bottom navigation bar includes icons for Support, Digi Connect, Home, Test Drive, and a Menu icon.

# User Registration

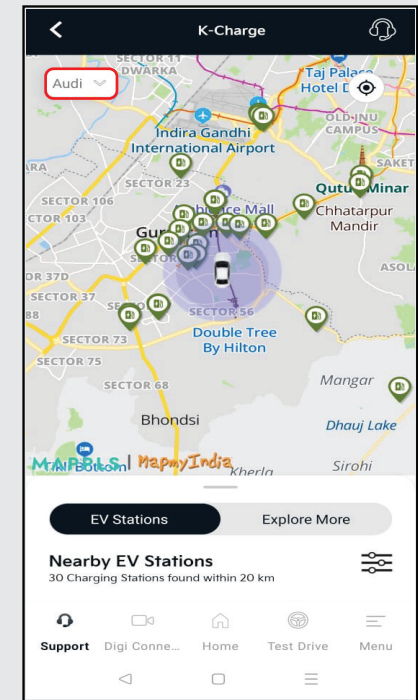

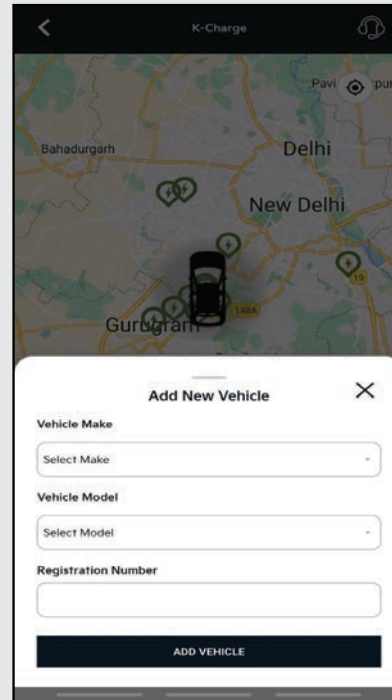

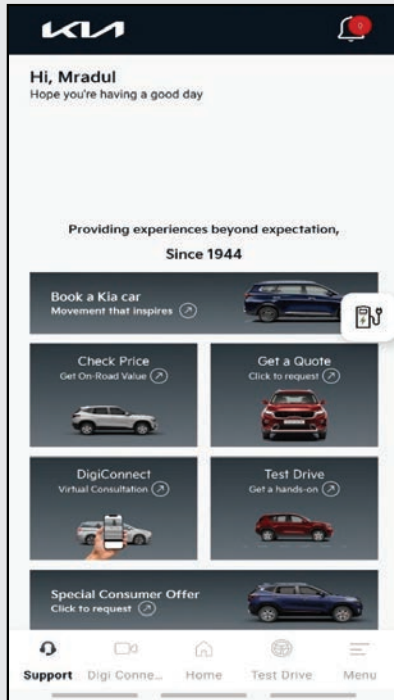

For Existing MyKia Users:

# Vehicle Addition

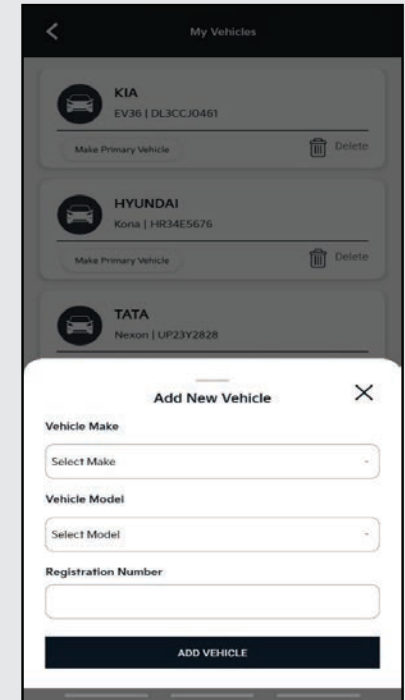

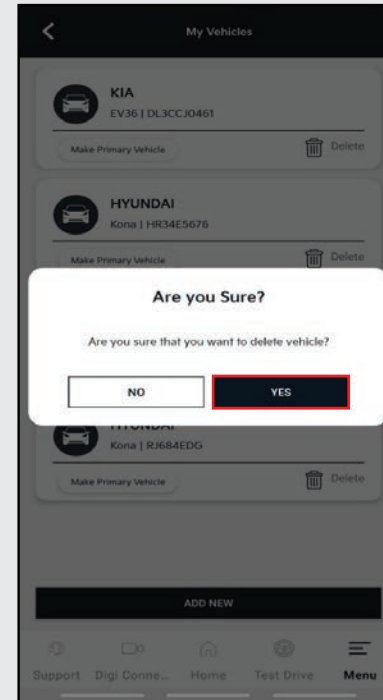

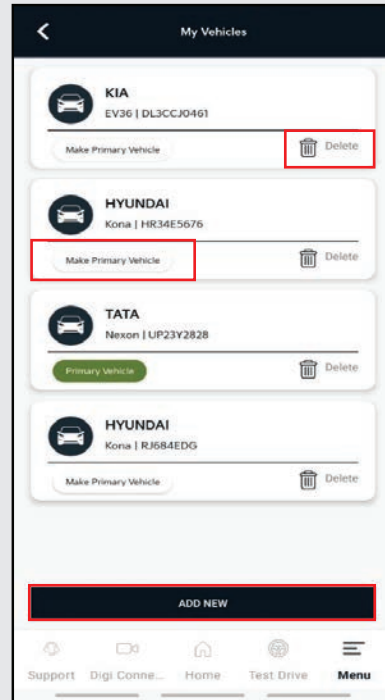

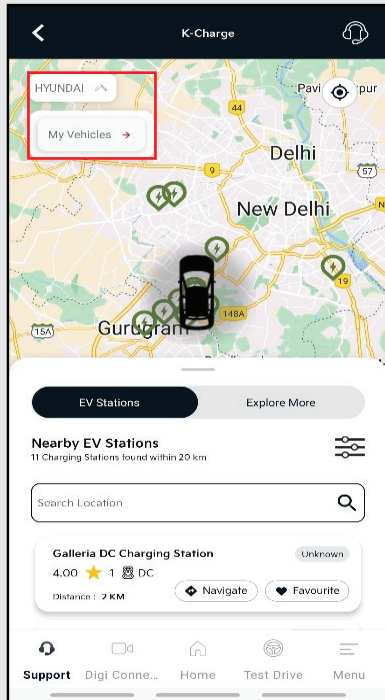

If prospects haven't added a vehicle in K-Charge:

- Clicking the K-Charge icon opens the Add New Vehicle screen.
- Enter the vehicle make, model, and registration number, then click Add Vehicle.
- The user will land on the K-Charge page with their vehicle added to the module.

# Vehicle Addition

If prospects have already added vehicles in K-charge:

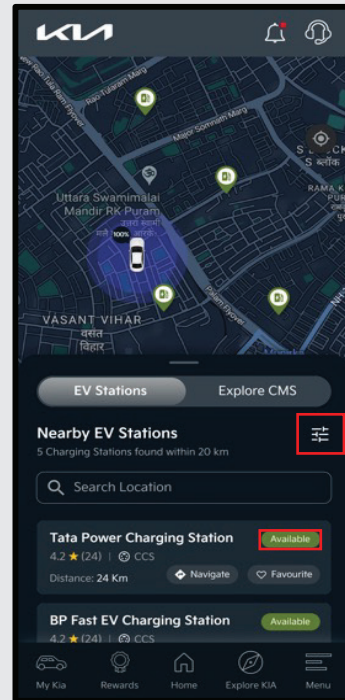

- The primary vehicle name will be displayed on the map screen, as highlighted.
- In the drop-down, selecting My Vehicle will take the user to the Vehicle List screen, showing all their added vehicles.
- The primary vehicle can be switched, and any vehicle can be deleted after confirmation, as shown in the screenshot above.
- A new vehicle can be added by clicking the highlighted button.

# K-Charge: My Kia

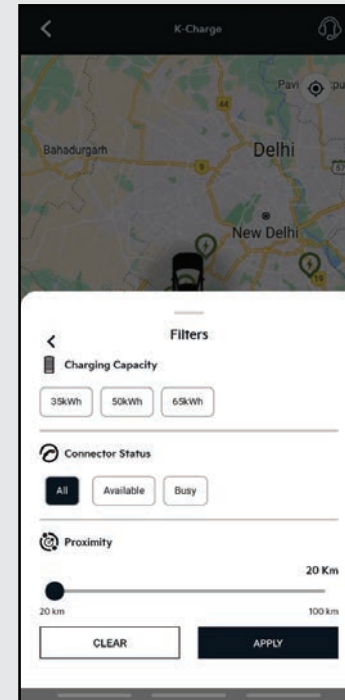

My Kia Homepage

This K-Charge icon will be visible to all MyKia customers; EV customers can click it to proceed to the K-Charge landing page.

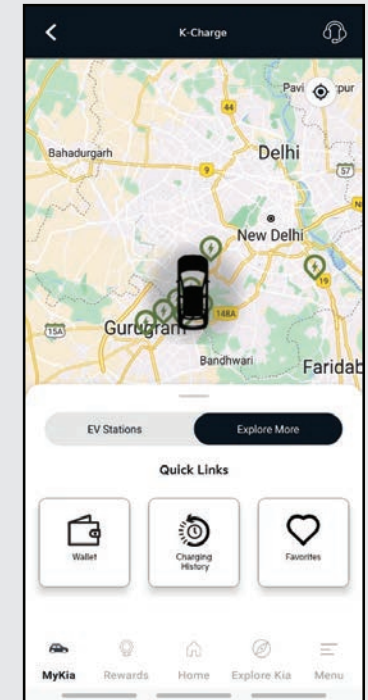

EV Stations

Users can click on any station on the map to see its details highlighted in the list below.

# K-Charge Route Planner

(For all EV Customers)

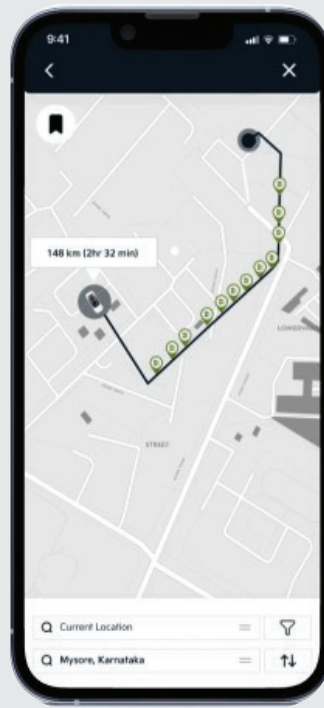

# Route Planning

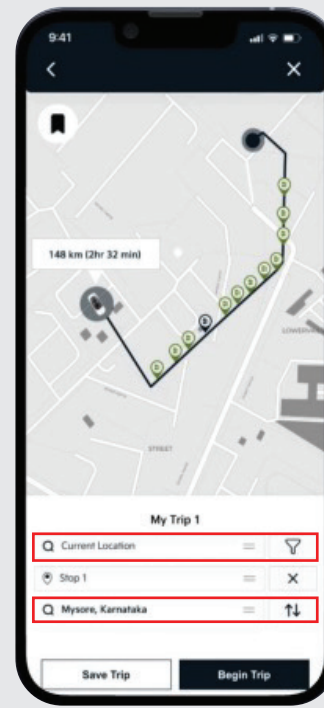

Route Planner Icon

Go to the K-Charge home screen and tap the Route Planner icon.

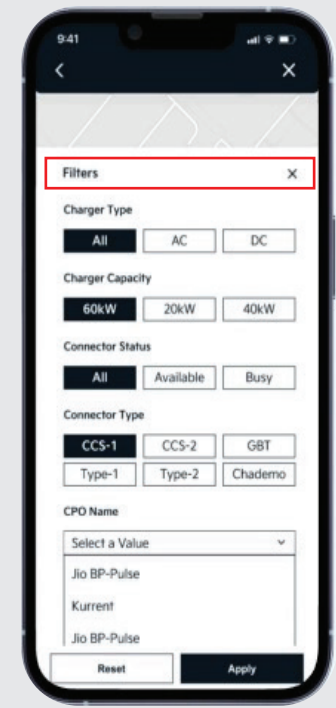

Home Screen

This will take you to the EV Route Planner homepage in the app.

Source & Destination Selection

Now select your source and destination in the menu: you'll then see a list of available chargers along your preferred route.

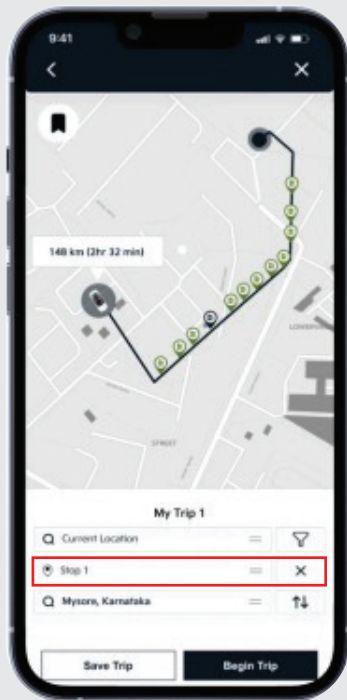

Filtering

Filter the chargers based on your preferences.

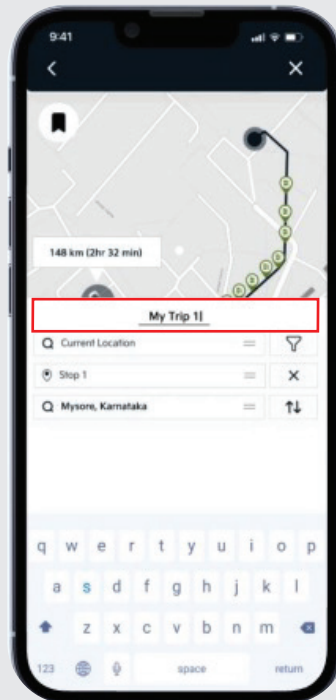

**Filter by :** Charger type • Connector status • Connector type • CPO

# Route Planning

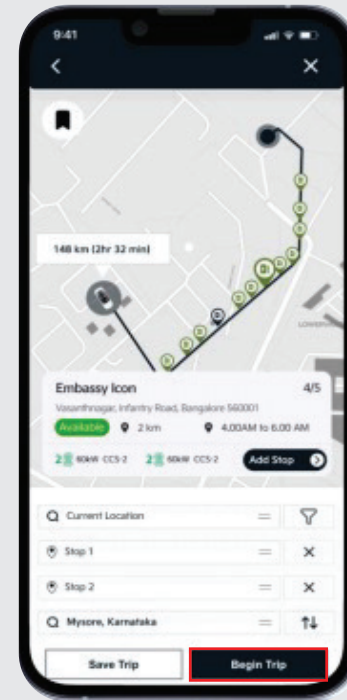

## Adding Stops

Add charging stops along your selected route as per your convenience.

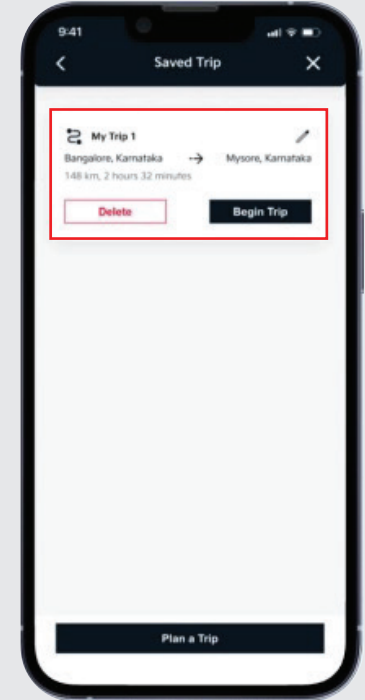

## Edit Trip Name

Edit the trip name according to your preference.

## Start Trip

Start your trip by clicking the Begin Trip icon. You'll now be on the most optimized route for your journey.

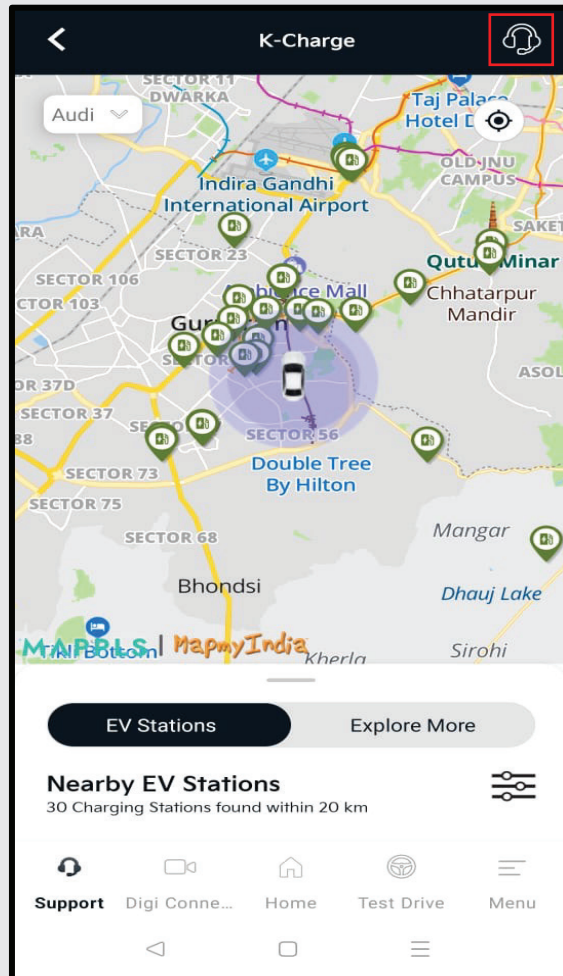

## Save Trip

Save the trip for your future reference.

# Customer Support Center

Need to "Click"

For charging related concerns, call: 18001085005 (IVR – 4)

# Charging Do's & Don'ts

The Kia Clavis EV supports DC fast charging, designed to keep you moving with minimal downtime.

## Do's & Don'ts

### Do's

- ✓ Always park your vehicle in the designated EV charging bay.
- ✓ Use K-Charge via the MyKia App for the best charging experience.
- ✓ Ensure the charging gun is securely connected to your vehicle.
- ✓ Return the charging gun to its holder after use.
- ✓ Press the charger's emergency stop button immediately in case of fire or smoke.
- ✓ Keep the EV charging area clean and uncluttered.
- ✓ Move your vehicle promptly once charging is complete to allow others to use the station.

### Don'ts

- ✗ Do not remove the cover from any charger component to avoid serious electrical hazards.
- ✗ Avoid touching any live wires with bare hands.
- ✗ Do not operate the charger with wet hands or if the connector is wet.
- ✗ Keep inflammable liquids and hazardous materials away from the charging area.
- ✗ Do not press the **Emergency Stop** button unless there's a real emergency.
- ✗ Do not allow children to operate the charger.
- ✗ Do not smoke near the charging station.

"K-Charge is a platform of Kia India Pvt. Ltd. ("Kia") which assists / facilitates users to locate, access, and pay for EV charging services ("Services") offered by third-party Charging Point Operators (CPOs). Users hereby agree and acknowledge that all charging services are delivered by third-party CPOs. Kia only facilitates the above Services and shall not be liable for service interruptions, equipment failures or inaccuracies in availability/status provided by the CPOs or for any other service provided by CPO's relating to the EV Charging including but not limited to any permanent or temporary functioning / damage to the Vehicle. Kia disclaims any liability for physical damage, safety incidents or performance issues at third-party charging stations. Users are responsible for ensuring proper connection and safe charging practices as per guidelines provided by CPO's."
