CONGA

Presentation of the products

Conga like never before.

Technology

The ultimate robot vacuum cleaner is back

Year after year, technology advances and Conga advances with it. Featuring an ever-learning AI, market-leading suction power, a scrubbing system that removes dried-on stains, and an autoclean base. The definitive cleaning experience.

600 RPM

3DIANA

12 KPA*

12 WEEKS**

* According to test results based on IEC 62885-4:2020 clause 5.8.

** The time lapse between autocleans will depend on the environmental conditions and usage habits.

12.000-PA ULTRAPOWER

Wipes out all dirt effortlessly

Upgrade to 12,000 Pa of suction power that revolutionised the world's cleaning industry. No matter the floor or surface - Conga is able to catch the tiniest micro dirt even on thick carpets, all in one go*!

12000 Pa
SUCTION POWER

Cyclonic

Pascals (Pa): "negative" pressure or force exerted by the vacuum cleaner through the combined efficiency of its motor and brush to suck up all the dirt. Suction level varies according to the number of pascals, i.e., the higher the pascals, the more dirt it will trap.

Conga 9090	12000 Pa

ARTIFICIAL INTELLIGENCE

Cleans like you would

Via its Artificial Intelligence*, Conga is able to make real-time decisions to deliver optimal, thorough cleaning every time. Moreover, it is constantly learning to improve its recognition system and always know what to do.

Small and large objects

Conga's has now an improved recognition system. It recognises a multitude of objects such as shoes, cables, wallets, socks, stools, scales, and more, to spare you this kind of worries.

Reestablish order

If it detects five or more objects on a room's floor, Conga registers it as clutter and sends a warning to your device to let you know which room it can't clean. In the meantime, it keeps on cleaning the house and goes back to said room once the clutter is removed.

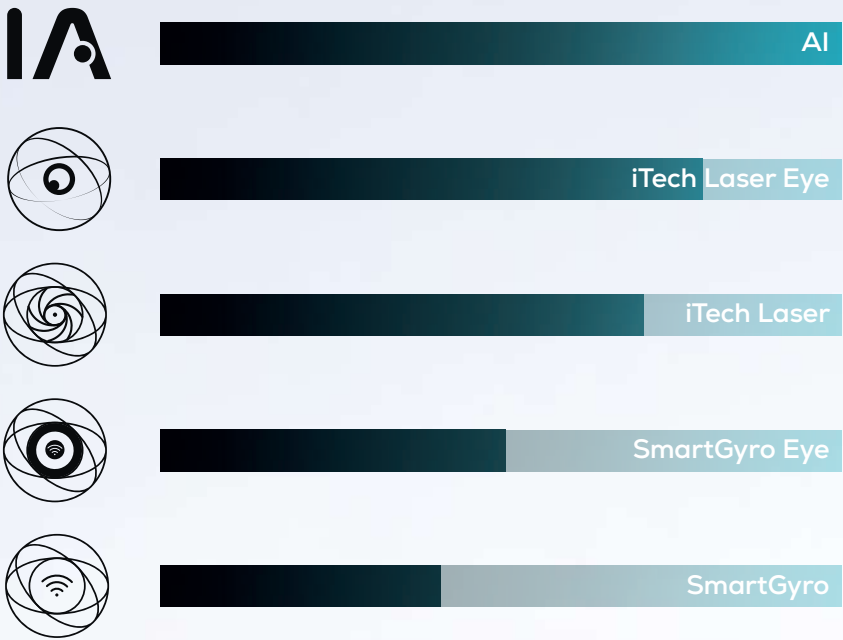

Your most loyal cleaning ally

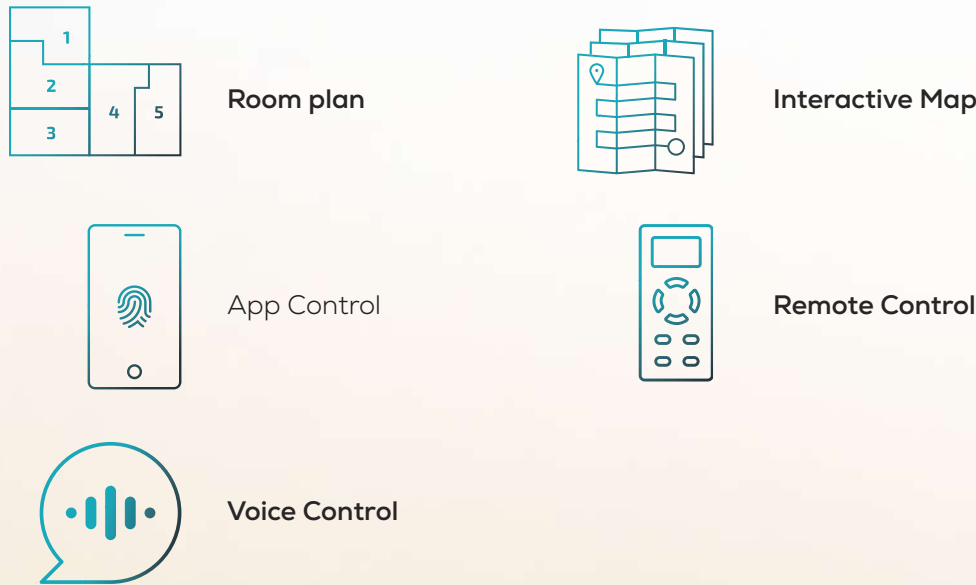

Conga's Artificial Intelligence is so smart that it identifies your pet and avoids it by creating a limited area so as not to disturb it. He is also able to recognise his poo and dodge it so as not to avoid a disaster.

*Disponible en los modelos Conga 9090 AI, 9090 AI T, Conga 7090 AI y 7090 AI X.

Navigation technology

Cleaning control

NAVIGATION

Smartly efficient

Enjoy tailor-made cleaning in the most comfortable way. Conga features smart navigation to move effectively by itself or on your command to leave your home's floor looking as good as new.

ARTIFICIAL INTELLIGENCE*

It scans, thinks, and acts

Conga is designed to never stop learning and offers custom cleaning. It is capable of mapping your home thanks to its laser technology for customised cleaning, it detects and recognises objects with its 3D camera so that nothing stops the cleaning and it reaches your home's every corner in an orderly way thanks to its optical sensors.

*Only available with 7090 AI, 7090 AI X, 9090 AI and 9090 AI T models.

ITECH LASER EYE*

Millimetre-accurate navigation

Enjoy tailor-made cleaning thanks to laser technology that scans and maps your home to remove dirt quickly and precisely. Choose the area, select the cleaning mode, and geolocate your robot to send it to the area of your choice.

*Only available with laser-technology models.

ROOM PLAN*

Tailor-made cleaning

Conga is able to adapt its operation to provide custom cleaning by cleaning restricted areas and floor types. Design your cleaning plans and enjoy custom cleaning while making the most of your free time.

*Solo disponible en los modelos con tecnología laser.

AUTOCLEAN BASE*

Todo controlado, con autovaciado.

Forget about cleaning and don't waste time emptying your robot's tank for solids – it does it all by itself! In addition, its base allows you to store your Conga accessories and serves as a charging base, providing only advantages.

Dust gone for up to 12 weeks**

Enjoy total cleanliness without doing anything. Conga cleans your home and empties itself so you don't have to worry about cleaning.

Hygienic bags

This system offers great convenience due to its design and large capacity. It also ensures that dust will not see the light of day, even when it is time to change them.

Filter always clean

Your robot vacuum cleaner will deliver top performance day after day thanks to the autoclean system, which keeps the filter clean to ensure effectiveness from day one.

*Sold separately, except for 2290 Ultra Home, 2290 Ultra Home X and 2290 Ultra Home T models.

** The time lapse between autocleans will depend on the environmental conditions and usage habits.

SCRUBBING

¿Qué es una fregona?

Forget about it - Conga does it for you. In addition to its incredible sweeping and vacuuming, it also offers the best scrubbing for total cleanliness while you enjoy your time.

“Scrubbing” motion*: cleans like you would

From liquids to sauces, no matter what the stain, Conga will leave your floor looking like new thanks to its back-and-forth motion, identical to that of a person scrubbing, which allows it to perform intensive scrubbing so you can just enjoy seeing your floor clean.

“Twerking” motion*: removes dried stains

Thanks to the brushless motor located in its Twerking Tank, the Conga features an ultrasonic scrubbing at 600 rpm that mimics a manual scrubbing with descaling spray. And with its three levels of water flow (High, Medium and Low) it ensures that your floor shines like the first day.

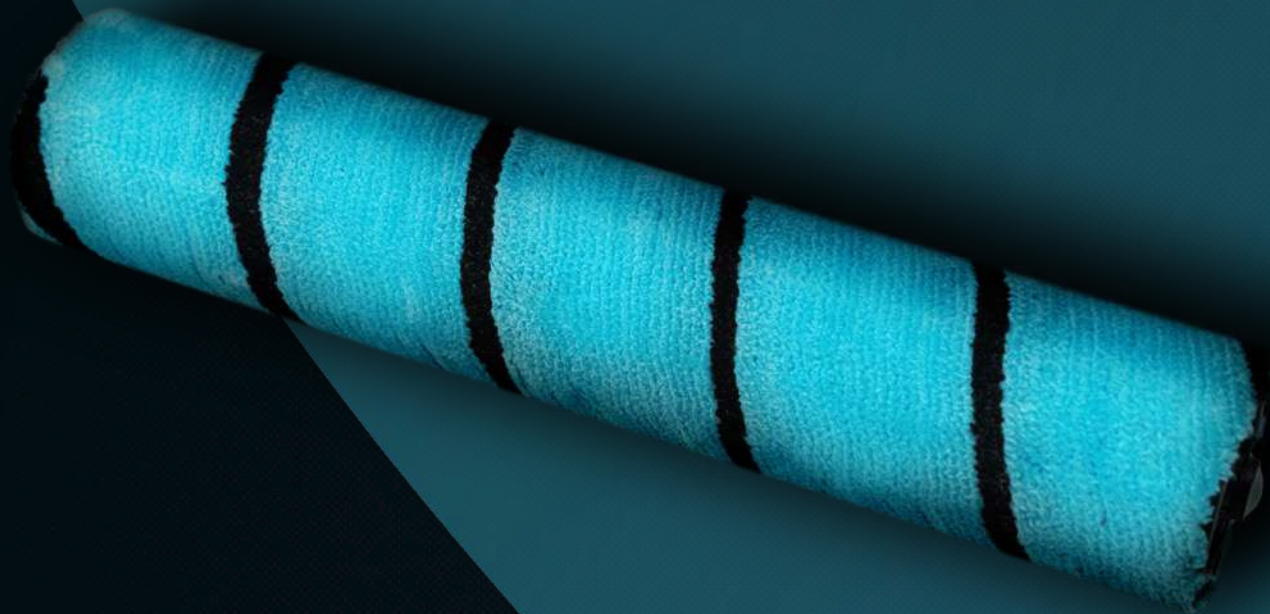

*Available with 8090 Ultra and 9090 AI models.

**Not available with models with Random navigation system.

BRUSHES

Specialised cleaning

Enjoy perfect cleaning thanks to its multiple brushes. Choose the one that best suits the needs of your home and forget about dirt.

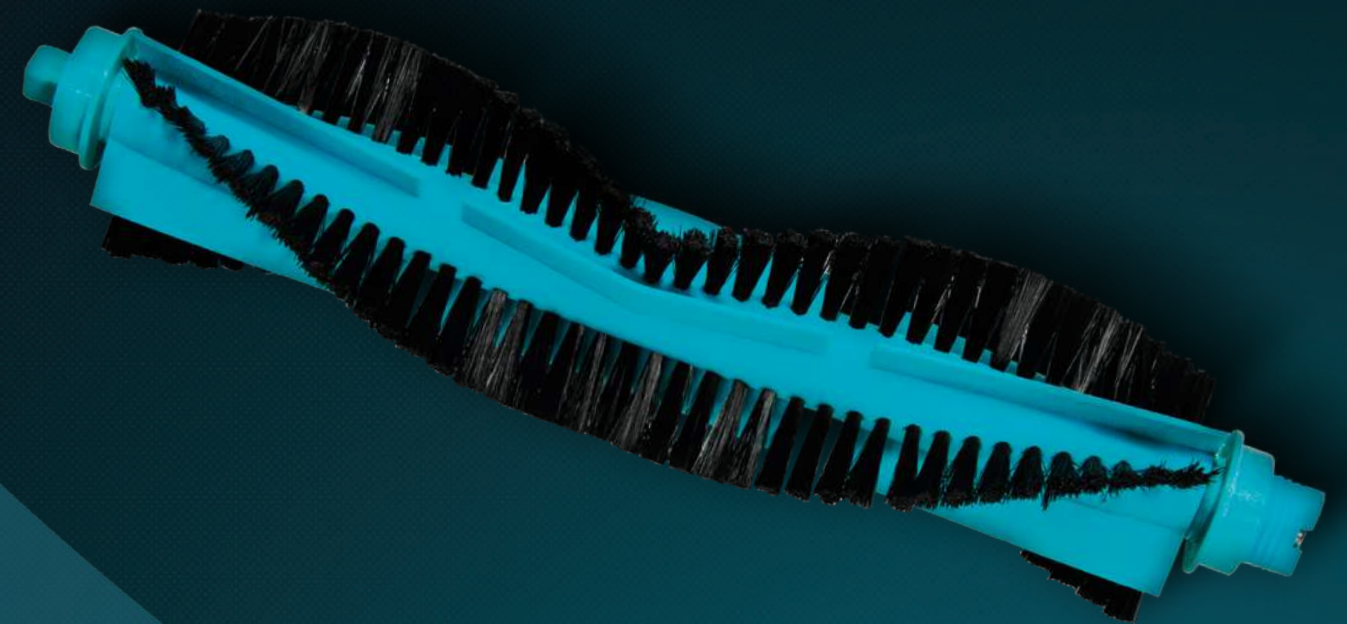

Jalisco: vacuums up three times as much in one pass*

The Jalisco brush is designed with millions of microfibres that gently capture tiny particles such as sand, dust mites or flour.

*Laboratory tests carried out with dolomite sand following IEC 60312-1:2010 standard.

Multipurpose

Effectively removes dirt and grime thanks to its design with bristles and silicone rubber to remove all types of dirt and grime, even from carpets.

Best Friend Care: tangle-free cleaning

The BestFriend Care silicone brush is ideal for picking up pet hair and long hair. Forget about tangles and vacuum hairs in tricky places like carpets.

Connect to smart cleaning.

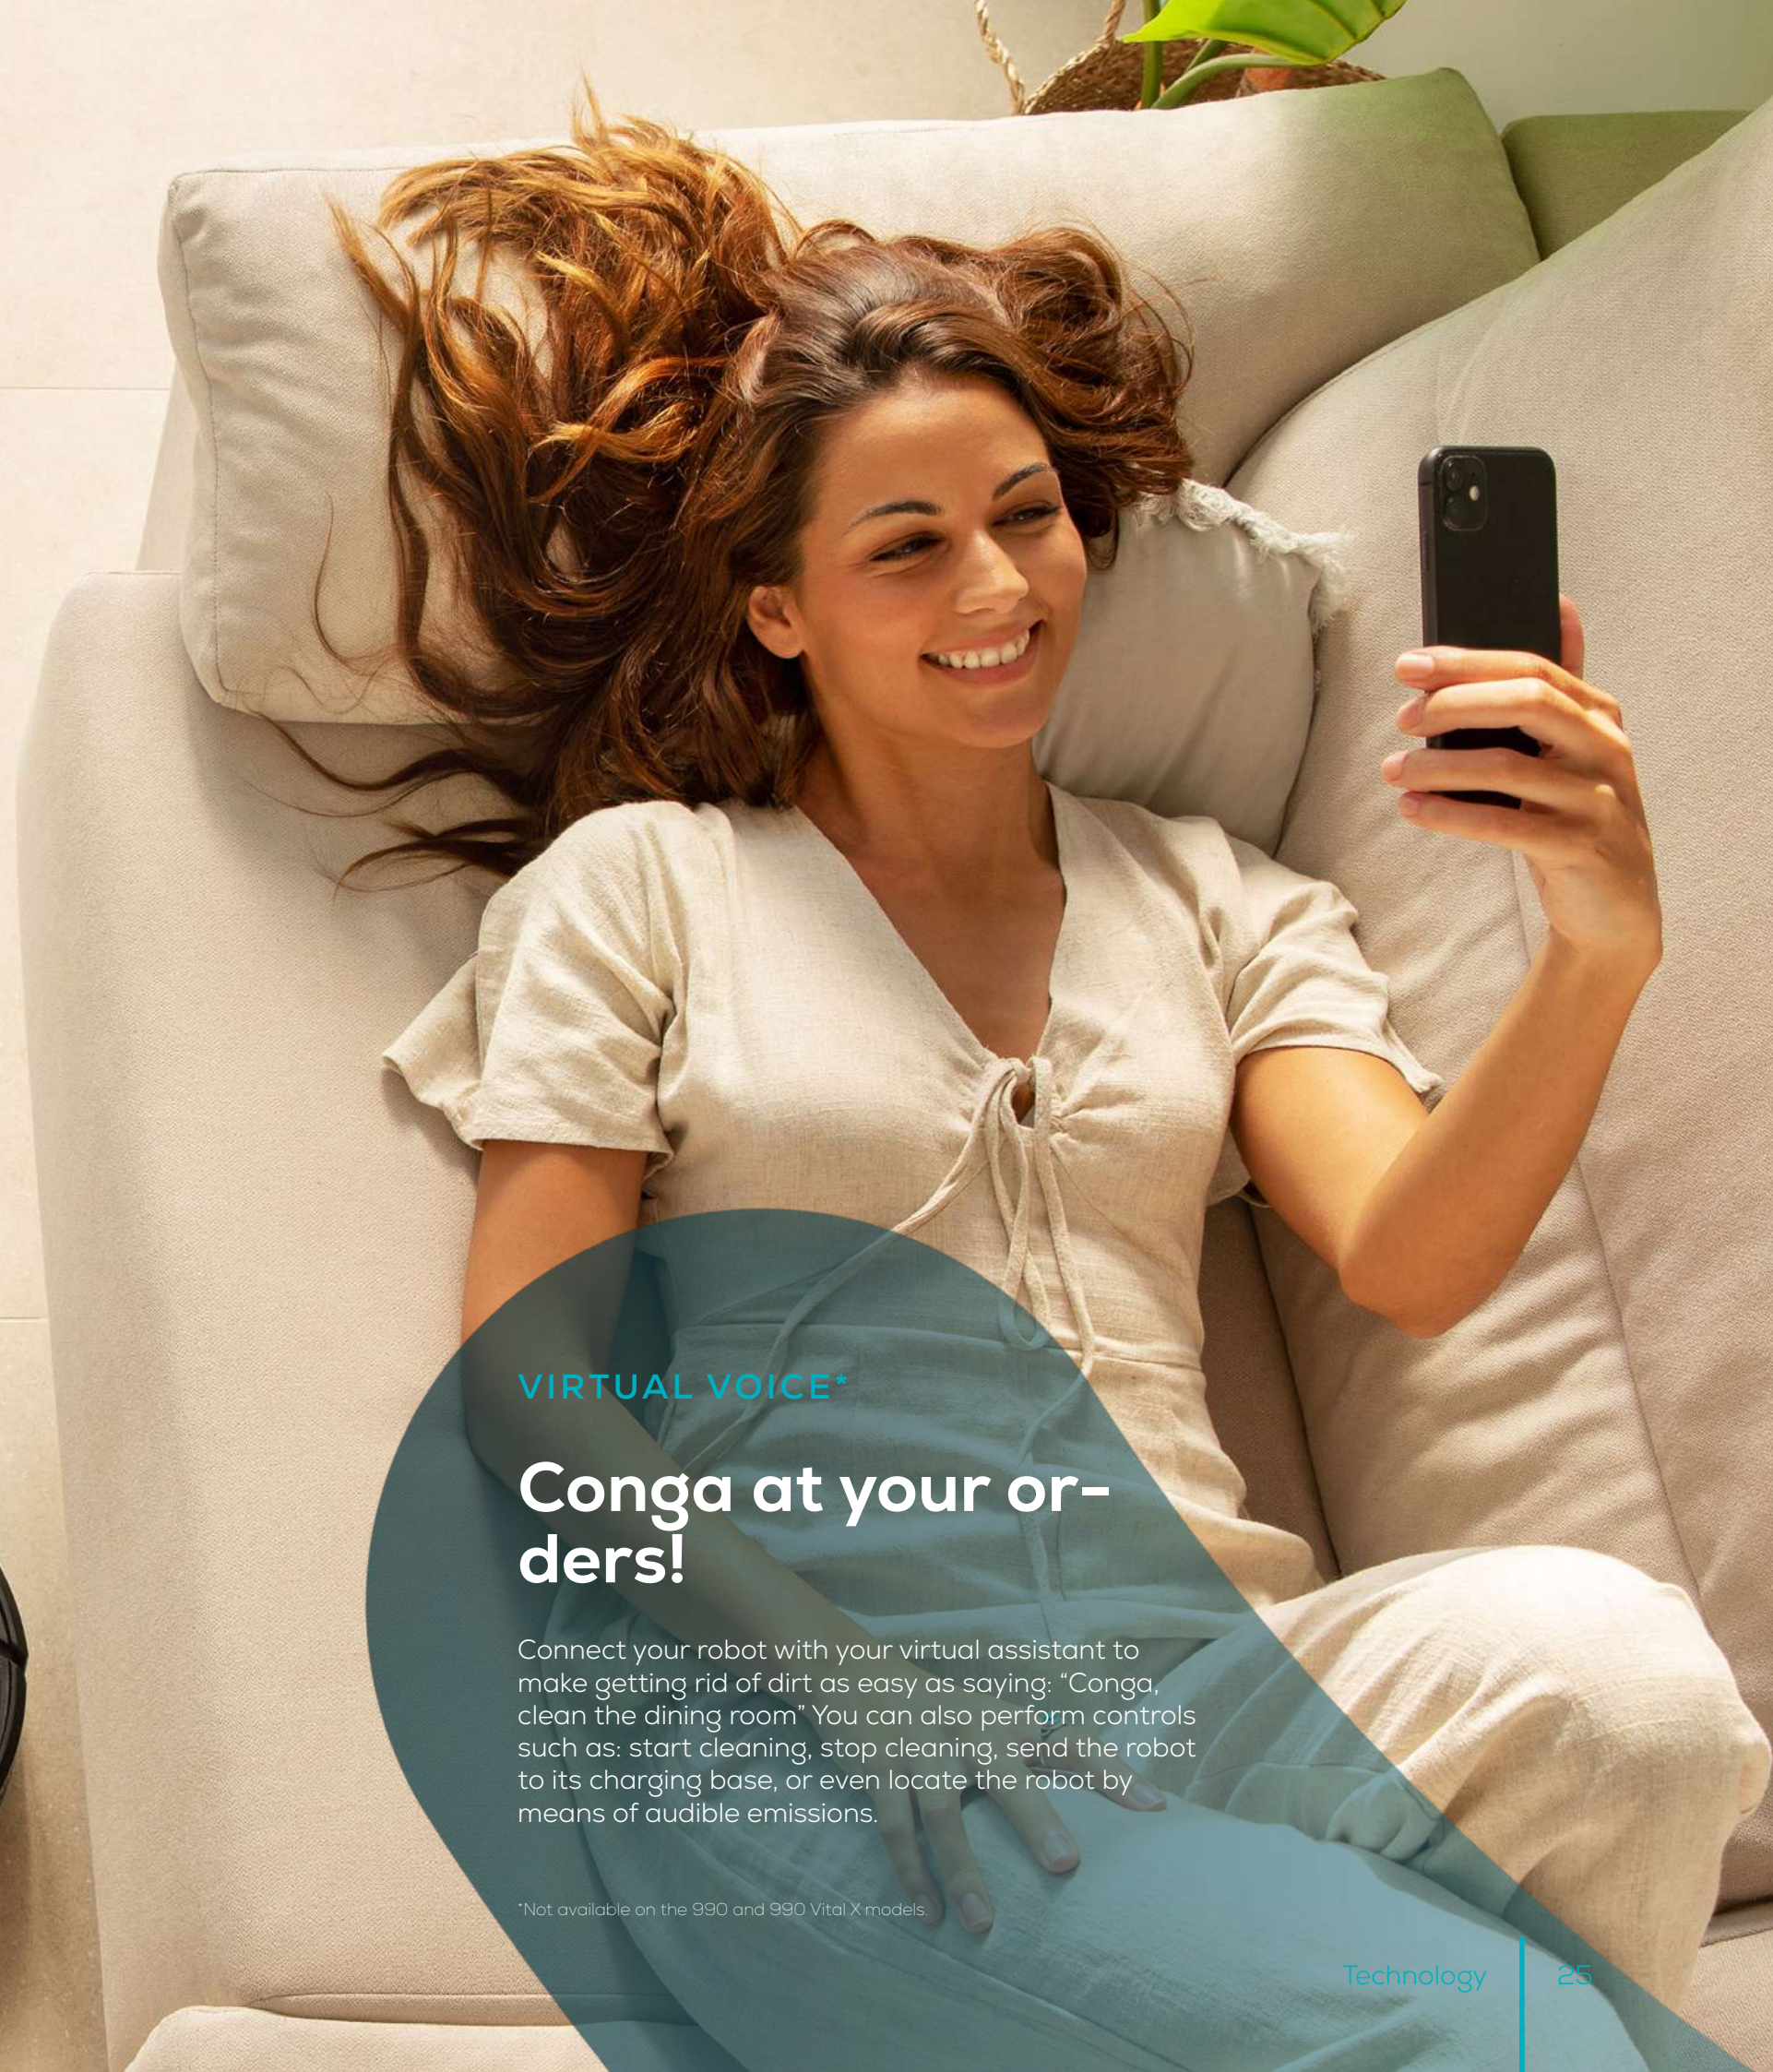

APP*

Cleaning is in your hands

Having your house clean without you having to do anything is good, but having total control over the cleaning is even better. Take your mobile phone and tell Conga where and how to clean. It will warn you of obstacles, inform you about maintenance and give you cleaning details.

*Not available on the 990 and 990 Vital X models.

VIRTUAL VOICE*

Conga at your orders!

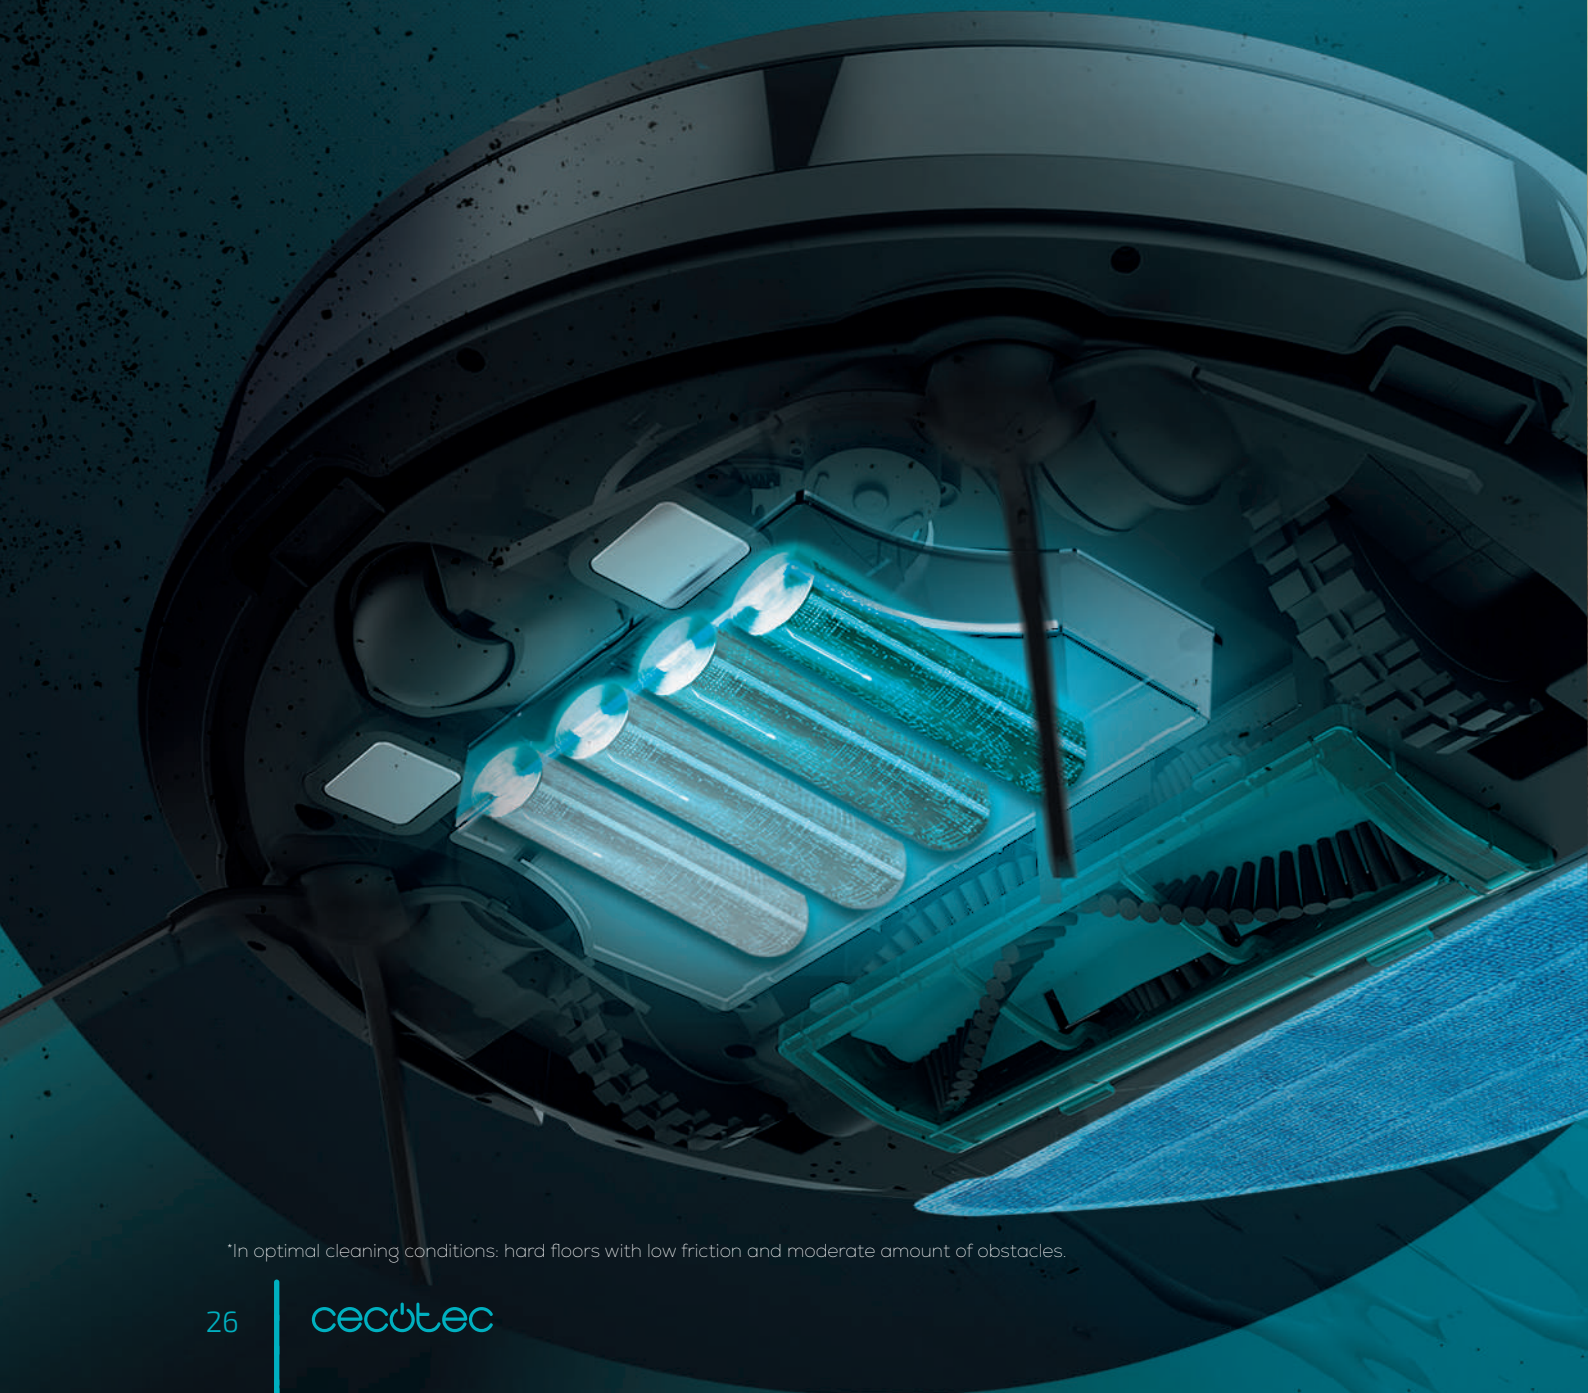

Connect your robot with your virtual assistant to make getting rid of dirt as easy as saying: "Conga, clean the dining room" You can also perform controls such as: start cleaning, stop cleaning, send the robot to its charging base, or even locate the robot by means of audible emissions.

*Not available on the 990 and 990 Vital X models.

RUN TIME

Long-lasting battery

The Conga battery is designed to clean your entire home without stopping. With up to 240 minutes* of run time, it will clean every nook and cranny of your home - dirt will have nowhere to hide.

*In optimal cleaning conditions: hard floors with low friction and moderate amount of obstacles.

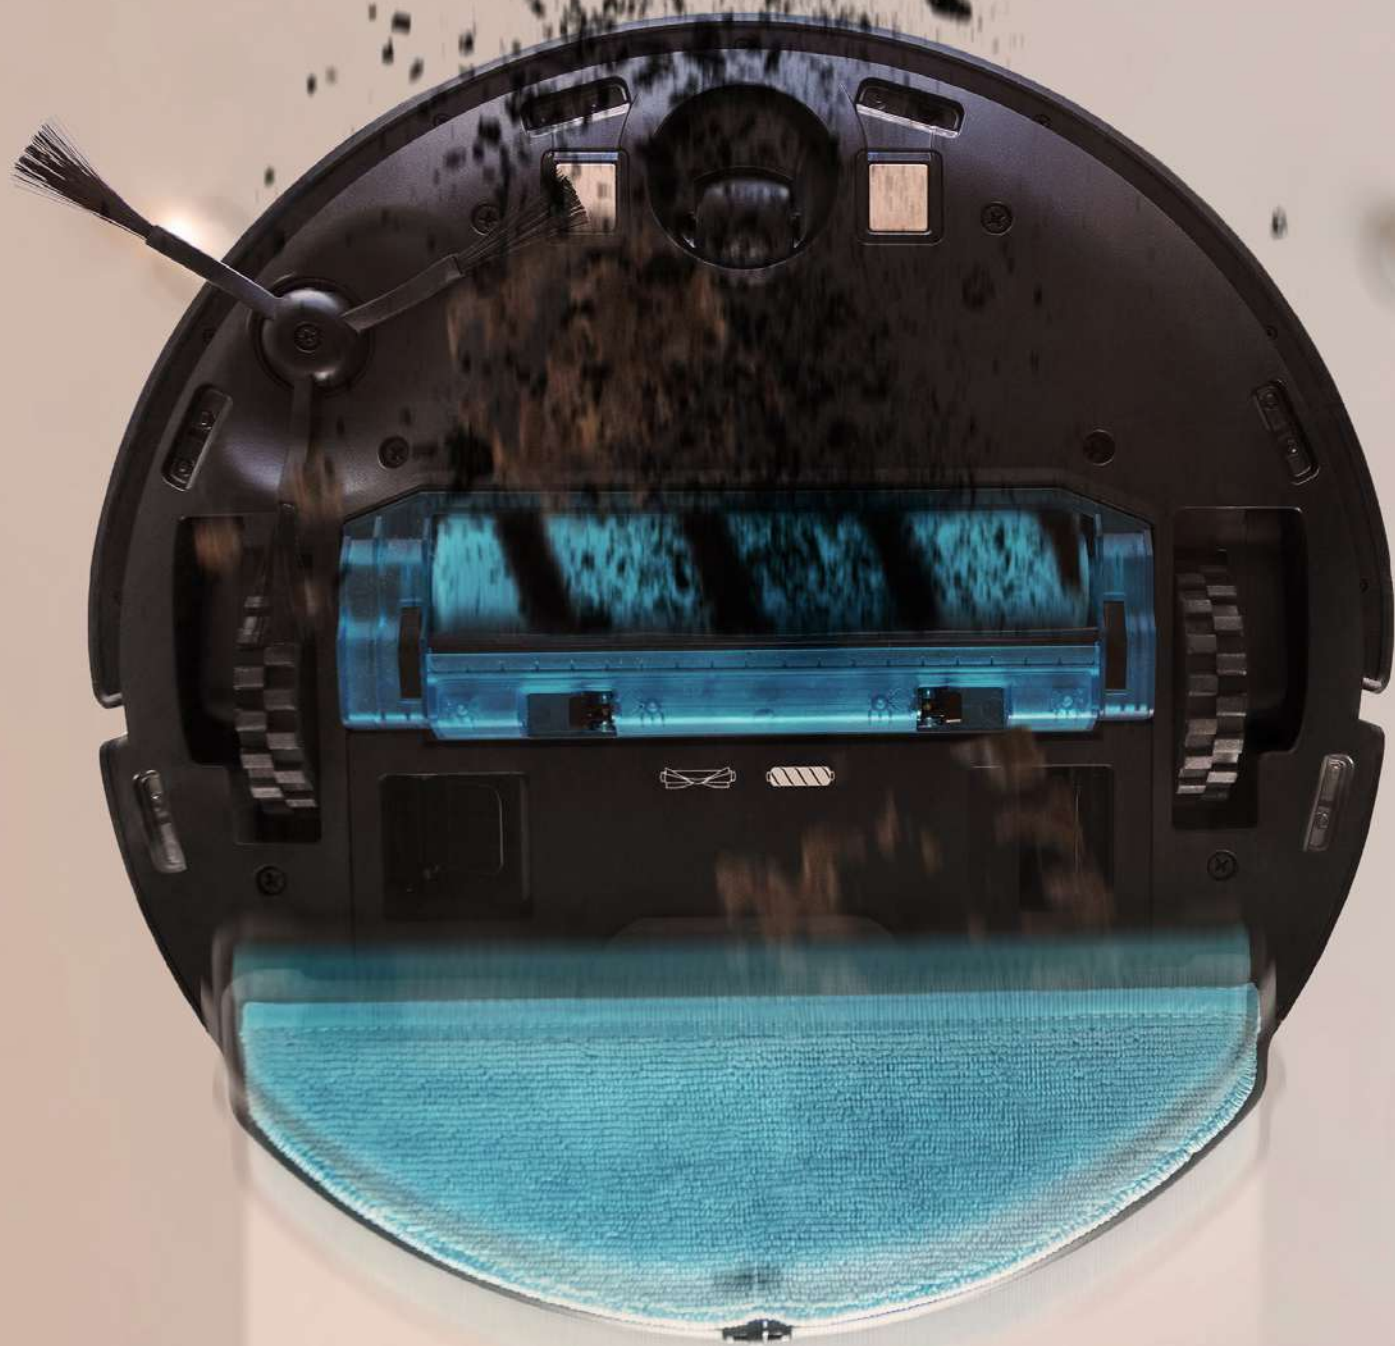

TOTAL SURFACE 3.0

Nothing will get in the way of spotlessness

If your robot detects that it is low on battery to finish cleaning your home, it returns to its charging base by the fastest route to charge and resume cleaning where it left off.

*Available in 8090 Ultra and 9090 models.

4 IN 1

Capable of anything!

Conga is much more than a robot vacuum cleaner - Conga is the ultimate robot: it vacuums, sweeps, mops, and scrubs. Enjoy the most complete cleaning while you gain time every day and forget about it.

PROGRAMMES

A mode for every circumstance

Every day is totally different and Conga has up to 12 programmes* to tackle every type of dirt and every type of household, in the most effective way. Choose the programme that best suits your needs and enjoy smart, tailor-made cleaning.

*The number of programmes varies according to the model.

Random

Conga cleans, you enjoy

Conga 999 Vital

Conga 999 Vital robot vacuum cleaner with Random technology. Multifunctional brush. Mixed tank. 160-minute autonomy. Suction power of 1400 Pa. 3 power and scrubbing levels. 6 programmes. Remote control. Programmable.

FEATURES:

- Professional 4-in-1 robot vacuum cleaner: sweeps, vacuums, mops and scrubs the floor.
- iTech 3.0 navigation (Space) technology with proximity, bumper and free-fall sensors.
- Wash4You system: Mops and scrubs smartly thanks to its electronic valve that doses and distributes water homogeneously.
- iWater system with 3 scrubbing modes: High, Medium and Low for all types of surfaces.
- Force Clean System: Powerful turbine that maximises its great suction power of up to 1400 Pa.
- 6 cleaning modes: auto, edges, room, spiral, manual and back home.
- Brush Pro technology that consists of a rotary main brush made of 2 materials that cleans thoroughly all the dirt and dust inside mats and carpets.
- Twin Floor mop to carry out professional cleaning over all types of surfaces.
- Automatically returns to the charging base when it has finished cleaning thanks to its Always Home system.
- All-TimeTable: programme cleaning tasks 24 hours, 7 days a week.
- Smart Control with remote control and LCD display to control your robot in the easiest and most intuitive way.
- Immortal Battery System: 14.4 V, 2600 mAh Lithium-Ion battery with a battery life of up to 160 min.
- Purifies air with the high-efficiency filter, capable of retaining a large quantity of allergens.

COMPOSITION:

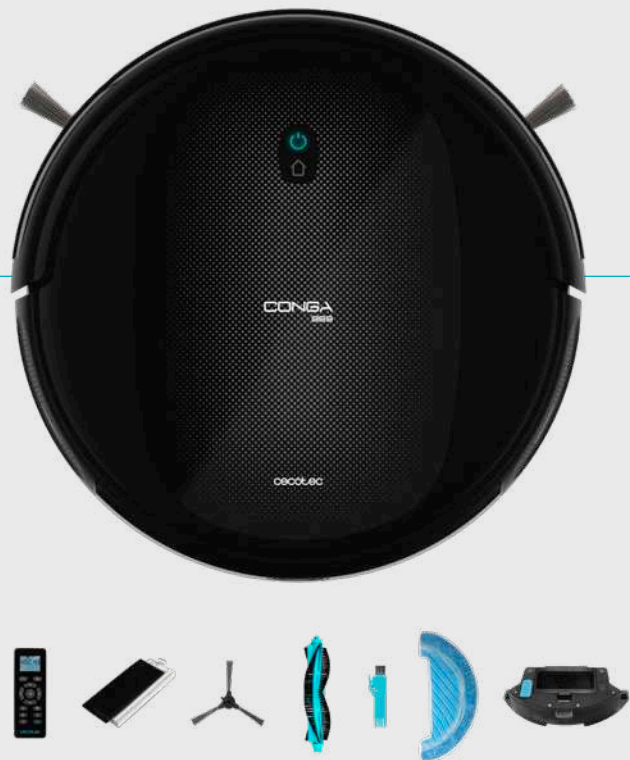

- Robot vacuum cleaner
- Remote control
- Multifunctional brush (bristles and silicone)
- Mixed tank (solids and liquids)
- 2 mops
- 4 side brushes
- 2 high-efficiency filters
- Cleaning brush
- Charging base and power adapter

Gyro

The new order of cleanliness

Conga 2290 Ultra

Conga 2290 Ultra robot vacuum cleaner with Gyro technology. Jalisco brush. BestFriend Care brush. Mixed tank. 160-minute autonomy. 2100-Pa suction power. 3 water-flow levels. 3 power levels. 8 programmes. APP. Alexa Virtual Assistant. Programmable. 2 mops. Compatible with 2000 autoclean base.

FEATURES:

- 4 in 1: robot vacuum cleaner that vacuums, scrubs, sweeps and mops.
- iTech SmartGyro 4.0: Organized navigation for a more efficient cleaning thanks to its gyroscopic proximity, antishock and free-fall sensors.
- APP Control: control programmes, power, scrubbing, cleaning record, and more from your smartphone.
- Virtual Map: view your home map from the smartphone app.
- Total Surface: Recharges and returns to the spot where it stopped to resume cleaning until your house is clean.
- Alexa & Google Assistant: compatible with voice virtual assistants.
- iWater: smart scrubbing with 3 water intensity levels (High, Medium and Low).
- Jalisco Brush: brush that removes the finest dirt. Thanks to this brush you can even vacuum the dirt which is not visible at first glance.
- BestFriend Care: interchangeable silicone brush ideal for pets.
- Memory Control: memorises and defines the quickest route, cleans the surface through which it passes and returns to the charging base.
- ForceClean 2100 Pa: great suction power for thorough cleaning.
- 8 Programs: Auto, Random, Edge, Intensive scrubbing, Room, Spiral, Manual and Back home.
- Magnetic Strip: physically define cleaning areas with a magnetic wall.
- 3 power levels: Eco, Normal and Turbo
- OnlySilence: produces noise level beneath <64 dB.
- TwinFloor mop: 2-material mop for perfect scrubbing results.
- All-TimeTable: Programmable 24 hours, 7 days a week.
- Immortal Battery: reaches a 160-minute range*.

A black, circular robotic vacuum cleaner is positioned on a light-colored wooden floor. To its left is a small, white plastic toy castle. A bright, circular beam of light illuminates the scene, highlighting the vacuum and the castle. The vacuum has a central circular sensor and some text on its top surface. The background is a soft-focus wooden floor.

Laser AI

The cleaning revolution

Conga 7090 IA

Conga 7090 IA robot vacuum cleaner Artificial intelligence and laser, with cyclonic technology. Recognises objects, rooms, type of floor and pets. High-precision sensors. 10000 Pa suction power. Vacuums, scrubs, sweeps and mops. Room management with RoomPlan 3.0.

FEATURES:

- Artificial intelligence: The robot detects and recognises objects thanks to its double camera, and acts according to the situation, adapting the cleaning cycle. It also displays on the APP the type of object detected.
- Maximum precision: Thanks to the innovative artificial intelligence, it maximises the cleaning accuracy and efficiency by creating more precise cleaning routes and approaching objects in order to remove all the dirt. It reaches the most difficult spots.
- Robot vacuum cleaner with professional 4-in-1 laser mapping: sweeps, vacuums, mops and scrubs simultaneously thanks to its mixed tank for solids and liquids. Cleans your home's surface efficiently, in an organized and smart way. Includes Wi-Fi and App.
- Cyclonic technology: Cutting-edge vacuuming advances applied to increase suction power and lengthen service life. 10000 Pa: The most powerful suction power ever experienced.
- Manage up to 50 cleaning plans thanks to its RoomPlan 3.0 innovating system by selecting specific rooms you want to clean at the desired moment.
- Thanks to its innovating OnlyOne System technology, the robot vacuums, scrubs and sweeps simultaneously.
- APP Control: Smartphone App: through which you can control the robot by selecting cleaning modes, scheduling cleaning tasks, selecting suction and scrubbing power levels or checking the cleaning record.
- Jalisco Brush: Brush that removes the finest dirt. Thanks to this new brush, you will be able to vacuum the smallest dirt and dust particles.
- Virtual Map: Saves the map and displays it on the app.
- Thanks to its VirtualVoice technology, you will be able to connect your robot to voice virtual assistants Alexa and Google Assistant. You will be able to use different voice commands to start cleaning, stop cleaning, send the robot back to the charging base or even localize it through beep sounds.
- BestFriend Care system with 2 interchangeable brushes that avoid tangles. Special rubber brush to remove animal hair from difficult places such as carpets and mats and another brush made of 2 materials for all surfaces and types of dirt.
- Smart iTech Laser 360 navigation.

COMPOSITION:

- Conga 7090 AI robot vacuum cleaner
- 2 mops, 2 side brushes and 1 high-efficiency filter
- Multifunctional brush (bristles and silicone)
- Special silicone main brush for pets
- Jalisco brush
- Mixed tank (solids and liquids)
- Dust tank
- Remote control
- Cleaning brush
- Charging base and power adapter
- Instruction manual and App manual
