Frequently Asked Questions

How to deal with disconnection issues, keys repeating or typing & clicking delay?
● Please replace new batteries in time. A low battery can affect the performance of the keyboard/mouse.
● Restart your device, re-pair the keyboard and mouse with receiver respectively (View attached manual), trying a different USB-A or Type-C port if necessary.
● If the issues persist, try to connect the keyboard/mouse to other devices to check if the same issues occur and don't hesitate to contact our customer service for assistance.

How to deal with keyboard/mouse won't turn on or stops working?
● Please note the positive and negative poles when installing the batteries.
● Try to change another new batteries to confirm whether it is a battery issue or a fault with the keyboard and mouse.
● If the power indicator of the keyboard/mouse does not light up at all, please do not hesitate to contact our customer service for assistance.
