USB Type-C with
Power Delivery (PD)
Technology

Dual Output Ports

Charge two devices simultaneously with Type-C and USB-A ports - Whether it's your smartphone or tablet, enjoy seamless and versatile charging. It also features Programmable Power Supply (PPS) technology that delivers the right amount of power needed for the ideal charge.

High-Speed 33W Charging

Power up in no time!

FINGERS PA-36 Mobile Charger delivers 33 W rapid charging, boosting your device to 50% in 30 minutes. Enjoy fast, efficient and uninterrupted performance.

Universal Compatibility

Supports a wide range of gadgets, including smartphones, tablets, laptops, smartwatches and accessories

Smart GaN Tech

**Smaller,
Smarter,
Stronger!**

Integrated GaN (Gallium Nitride) technology ensures compact size without compromising on power. Enjoy faster charging, higher efficiency, and less heat.

Compact & Travel-Friendly

Lightweight yet powerful, this wall charger is perfect for travel and everyday use. Slip it into your bag and stay charged wherever life takes you!

¹Depending on the devices connected, the power wattage will differ up to 33 Watts.

²USB-C Power Delivery (PD) is a fast charging technology that delivers much higher levels of power than standard charging. To enable the PD function, we need to use compatible USB-C to USB-C cable and supports devices like smartphones, Tablets, etc. having PD function. However, it won't support through USB Type-A to USB-C Cable.
