1 Safety Instructions

Safety Instructions

about the power supply

- Before connecting the device to your power supply, please ensure that the supply voltage stated on the rating plate is compatible with your mains supply.
- Only connect the mains plug to the wall socket when the device is switched off.
- Only use the mains adapter that is provided with the foot rest.
- Keep the power supply, the cable, the control unit and the foot rest away from heat, hot surfaces, moisture and liquids. Never get hold of the power supply with wet hands.
- Do not take hold of a device if it falls into water. Pull out the power plug and the power supply unit from the socket immediately.
- Always unplug the equipment immediately after use.
- To disconnect the unit from the power supply, always pull the plug out of the socket. Do not pull on the cable!
- Do not carry, pull or twist the foot rest on the cable, the power supply unit or control unit.
- You must not continue to use the unit if the lead or the mains adaptor are damaged. For safety reasons, these parts may only be replaced by authorized service personnel. In order to prevent hazards, always send the unit in to the service centre.
- Ensure that the cable will not cause tripping. The cable must not be kinked, trapped or twisted.
- Do not use this product for medical treatment.

specific groups of people

- The surface of the appliance is hot. People who are insensitive to heat must be careful when using the appliance.
- Children must be supervised to ensure that they not play with the device.
- Do not use this unit to supplement or replace medical treatment. Chronic complaints and symptoms may be made worse.
- You should refrain from using the HEATED MASSAGE FOOT REST , or should consult your doctor before using it, if
 - you are pregnant,
 - you have a cardiac pacemaker, artificial joints or electronic implants,
 - you suffer from one or more of the following illnesses and complaints: Circulation disorders, varicose veins, open wounds, bruises, broken skin, inflammation of the veins.
- If you experience any pain or discomfort during the massage, stop immediately and consult your doctor.
- Never leave the unit unattended if it is connected to the power supply.
- Take care when using the heater. Do not use if you have circulatory problems or on areas not sensitive to heat. Risk of burning!
- Consult your doctor if you have any questions concerning the therapeutic use of foot rest.
- If you have unexplained pain, are receiving treatment from a doctor and/or use medical equipment, consult your doctor before using the foot rest.

1 Safety Instructions

before using the unit

- Always carefully inspect the power supply, the cable, the control unit and the foot rest for damage before use. Do not attempt to use a defective unit.
- Do not use the unit if there are visible signs of damage on the unit or the cable components, the unit does not work properly or the massager or the control unit have been dropped or become damp. In order to prevent hazards, always send the unit in to the service centre.

operating the unit

- The foot rest must only be used for its intended purpose as described in the instruction manual.
- Using the unit for any other purpose invalidates the warranty.
- Never leave the unit unattended if it is connected to the power supply.
- Do not allow the foot rest to come into contact with pointed or sharp objects.
- Never put the unit down next to an electric stove or other sources of heat.
- Do not stand on the unit.
- Do not touch the power supply unit when you are standing in water and always take hold of the plug with dry hands.

The device is not to be used for commercial use or medical purposes.

If you have health concerns, consult your doctor before using the foot rest.

**The driver may not use the foot rest when driving.
Only use the foot rest in a parked vehicle.**

Only use the foot rest indoors.

Do not use the foot rest in damp rooms (e.g. when bathing or showering).

maintenance and cleaning

- The unit is maintenance free. If a fault does occur, just check whether the mains power adapter is properly connected.
- You may only clean the device yourself. If the device malfunctions please do not repair it yourself as this leads to the automatic expiry of all guarantee rights. Ask your specialist dealer and have repairs carried out by the service.

1 Safety Instructions

- Do not use the unit if there are visible signs of damage on the unit or the cable components, the unit does not work properly or foot rest or the control unit have been dropped or become damp. In order to prevent hazards, always send the unit in to the service centre.
- Do not immerse the device in water or other fluids.
- If, nonetheless, liquid should penetrate the device, unplug the mains cable immediately.
- Cleaning and user maintenance shall not be made by children without supervision.

The whole device, Do not wash!

The whole device, Do not dry clean!

(Washable plush fabric cover)
