Warning

- ⁰¹ Always store the warbuds in the charging case and safely protected.
- ⁰² Aviod storing the earbuds in hot or cold environments to prevent depletion of the battery capacity.
- ⁰³ Aviod storing the earbuds for extended periods of time without recharging them.
- ⁰⁴ If the earbuds or the charging case become dirty, it is recommended to clean them with a soft cloth that has been dampened with clean water.
- ⁰⁵ The OS version of movile devices may affect performanace of Beans Pro, it is recommanedes to update the OS of your mobile device to the latest version before use.
- ⁰⁶ Beans Pro is waterproof (IPX7 reated) which withstand heavy sweat or rain, and being rinsed with fresh water under the tap. Beans Pro is not designed to enjoy music while swimming. We recommened that you do not submerge them in salt or chlorinated water or clean and dry Beans Pro properly when it has been exposed to water and sweat.

- ⁰⁷ Swimming pools that are enriched with heavy chemicals can ultimately lead to damaging Beans Pro from the inside.
- ⁰⁸ Don't put the Beans Pro into Charging case while it's still wet or moist. Doing so can cause severe damage to the electronics or housing of Beans Pro. BeansPro Charging case is not waterproof.
- ⁰⁹ Remove from power source once the product is fully charged. Extended periods of over-charging will decrease battery life.
- ¹⁰ Store the product in a dry area. Keep away from fire, heat, moist and erosive materials.
- ¹¹ Do not use rough chemical such as soap or cleanser to scrub the product.
- ¹² Do not disassemble, damage, or expose the product to water or fire. Warranty will be voided by any misuse of the product.
- ¹³ If the battery is expanded or emits smell, stop using the product immediately.
