2. SAFETY INSTRUCTIONS

Read these instructions thoroughly before using the appliance. Keep this instruction manual for future reference or new users.

- Make sure that the mains voltage matches the voltage stated on the rating label of the appliance and that the wall outlet is grounded.
- This appliance is intended for household use only. Do not use outdoors.
- Check the power cord regularly for visible damage. If the cord is damaged, it must be replaced by the official Technical Support Service of Cecotec in order to avoid any type of danger.
- The blades inside the product are very sharp, handle them carefully. Take extreme precaution during cleaning, maintenance or while emptying the jug.
- Do not pour hot liquids inside the product while it is operating as it could be ejected out causing burns.
- Do not leave the appliance unattended while in use.
- Always turn off and disconnect the appliance from the power supply before assembling, disassembling, cleaning it or if it is not going to be used for a long period of time. Pull from the plug and not the cord to disconnect it.
- Do not immerse the cord, plug, or any non-removable part of the appliance in water or any other liquid, nor expose the electrical connections to water. Make sure your hands are dry before handling the plug or switching on the appliance.
- Do not touch the product's surface that could reach high temperatures. Use the handle provided.
- Do not use accessories not provided or suggested by Cecotec, as these could cause damage to the product or result in risk.
- Do not twist, bend, strain, or damage the power cord in any way. Protect it from sharp edges and heat sources. Do not let it touch hot surfaces. Do not let the cord hang over the edge of the working surface or countertop.
- Do not use the appliance on or near a gas or electric hob, in heated ovens or near open flames.
- Extreme caution must be taken when moving appliances containing hot liquids or foodstuffs.
- Always turn the appliance off and disconnect it from the power supply before changing accessories or approaching moving elements.
- Do not introduce any utensil inside the product during operation in order to reduce risk of injuries to persons or damage to the product. A scraper may be used while the product is paused.
- Make sure to keep the measuring lid in its position when blending hot liquids or ingredients.

- Do not use the product if its blade is curved or damaged.
- Do not operate the appliance empty.
- Make sure the accessory that is going to be used is properly assembled before operating the device.
- Do not overfill the jar.
- Always operate the product with the cover in place.
- The appliance is not intended to be used by children under the age of 8. It can be used by children over the age of 8, as long as they are given continuous supervision.
- This appliance can be used by children aged 8 and above, and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, as long as they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
- Supervise young children to make sure that they do not play with the appliance. Close supervision is necessary when the appliance is being used by or near children.

3. BEFORE USE

- Take the product out of the box and remove all packaging materials.
- Make sure all the parts and accessories are present and that there are no visible signs of damage. If there are, contact immediately the Technical Support Service of Cecotec.
- Place the appliance on a flat, stable and dry surface.

4. OPERATION

POWER KNOB:

- Set the power knob to "0" to turn the device off.
- Set the power knob to "Program" to set standby mode.
- Set the knob to "Program" and press the Turbo push button to activate the turbo function.
- Turn the knob towards "Min" to select lower power level or towards "Max" to select maximum power level.

FUNCTION BUTTONS:

- The jug blender includes 3 functions: ice crush, interval and smoothie.
- To select the desired function, turn the knob to "Program" and then press the desired function button.
- To stop the product from operating, press again the button of the function which is operating at that moment, for example: if the device is operating under smoothie mode, press again the smoothie button to stop.

ENGLISH

WARNING:

- The maximum capacity allowed by the product is 1.8 L, do not exceed this quantity.
- Do not operate the product empty. It is suggested to fill it with 2 parts of fruit per 3 of water (soft fruit only, such as carrot, apple, etc.).
- The maximum non-stop operating time is 2 minutes. Do not operate the product for more than this time.

5. CLEANING AND MAINTENANCE

CLEANING:

- Always turn the power knob to the "0" position, turn the switch off and unplug the appliance after each use and before cleaning.
- Use water to clean the jug. Do not use abrasive or chemical cleaning agents.
- Use a dry, soft cloth to clean the motor base. Do not clean this part with a wet cloth.

MAINTENANCE: if the product does not operate normally, produces uncommon noises or shakes more than it normally does, stop using the product and contact the Technical Support Service of Cecotec for reparation. Do not carry out maintenance tasks yourself.

STORAGE:

- After cleaning the device, make sure you dry it thoroughly before storing it.
- After using the product, store it in a dry, safe place. Avoid direct exposure to sun light.
- Make sure it is stored in a place out of the reach of children.

Model: Power Black Titanium 1800 Smart

Product reference: 04101

1800 W, 220-240 V, 50/60 Hz

Made in China | Designed in Spain

7. DISPOSAL OF OLD ELECTRICAL APPLIANCES

The European directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE), specifies that old household electrical appliances must not be disposed of with the normal unsorted municipal waste. Old appliances must be collected separately, in order to optimize the recovery and recycling of the materials they contain, and reduce the impact on human health and the environment.

The crossed out "wheeled bin" symbol on the product reminds you of your obligation to dispose of the appliance correctly. If the product has a built-in battery or uses batteries, they should be removed from the appliance and disposed of appropriately.

Consumers must contact their local authorities or retailer for information concerning the correct disposal of old appliances and/or their batteries.

8. TECHNICAL SUPPORT SERVICE AND WARRANTY

This product is under warranty for 2 years from the date of purchase, as long as the proof of purchase is submitted, the product is in perfect physical condition, and it has been given proper use, as explained in this instruction manual.

The warranty will not cover the following situations:

- The product has been used for purposes other than those intended for it, misused, beaten, exposed to moisture, immersed in liquid or corrosive substances, as well as any other fault attributable to the customer.
- The product has been disassembled, modified, or repaired by persons, not authorised by the official Technical Support Service of Cecotec.
- Faults deriving from the normal wear and tear of its parts, due to use.
- The warranty service covers every manufacturing defects of your appliance for 2 years, based on current legislation, except consumable parts. In the event of misuse, the warranty will not apply.

If at any moment you detect any problem with your product or have any doubt, do not hesitate to contact Cecotec Technical Support Service at **+34 963 210 728**.
