The Ria Coffee Table

MAIDEN HOME

Assembly Instructions

- 1 Keeping the tabletop in its crate, place it on the floor with the underside facing up. Use the Allen wrench to remove the pan head screws on the bottom of the undermount, then separate the undermount from the tabletop.

Assembly Instructions

6

With three people holding the tabletop vertically, lift it on top of the undermount, aligning the pre-drilled holes on its underside with the pre-drilled holes on the undermount. From underneath the table, place the pan head screws into the pre-drilled holes and tighten them using the Allen wrench to secure the tabletop. Do not use power tools to tighten the screws.
