

DYNAN

Storage series

Design

Monika Mulder

Care instructions

Wipe clean with a soft cloth dampened in water and a mild washing-up detergent or soap, if necessary. Wipe dry with a clean cloth.

Good to know

The recommended maximum height for stacking DYNAN modular shelf units is 176 cm.

Safety

This furniture must be fixed to the wall with the safety fitting provided to help prevent it from tipping over if a child climbs or hangs on it. Different wall materials require different types of fixing devices suitable for the walls in your home (not included).

Fits your space and all your things

Tight corners and cramped spaces – with modular DYNAN series, you can build your storage vertically or horizontally and add extra shelves to make the most of your space. The rounded edges make DYNAN a safe choice for families with kids. Assembly is tool-free, so it's fast and easy to put together, and adjustable feet make it possible to compensate any irregularities in the floor. DYNAN is a flexible series that works for both small or large bathrooms and all across the home!

Combinations

These combinations are examples of possible solutions. See all parts below for more sizes and combination possibilities.

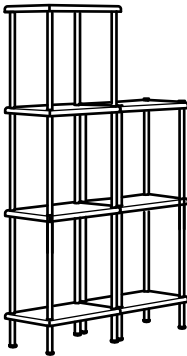

When you have picked a solution to suit your needs, make sure to measure your wall space to secure that it fits well in your bathroom — or anywhere across the home. For wash-basin installation, consider the position of your pipes when planning the layout for your new bathroom storage.

Total size: 40×27×176 cm
This combination €000

Units you need:	
Shelf unit white/bamboo pattern 40×27×96 cm	1 pc
Add-on shelf 40×27×40 cm	2 pcs

Start with installing the shelves or cabinets from the bottom up. Each shelf unit or cabinet includes wall mounting safety fittings to fasten your solution on the wall. Check the level of your shelves when mounting, and adjust if necessary.
