QUICK BUTTON COMMAND

PMN:Helmet bluetooth headset

XGP

Motorcycle Intercom X10

Tips:

- 1.To ensure the sound quality and normal audio output, please plug the speaker wire into the TYPE-C jack all the way till there is a "click" tone.
- 2.Due to the wzaterproof finish for the charging connector, the Type-C Jack will be much longer, so please use our TYPE-C cable for charging.

6、Universal Pairing

(To connect with XGP other styles intercom, just enter the pairing mode together when the red and blue light flash on both units, wait till the blue light slowly flashes then you can talk back and forth.)

5、Music Function

1. There's a tone "du" while adjusting volume. When the volume is at the maximum the tone turns to "di", and at the minimum it turns to "du"
2. The X10 has Audio Multitasking feature. So when have a intercom talk and music playing simultaneously, rotate the Jog Dial directly to adjust the music volume, and pause the music playing then rotate the Jog Dial to adjust the intercom volume.)

4、Mesh Intercom Function

Turn off Mesh Intercom

1. The XGP X10 can support up to 10 people to have a mesh intercom talk. The "N" presents numbers 1 to 10.
2. Anyone who want to exit the mesh intercom, just click the "M" button, at this time others can still keep connected and talk; if he wanna re-enter the mesh intercom talk, click the "M" button again to join in.
3. If someone beyond the range and disconnect from the mesh intercom talk, it will automatically reconnected if he come back to the mesh group talk within 5 minutes, or have to click the "M" button again to re-join in.

FCC& ISED Statement

This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Cet appareil est conforme à la partie 15 des règles de la FCC et aux normes RSS exemptées de licence d'Industrie Canada. Le fonctionnement est soumis aux deux

conditions suivantes : (1) cet appareil ne doit pas causer d'interférences nuisibles, et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences pouvant entraîner un fonctionnement indésirable.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformément avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

Radiation Exposure Statement for camera

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement doit être installé et utilisé à une distance minimale de 0 cm entre le radiateur et votre corps.
