GALAXY & PLANETARIUM STAR LIGHT PROJECTOR

## WITH 13 LIGHT FILMS

KAGXYLTPRJA

SAFETY & WARNINGS

- Read all instructions carefully and retain this user guide for future reference.
- Inspect the projector to ensure it is in good working condition before use.
- Do not disassemble the projector or attempt to repair it yourself. If the projector is damaged, cease use immediately and contact **help.Kogan.com** for support.
- Use this projector in a dark indoor environment.
- This projector requires a DC 5V/2A power adapter (not provided).

COMPONENTS

- Galaxy Projector
- USB-C cord
- Light Films Discs (x13)
- User Guide

Focus Adjustment Knob

Power Button

Speed Adjustment Button

Timer Button

USB-C Port (DC/5V)

OPERATION

Before Use

- Insert the film with the 'UP' engraving facing upward into the film tray (refer to the following section for instructions on replacing the film disc).
- Connect one end of the provided USB-C cord to the USB-C port on the projector and the other end to a DC 5V/2A power adapter (not provided). The projector will automatically project the image.
- By default, the projector operates at a slow rotating speed and will shut off automatically after 4 hours.
- After 40 minutes of operation, the projector enters the slow flashing projection mode.

Power On/Off

Press the Power button to turn the projector on/off. The projector powers on automatically when plugged in.

Rotation Speed

Press the Speed Adjustment button to change the rotation speed. The speed is set to slow by default.

| Rotation Speed	Indicator
Slow	'S-' indicator illuminates.
Fast	'S+' indicator illuminates
Stop	No indicator.

Timer Setting

- The projector powers off after 4 hours, and timer indicator is off by default.
- Press the Timer button to set a 1-hour timer; the '1H' indicator will illuminate.
- Press again to set a 2-hour timer; the '2H' indicator will illuminate.
- Press once more to cancel the timer setting and revert to the 4-hour auto shut-off.

Change the Film Discs

This projector comes with 13 film discs. To change the film disc:

1. Pinch the tray handle and pull out the film disc slot
2. Place a film disc with the engraved '↑UP' side facing upwards into the film slot.
3. Reset the tray back into the projector.
