## Basic Operations

### Powering On

### Powering Off

### Volume Up

### Volume Down

## ■ Checking the Battery Level

## ■ Phone Pairing

- ② Select **SPIDER ST1** in the list of Bluetooth devices detected.

- When you turn on the SPIDER ST1 for the first time or reboot it after a factory reset, the SPIDER ST1 will automatically enter phone pairing mode.
- To cancel phone pairing, press any button.

## ■ Using the Phone

### Answer a Call

### End a Call

### Reject a Call

### Call a Voice Assistant

## ■ Music Control

### Play/Pause

### Track Forward

### Track Backward

## ■ Mesh Intercom™

**Open Mesh™:** communication within the same channel.

**Group Mesh™:** communication within the same private group.

- For more information on **Mesh Intercom**, refer to the User's Guide.

### Mesh Intercom On

### Mesh Intercom Off

**Note:** When **Mesh Intercom** is on, the **SPIDER ST1** will automatically connect to nearby **SPIDER ST1** users and the headset will be in **Open Mesh (default: channel 1)** initially.

# Open Mesh

## Channel Setting (Default: channel 1) in Open Mesh

### Using the Button

- ① Enter into the Channel Setting.

- ② Navigate between channels.

- ③ Save the channel.

### Using the Sena Motorcycles App

You can select the channel through the **Sena Motorcycles App**.

# ■ Group Mesh

**Group Mesh** is a closed group intercom function that allows users to join, leave, or rejoin a group intercom conversation without pairing each headset.

## 1) Creating a Group Mesh

Creating a **Group Mesh** requires **two or more Open Mesh users**.

- ① **Users (You, B, and C)** enter into **Mesh Grouping** to create a **Group Mesh**.

- ② When **Mesh Grouping** is completed, the **users (You, B and C)** will hear a voice prompt on their headset as **Open Mesh** switches to **Group Mesh**.

## 2) Joining an Existing Group Mesh

One of the **current users** in an **Existing Group Mesh** can allow **new users (one or more)** in **Open Mesh** to join the **Existing Group Mesh**.

- ① One (**You**) of the **current users** in the **Existing Group Mesh** and **new users (D and F)** in **Open Mesh** enter into **Mesh Grouping** to join the **Existing Group Mesh**.

- ② When **Mesh Grouping** is completed, the **new users (D and F)** will hear a voice prompt on their headset as **Open Mesh** switches to **Group Mesh**.

## ■ Enable/Disable Mic (Default: Enable)

Users can enable/disable the microphone when communicating in a **Mesh Intercom**.

## ■ Mesh Reach-Out Request

You (caller) can send a request message to turn on the Mesh Intercom to nearby friends who have it turned off.

- ① If you want to send or receive a request message, you need to enable **Mesh Reach-Out** on the **Sena Motorcycles App**.
- ② While your headset's Mesh Intercom is on, you (caller) send a request message using the **headset's Button** or the **Sena Motorcycles App**.

[Caller]

[Caller]

 "Mesh reach-out request"

[Nearby Friends]

 "Mesh intercom requested"

- ③ Friends who receive the request message need to manually turn on their Mesh Intercom using the **headset's Button** or the **Sena Motorcycles App**.

## Reset Mesh

If a headset in an **Open Mesh** or **Group Mesh** resets the **Mesh**, it will automatically return to **Open Mesh (default: channel 1)**.

## Configuration Menu

### Accessing the Configuration Menu

### Navigating Between Menu Options

### Execute Menu Options

# Troubleshooting

## Factory Reset

## Fault Reset

**Note: Fault Reset** will not restore the headset to the factory default settings.
