- Includes Micro USB cable to charge power bank
- Full safety protection for peace of mind for you and your devices
- Watt Hour Rating: 37Wh
- Micro USB Input: DC 5V 2.1A
- Lightning Cable Output: DC 5V 2.1A
- USB-A Output 1: DC 5V 2.1A
- USB-A Output 2: DC 5V 2.1A
- Total Output: 10W
- Charging Time: 4 to 10 hours depending on charger output
- Size: 140mm (L) x 72mm (W) x 15.3mm (H)
- Weight: 243
- Certifications: Apple MFi, RCM, RoHS

To Charge Power Bank

- To charge the power bank, use the included micro USB cable and connect the micro USB input port on the power bank to a USB wall charger
- During charging the LEDs will flash to indicate charging capacity status
- When charging is complete, all four LEDs will remain on

To Charge Phone or USB Device

- To charge an iPhone, iPad or iPod, connect the Apple Lightning connector to your iPhone, iPad or iPod
- To charge a device using either of the USB-A output, use your device's own charging cable
- Press the On/Off button to start charging
- During charging the LED indicators will be permanently on

To Check Remaining Capacity

- Press On/Off button & LEDs will light to show remaining capacity
- The LEDs will turn off automatically after about 30 seconds

| LED ● On / ○ Off / ● Flashing | Remaining Capacity |
|-------------------------------|--------------------|
| ● ○ ○ ○ | Less than 5% |
| ● ● ○ ○ | 5% to 25% |
| ● ● ● ○ | 25% to 50% |
| ● ● ● ● | 50% to 75% |
| ● ● ● ● | 75% to 100% |

Important Safety Instructions

- To maximize battery life span, fully charge power bank before first use for 8 to 10 hours
- Store power bank in a cool and dry place.
- Do not store power bank in hot or humid environment
- Operating temperature should be between -10c to 45c
- If power bank is not used for long periods of time, you should charge and discharge once every three months
- When charging a device, the power bank may feel warm, this is a normal operating condition and should not be cause for concern
- In normal conditions, the battery performance will decline over several years
- Do not dispose of power bank in heat or fire
- Do not clean power bank with harmful chemicals or detergents
- Misuse, dropping or excessive force may cause product damage

* 360% extra battery based on an iPhone 8 with 1821mAh battery
