

IN ADMIRATION OF MUSIC

EUPHONIA CS4

The EUPHONIA CS4 (CS for Center Speaker) is essentially a horizontal EUPHONIA MS4. The only difference is the Hybrid Tweeter Module now placed between the two 6.5" woodfiber and paper woofer/midrange drivers.

The EUPHONIA CS 4 is tuned somewhat differently from the EUPHONIA MS4 to take into account that you listen to it directly on-axis (which you should not normally do with a DALI speaker), and it should be able to work closer to a rear wall.

The EUPHONIA CS4 has its own stand in the sense that it can be placed on top of the EUPHONIA AS2 subwoofer. The two are made to be stacked as a 70 cm high combo, with a base placed between the two.

This results in perfect positioning of the subwoofer as well as the center speaker.

SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	45,0 - 28.000,0
Sensitivity (2,83 V/1 m) [dB]:	88,5
Nominal impedance [ohms]:	4
Maximum SPL [dB]:	111,0
Recommended amplifier power [W]:	50,0 - 350,0
Crossover frequencies:	2.400 / (15.000)
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	Wood fibre cone
Enclosure type:	Bass reflex
Bass reflex tuning frequency [Hz]:	30,0
Connection input(s):	Bi-wire
Recommended placement:	Above/below TV/Screen
Loudspeaker type:	Center speaker
Max loudspeaker dimensions incl. base and grille	239 X 673 X 517
Loudspeaker weight including base and grille [kg]:	26,0
