1 to 3 Extension Cable		1	PCS	
Mercedes Universal Light Bulb Socket		4	PCS	

5. Middle Rear Door Secondary Control Box

Middle Door				
Universal 10P Secondary Control Box		2	PCS	
Colorful Outline Light Strip	75cm Colorful Light Strip	2	PCS	
Versatile Universal Door Panel Cable		2	PCS	
Versatile Colorful Four-Door Extension Cable		2	PCS	
Rear Door				
Universal 10P Secondary Control Box		2	PCS	
Colorful Outline Light Strip	75cm Colorful Light Strip	2	PCS	
Versatile Universal Door Panel Cable		2	PCS	
Versatile Colorful Four-Door Extension Cable		2	PCS	

§ 15.19 Labelling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

*RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
