Lever Manual Vegetable Slicer

MODEL:JG-04

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

Warning-To reduce the risk of injury, user must read instructions manual carefully.

IMPORTANT NOTICE: Read this manual carefully before use!!

This manual is considered to be part of the device and will be provided to hotel or restaurant owners or managers and responsible persons to train operators of the device, read the precautions carefully before use and recommend retention for future reference.

Important Assurance

Always follow basic safety precautions when using these devices. These include:

- The device should not be used with children. There are very sharp blades on the device. Children may encounter injury accidents, therefore, this product should be placed in a position not touched by children.
- For optimal operation and service life of the device, please follow the instructions.
- Clean the machine after each use by rinsing with clean water.
- The machine blades are very sharp and care should be taken not to touch the banging blade or blade directly or to operate with gloves during operation.
- Do not put these devices in a dishwasher or other automatic cleaning device for cleaning.
- Minimize the use of alkaline cleaners as they may result in reduced finish.
- The use of accessories or modifications not provided by the manufacturer may cause hazards.
- Do not use this equipment for purposes other than cutting fruits and vegetables!

Before using these equipment for the first time, please remove all packaging and fixing materials according to the illustration and use them after installation.

These devices require regular lubrication

When lubrication is required, wipe the guide rod with mineral oil, food-grade lubricant, or with a towel. Do not lubricate with cooking oil or other grease, otherwise it will become viscous and affect the use.

Caution: Do not cut food beyond the opening of the plate

Note: For the replacement of blade sets, please ensure that the specification and model of blade plate and pressing block are consistent.

Description

- 1.Main body:Aluminium alloy material.
- 2.The machine is equipped with a pressure bowl with 12 holes

How to use:

- 1.Take out the handle, aim at the thread and rotate to install it on the machine.
- 2.Pull out the drawer-style press bowl, put in the mashed potato powder that has been mixed well, push the press bowl back in, hold the handle the left side of the machine with your left hand, and press the handle with your right hand to extrude super long potato strips.

Cleaning:

- 1.Turn out the pressure lid, pull out the pressure bowl and wash it directly

with water, which is convenient and quick.
