A200

STEREO AMPLIFIER WITH BT, 320W

4Ω Minimum Impedance

RCA Input

Gold Plated Binding Posts

Space Saving

Extended Compatibility

aptX Premium Audio

The A200 is a 320W amplifier with an ultra-small size and weight to integrate in your small and medium installations. The sophisticated and elegant design allows you to install it where it is most convenient for you. Take advantage of the aptX HD BT and enjoy the high sound quality with maximum convenience. You can use your A200 down to 4Ω minimum impedance.

Product Type Class D Amplifier with BT	**Frequency Response (-6dB)** 20Hz - 20kHz	**Amplifier Technology** Class D Amplifier
Amplifier Power 2 x 160W@4Ω | 2 x 100W@8Ω	**Speaker Output** 4Ω - 16Ω	**THD+N** <0.1%
SNR (Signal to Noise Ratio) >90dB	**Input Sensitivity** 0.7Vrms	**Wireless Connection System** BT v4.1 aptX
Wireless Range >10m (32.8ft)	**Audio Signal Inputs** BT | Audio Line-in	**Input Connectors** 1 x Stereo RCA
Output Connectors Gold Plated Binding Posts	**Cooling Type** Convection	**Power Input** Power Supply: AC 110V - 240V | DC 36V - 4.5A
Power Consumption 160W	**Construction** Aluminum	**IP Rating** Indoor Use
Dimensions (WxHxD) 117 x 39 x 211mm (4.6" x 1.5" x 8.3")	**Net Weight** 0.65kg (1.4lb)	**Shipping Weight** 1.4kg (3.1lb)
