

# POWER HYDRAULICS SPARE PARTS GUIDE

**Version / Versie 1 Oktober 2023**

For all your custom build POWER HYDR: propulsion / bow thruster / stabilizers / power steering and power hydr. anchor systems please email your requirements to: [powerhydraulics@vetus.com](mailto:powerhydraulics@vetus.com)

Voor alle op maat gemaakte POWER HYDR: elektrische aandrijving / boegschroef / stabilizatoren / power besturing en power hydr. ankerlier systemen aanvragen graag per e-mail naar: [powerhydraulics@vetus.com](mailto:powerhydraulics@vetus.com)

See the Spare parts pricelist systemgroup 090 for all the standard available parts.  
Zie de Spare parts prijslijst systeemgroep 090 voor alle standaard beschikbare onderdelen.

| Hydraulic oil<br>Hydraulische olie<br>ISO VG 46 |
|-------------------------------------------------|
| VHT1 (1 ltr)                                    |
| VHT4 (4 ltr)                                    |
| VHT20 (20 ltr)                                  |

| RECON                                              |                                                      |          |
|----------------------------------------------------|------------------------------------------------------|----------|
| Toggle switch for bps/recon/recone/hlp             | Tuimelschakelaar tbv bps                             | BPS002   |
| Spiral cable 3,5 mtr. with plug and socket         | Spiraalkabel voor RECON met stekker en contrastekker | RECON04B |
| Waterproof deck plug contact, 3 pins for wire 5 mm | Waterdichte stekkerdoos 3 polig, voor 5 mm snoer     | WDC3P5   |

|                                                       |                                        | HL12500  | HL12500A | HL12500B  |
|-------------------------------------------------------|----------------------------------------|----------|----------|-----------|
| Support sleeve D 4 mm                                 | Steunhuls D 4 mm                       | HS26     | HS26     | HS26      |
| Set:supp.ring 6 mm (10) and outer olive (10) for mt30 | Set snijring+steunhuls                 | HS10131  | HS10131  | HS10131   |
| Set seals compl.                                      | Pakking set                            |          | HL500SET | HL500BSET |
| Coupling M12 x 1.5 to HS25N 6 mm pipe (A)             | smoringkoppeling m12 x 1,5 voor pijp A | HL1215   | HL1215   | HL1215    |
| Coupling M12 x 1.5 to HS25 N 6 mm pipe (B)            | smoringkoppeling m12 x 1,5 voor pijp B | HL1215S  | HL1215S  | HL1215S   |
| Switchpanel for hylift                                | Schakelpaneel voor hylift              | HLPAN    | HLPAN    | HLPAN     |
| Electric-hydr pump 12V                                | Elektro-Hydr Pomp,12V                  | EHPA12R2 | EHPA12R2 | EHPA12R2  |
| T-coupling                                            | Tee-koppeling staal                    | HL666    | HL666    | HL666     |

|                       |                     | BOW160HM | BOW230HM | BOW310HM | BOW410   550 |
|-----------------------|---------------------|----------|----------|----------|--------------|
| Hydro flange          | Hydraulische flens  | BP908    | BP1357   | BP1114   |              |
| Flexible coupling     | Flexibele koppeling | BP902    | BP1358   | BP1115   |              |
| Replacement anode     | Set zinkanode       | SET0151  | SET0152  | BP1210   | SET0075      |
| Tailpiece bow 410/550 | Staartstuk          | SET0080  | SET0164  | SET0165  | BP1311       |
| Set Seal + Bush       | Set pakking en bush |          |          |          | SETBP1311    |

|                                           |                                                    | EHPA12R2<br>EHPA24R2 | EHPB12R2<br>EHPB24R2 | EHPA12R2<br>EHPA24R2 | EHPD12R<br>EHPD24R | EHPD12R<br>EHPD24R |
|-------------------------------------------|----------------------------------------------------|----------------------|----------------------|----------------------|--------------------|--------------------|
| Carbon brush                              | Koolborstel                                        |                      |                      |                      | EHPDESET           | EHPDESET           |
| End switch set for RECON & EHPJST (2 pcs) | Set eindschakelaars voor RECON en EHPJST (2 stuks) | EHPESSET             | EHPESSET             | EHPESSET             | EHPESSET           | EHPESSET           |
| Joystick panel 12/24V                     | Besturingspaneel EHP                               | EHPJSTA              | EHPJSTA              | EHPJSTA              | EHPJSTA            | EHPJSTA            |
| Plug with air opening                     | Plug zonder ontluchting                            | EHPPLUG              | EHPPLUG              | EHPPLUG              |                    |                    |
| Relay 12V                                 | Relais 12V                                         | EHP01                | EHP01                | EHP01                |                    |                    |
| Relay 24V                                 | Relais 24V                                         | EHP02                | EHP02                | EHP02                |                    |                    |
