PARTS LIST

How to order

Always send us the complete PART NUMBER, DESCRIPTION, and PRICE of each item as shown in this list. For quicker handling of your order, we suggest you use our Replacement Parts Order Form which is available on request, no-charge.

Because ARGUS products are constantly being improved, the design of some components shown may vary from those used on earlier production models. Non-interchangeable parts are identified wherever they occur.

Individual components of some assemblies are not available unless shown separately in this list. If the part you need is not illustrated, ask us about its availability.

Hold end plates in place with Scotch #400
Double Face Tape.

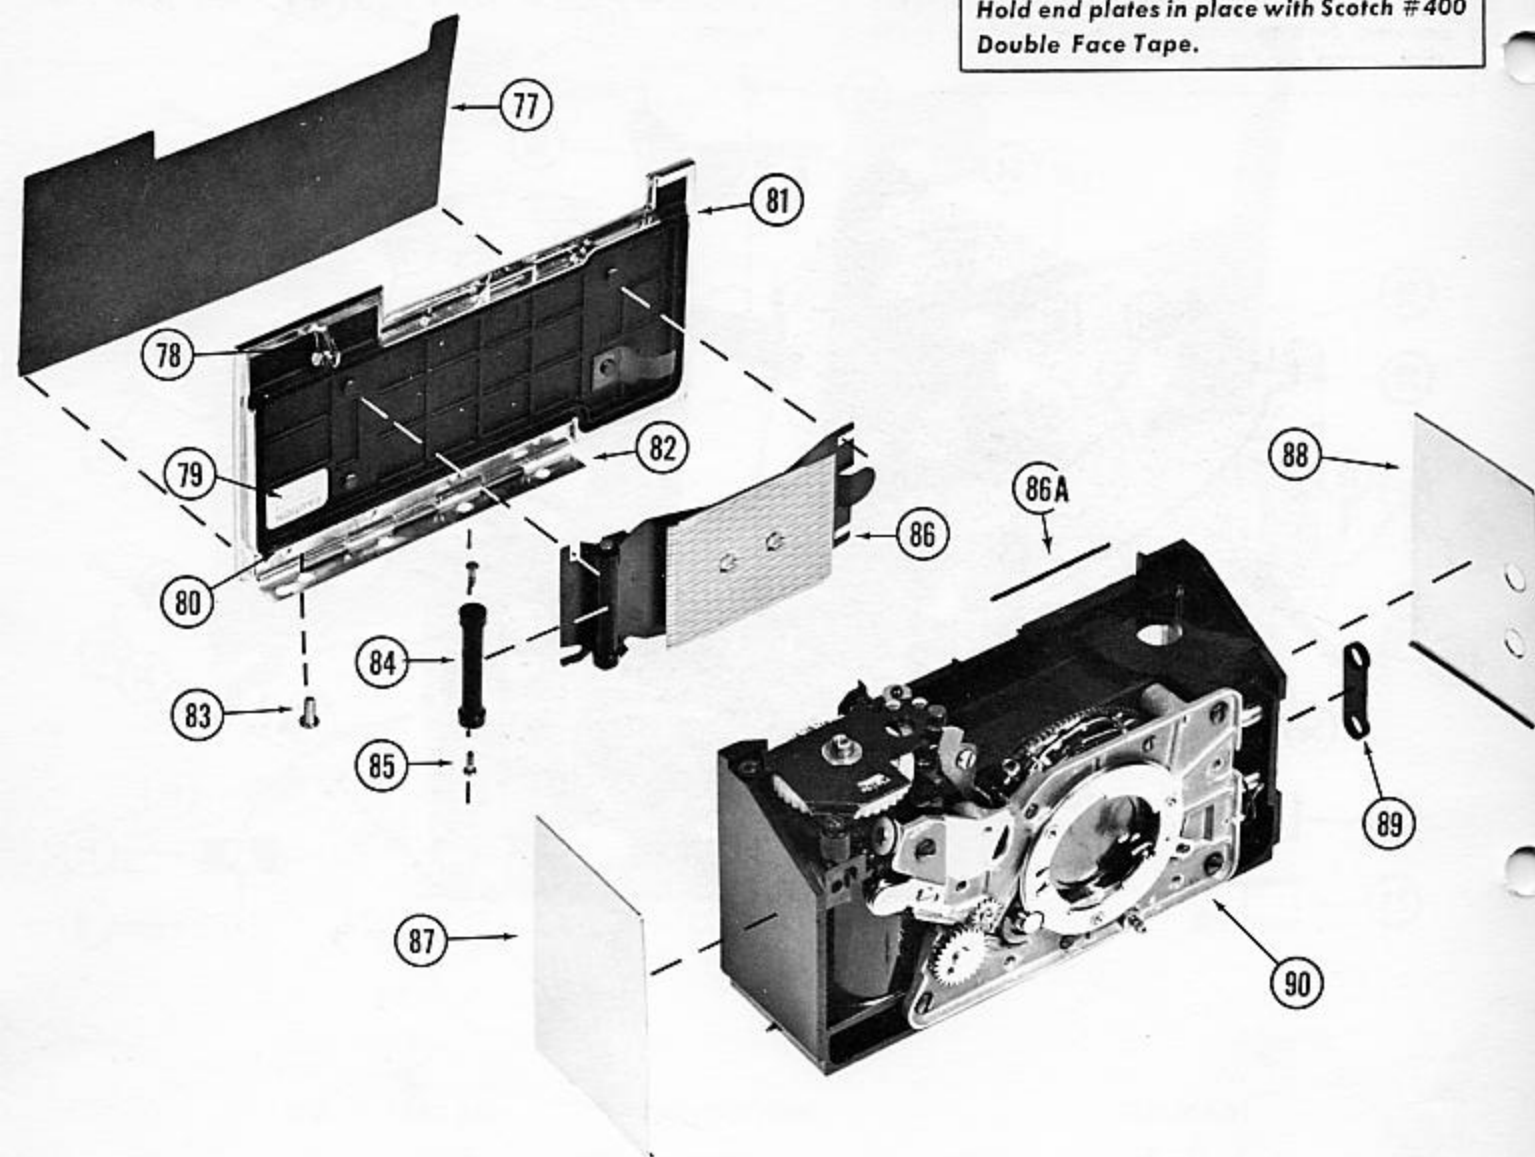

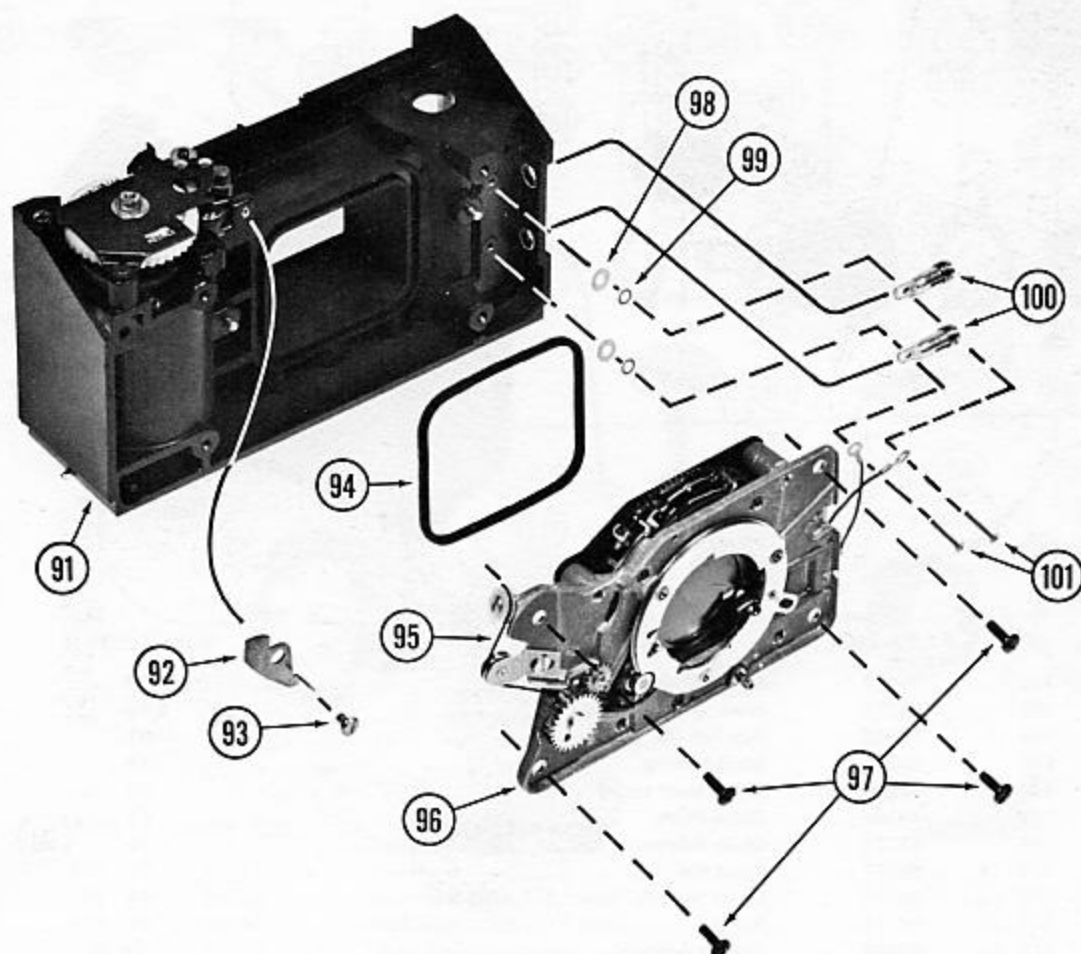

FIG.	PART NO.	DESCRIPTION	SUGG. LIST
77	33112	Leatherette, Back	\$.30
78	33177	Counter Interlock	.08
78	33194	Counter Interlock Spring	.04
78	33132	Rivet	.03
79	33238	Caution Label	.01
80	93010	Rivet	.01
81	00476	Back Cover Assembly (less pressure pad & leatherette)	3.18
81	33804	Back Cover Assembly Complete	4.23
82	33903	Hinge	.70
83	90326	Screw	.02
84	33102	Roller	.30
85	35254	Roller Drive Pin	.01
86	00291	Pressure Pad Assembly	.75
86A	98678-1	Vinyl Tube	.01
87	33202	Left End Plate	.25
88	33203	Right End Plate	.25
89	33196	Ferrule	.05
90	33803	Body & Shutter Assembly	38.24

IMPORTANT

Tie off shutter cord on wind shaft so that the pin on the shutter wind drum clears the shutter cocking pin by .010" with the shutter in uncocked position. Fine adjustments can be made with the idler pulley on the slotted bracket.

SHUTTER SERVICE

Individual shutter components are not available as replacement parts. If service is required, return camera to factory.

See page 14 for shutter speed and synchronization tolerances.
