HLFL02Q
HLFL02S

[Instruction Manual]

Thank you for your purchase.
Please contact us if you have any questions,
and we will get back to you within 24 hours.
Please attach your Order ID so that
we can serve you better.

CAUTION

1. Before assembly, place all parts out on a clean flat surface and inspect each part for defects that may have occurred during shipping.
2. Inspect wire insulation for any cuts, abrasions or exposed copper that may have resulted during shipping. If there are any defects in the wire, DO NOT continue to assemble. Please send an email to our Customer Service immediately.
3. Consult a qualified electrician if you have any electrical questions.
4. Never drape clothes over the lamp.
5. To reduce the likelihood of tipping over, we recommend placing the lamp behind furniture and keep children and pets away.
6. To prevent children from suffocating and choking, keep them away from packing materials.
7. Please keep this manual and hand it over when you transfer the product.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
