ASSEMBLY INSTRUCTIONS

5-TIRE STORAGE SHELVING UNIT

48"Wx24"Dx72"H

⚠ WARNING!

IT IS STRONGLY RECOMMENDED THAT THIS PRODUCT IS PERMANENTLY FIXED TO A WALL USING AN ANCHOR KIT IF USED IN AN ENVIRONMENT WITH CHILDREN.

Thank you for buying a WORKPRO product. This WORKPRO shelving unit has a frame made of aluminum for resistance to corrosion. The upright posts have a 2-piece design so it can be assembled vertically to create one 48 in. x 24 in. x 72 in. (W x D x H) unit, or assembled horizontally to create one 48 in. W x 24 in. D x 36 in. H unit with 2 shelves and one 48 in. W x 24 in. D x 36 in. H unit with 3 shelves

WARNING: To reduce the risk of injury, the user must read and understand the operator's manual before using this product.

SAFETY AND COMPLIANCE

Please read and understand this entire manual before using the product.

CAUTION!

- Be aware of dynamic loading! Sudden load movement may briefly create excess load causing product failure.
- Evenly distribute the weight on each shelf, and keep the heaviest loads on the bottom shelf.
- Use only on flat, level and hard surface capable of supporting the shelving and any items placed on it.
- Remember to only use the shelf on level ground with evenly distributed weight.
- Do not store flammable liquids in the unit unless they are secured in an approved container.
- Keep bystanders out of the area during assembly.
- This product is not a toy. Do not allow children to play with, on or near the unit.

WARNING!

- Do not stand on, step on, or alter this unit for anything outside the designed function of storage.
- Place heavier items on lower shelves and lighter ones on top shelves.
- Use care when handling and assembling metal parts.
- The metal may have sharp edges or corners. The use of protective gloves is recommended.
- Always remember to use proper lifting techniques when moving the boxed or assembled unit.

PREPARATION

Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list. It is recommended that this product be assembled on a clean, soft surface, such as a piece of cardboard. The assembling task can be performed by one person but availability of a second person will make the task simpler.

COMPONENTS

Ensure all components are present. If any components are missing, do not proceed with assembly. Contact Brands customer services at service@greatstartools.com

TOOLS REQUIRED

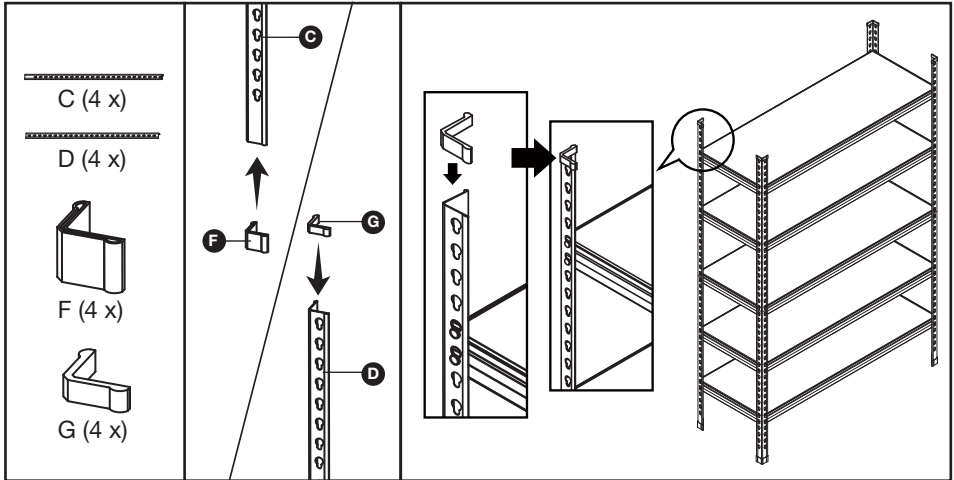

⚠ CAUTION!

Do not use tools other than required, as this can damage your new item.

ASSEMBLY

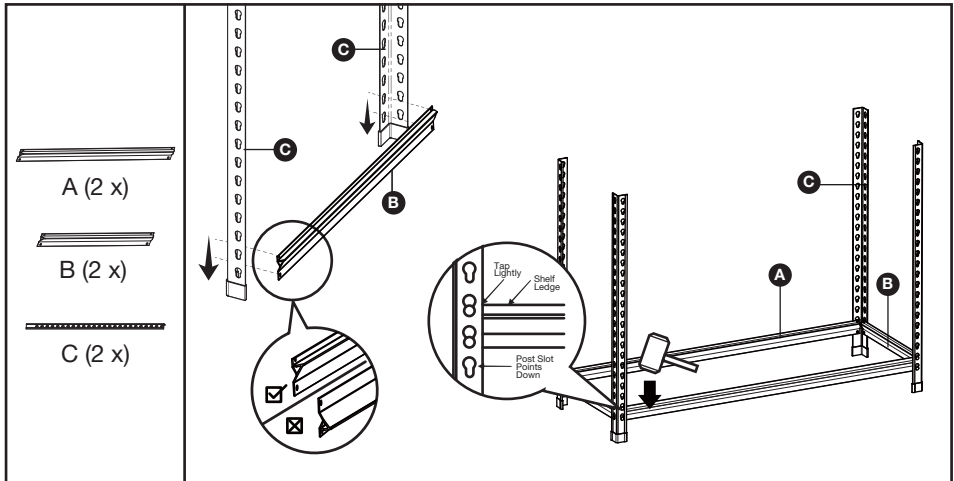

STEP 1:

NOTICE:

Do not omit this step, which could protect your floor from scratches.

STEP 2:

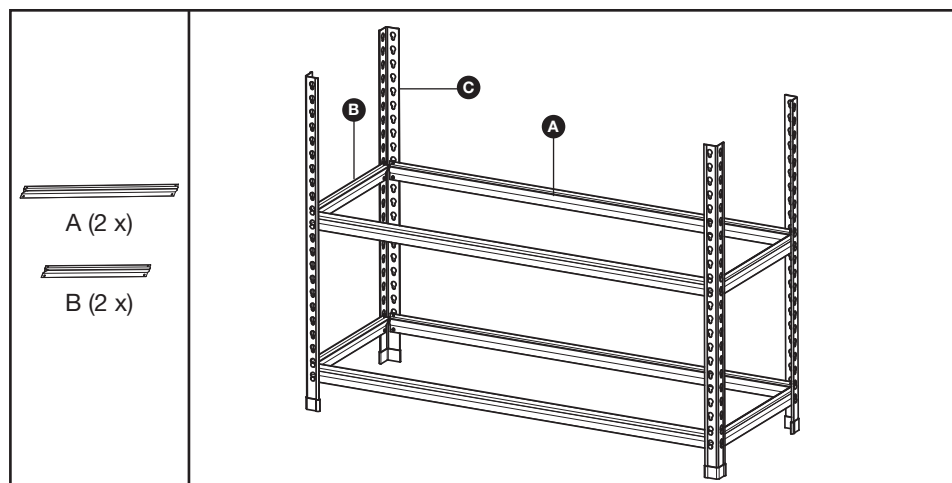

NOTICE:

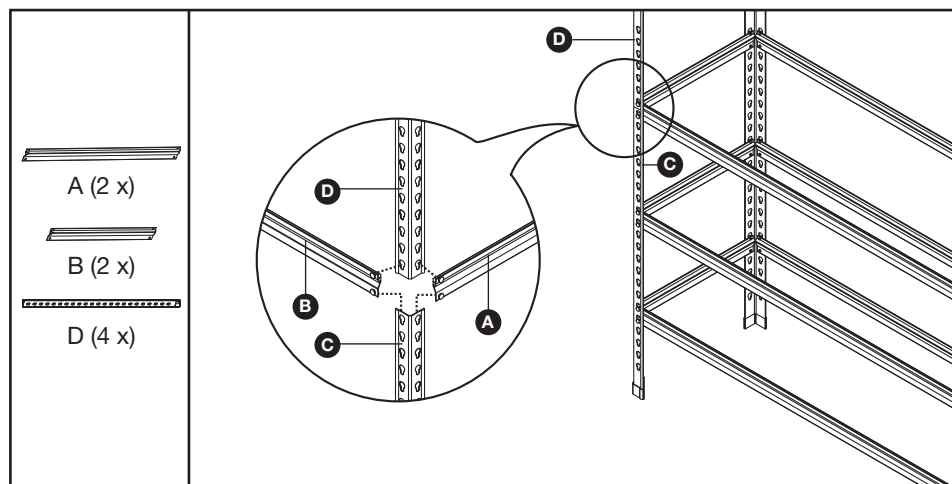

Make sure all the rivets are fully seated into the post slots. You may want to use a rubber mallet (not included) to help push the rivets into the post slots. This applies to all the rivets used in this unit. Each of the beams A and braces B on the same level should be at the same height.

ASSEMBLY
