Wireless Carplay Adapter Android Auto Adapter

Please read the manual carefully before use.
Recommend keeping this manual for future reference.

Compatibility Note

- Please make sure your car supports wired Carplay/Android Auto.
- Required iPhone6 or later iPhone models with iOS 10 or above for wireless carplay function.
- Required an Android smartphone that support latest Android Auto function and with Android 11 or higher of the Android operating system for wireless Android Auto function.

How to confirm if your car has Apple wired CarPlay or Android Auto function:

Method 1:

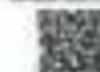

Connect your iPhone or Android smartphone to your car by USB cable and see Carplay or android auto logo on your car display.

Method 2:

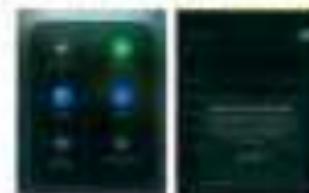

Check the compatibility of your car with your menu buttons or if your car has this capability.

Check our the website for supported car models:

How to use

- 1 Start the car and wait for the car head-unit system to be loaded.
- 2 Connect the Wireless Carplay Adapter to the USB-A or USB-C port in your car please be sure to plug the adapter into the port that is for wired apple carplay or android auto.
- 3 Open WiFi and Bluetooth on your iPhone/Android smartphone and find the Bluetooth address "JYDA7188****". Click on Pair, Click on "Next", Click on Use Carplay or Use Android Auto.

- 4 You are ready to enjoy wireless carplay or wireless Android Auto.

LED Light Description

- Green status Power on indicator
- Green status:
 - 1 Carplay connecting(green light fast flashing)
 - 2 Carplay connected(green light slow flashing)
- Blue status:
 - 1 Android connecting(blue light fast flashing)
 - 2 Android connected(blue light slow flashing)

Please note

1. The wireless Carplay/Android Auto adapter working principle is: Use Bluetooth to establish a pairing connection (between the smartphone and the vehicle), then switch to using WiFi to re-establish the wireless connection. After the Bluetooth pairing is successful, the iPhone/Android smartphone's WiFi will automatically connect to the adapter's WiFi, and then disconnect the Adapter's Bluetooth connection by default for carplay, and automatically connect to your vehicle's Bluetooth by default for Android auto.

2. Please ensure wireless Carplay/Android auto Adapter power indicates blue light is on.

3. Please ensure that your car models supports wired carplay/Android auto.

Package list

- 1x Wireless Android Auto Adapter
