GETTING STARTED

BATTERY REMOVAL AND INSTALLATION

1. Make sure the unit is turned **OFF**.
2. Find the battery cover under the top panel of the electronic module. Use a coin or a screwdriver to loosen the screw and then open the battery cover.
3. If used batteries are present, remove these batteries from the unit by pulling up on one end of each battery.

4. Install 2 new AA (AM-3/LR6) batteries following the diagram inside the battery box. (For best performance, alkaline batteries or fully charged Ni-MH rechargeable batteries are recommended).
5. Replace the battery cover and tighten the screw to secure.

WARNING:

Adult assembly required for battery installation.

Keep batteries out of reach of children.

IMPORTANT: BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

RECHARGEABLE BATTERIES

- Remove rechargeable batteries (if removable) from toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

Disposal of batteries and product

The crossed-out wheeled bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation.

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Please dispose of your product and batteries responsibly.

In the UK, give this toy a second life by disposing of it at a small electricals collection point* so all of its materials can be recycled.

SONG LYRICS

Song 1

There are six sides for you to explore,
Buttons to press and so much more.
Pick up the phone and call your friends,
Go for a drive and play pretend!

Song 2

Let's hit the road, turn left or right,
Which way should we go today?
There's lots to see, and many places to go
Adventure is waiting for us.

Song 3

Vroom, vroom, vroom, vroom

Where should we go?

Beep, beep, beep, beep

Drive down the road!

Drive to the park or drive to the farm

There's always somewhere for you to explore.

Song 4

Tick-tock, tick-tock, goes the clock

How will you spend your day today?

Eat a snack, play with a friend,

Play with blocks or learn some thing new.

Song 5

Hello, hello,

hello, my best friend!

I'm happy to talk to you today! I hope you're doing well!

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Remove the batteries if the unit will not be in use for an extended period of time.
