Android 9 above with the latest software. | App | Google's Find Hub | <p>Before Use</p> <p>Please download the official Google's Find Hub app through the Google Play Store:</p> <ol style="list-style-type: none"> Open the Google Play Store on your Android device. Search for "Find Hub". Verify the developer is Google LLC. Tap "Install" to complete the process. <p>Important Notes:</p> <ol style="list-style-type: none"> System Requirements: Requires Android 9 or later, and the device must be logged into a Google account. Google's Find Hub APP needs to be updated to the latest version on the Google Play Store, and Google Services need to be updated on mobile phones. Permission Settings: Ensure that "Location Services" and "Device Administrator" permissions are enabled. Security Warning: Avoid downloading APK files from unknown sources to prevent malware risks. | <p>How to Connect</p> <p>Battery insulation tab</p> <ol style="list-style-type: none"> Before connecting, ensure that your phone's Bluetooth is turned on and the WiFi or cellular network signal is at full strength. Pull out the battery insulation tab to power on the device. Your phone will automatically prompt the product connection page immediately. Click "Connect". Read "Use Responsibly" and click "Agree and Continue". Once connected, click "Open App" to be redirected to the product management page. | <p>How to replace the battery?</p> <p>Use the tool to open the shell</p> <p>tool</p> <p>Tip: If you want a refund, please make sure to remove the items you have added before returning to avoid disclosing your privacy.</p> <p>How to power on: press the button once, the device is power on.</p> <p>How to power off: press and hold the button for 5 seconds, the device is power off.</p> <p>How to reset: press the button 4 times within 2 seconds, then press and hold the button until you hear the beeps, the device is in reset state.</p> | <p>1. See on map</p> <p>Pull up a map view of the space around you to better understand where exactly your tagged item is located. Zoom in and out to track down your item.</p> <p>Warning: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>NOTICE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p>4.A community for finding</p> <p>For the moments when you're really far away from an item, the Find Hub network is here to help. Android devices all over the world - like tablets, phones, and smartwatches - will work together to support you in finding that tablet you left on an airplane, two layovers ago.</p> <p>5.Beyond the phone</p> <p>Google Assistant on your Google Home or Pixel Watch is here to help. Try prompts such as, "Hey Google, Hub was lost" or "Hey Google, find my keys"</p> <p>6.Une fois connecté, cliquez sur "Ouvrir l' app" pour accéder à la gestion du produit.</p> <p>Uso del pulsante</p> <p>1.Accensione: Premere una volta.</p> <p>2.Spegnimento: Tenere premuto per 5 secondi.</p> <p>3.Ripristino: Premere 4 volte in 3 secondi, poi tenere premuto alla 5a fino al bip.</p> <p>Utilisation du bouton de fonction</p> <p>1.Allumer: Appuyez une fois.</p> <p>2.Eteindre: Maintenez enfoncé pendant 5 secondes.</p> <p>3.Reinitialiser: Appuyez 4 fois rapidement en 3 secondes, puis maintenez la 5e fois jusqu' au bip.</p> <p>Astuce: Pour un remboursement, supprimez les objets ajoutés avant de retourner l' appareil.</p> | <p>español</p> <p>1. Descarga la aplicación oficial "Find Hub" de Google desde la Play Store.</p> <p>2. Antes de conectar, asegúrate de que el Bluetooth de tu teléfono esté activado y la señal WiFi/celular esté al máximo.</p> <p>3. Retira la pestilla aislante de la batería para encender el dispositivo. Tu teléfono mostrará automáticamente la página de conexión.</p> <p>4. Haz clic en "Conectar".</p> <p>5. Lee "Uso responsable" y haz clic en "Aceptar y continuar".</p> <p>6. Dado la conexión, haz clic en "Ouvrir l' app" para acceder a la gestión del producto.</p> <p>Deutsch</p> <p>1.
