

RENA S2 / SA2

Wireless audio streamer / amplifier

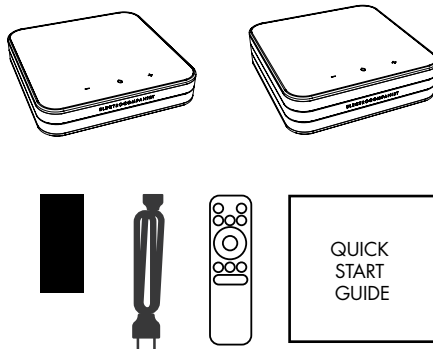

QUICK START GUIDE

Introduction

Welcome to the world of Electrocompaniet! Through more than 50 years of ceaseless practice, we've learned how to combine timeless Scandinavian design and innovative thinking to give you the purest possible experience of music and sound. EC Living not only combines all of that into one small package, it also embeds in itself the technologies of tomorrow, granting you access to all your favourite Music Streaming Services at your fingertips.

Package content:

- 1 pc. RENA SA2 or S2
- 1 pc. EC Living bluetooth remote control
- 1 pc. Power cable and power supply
- 1 pc. Quick Start Guide

Unpacking

Immediately after receiving the RENA S2/SA2, inspect the carton for possible damage during shipment. The carton and packaging have been designed to provide the safest possible protection for transport of your RENA. Unpack the unit carefully. Save all packaging materials for possible future shipments.

Full manuals and other documents available online

Electrocompaniet has a green profile and as part of that we reduce the volume of documentation included in the box.

You can find a full manual on our web page: www.electrocompaniet.com

First time setup: What is needed

PREPARE

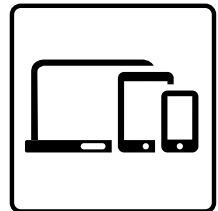

1

Wireless router with a broadband internet connection and Ethernet cable

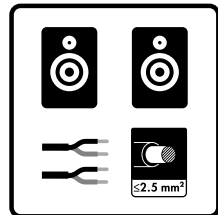

2

Apple iOS or Android device on the same network

3

For Rena SA 2: Pair of Passive speakers and speaker cables

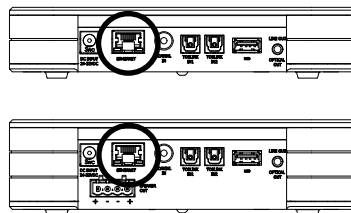

STEP 1

Connect all the cables

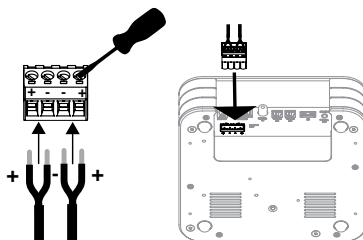

1

Connect the Rena S2/ SA2 to your router with a standard Ethernet cable (not included)

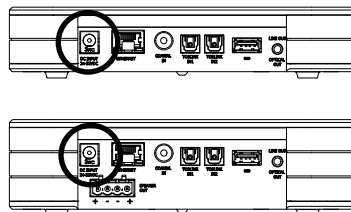

2

For RENA SA2 only:
Connect both speaker cables

3

Connect the power cable to the power supply, plug it in the wall and the other end in the DC input

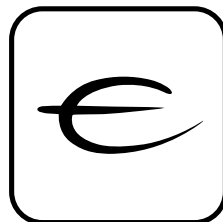

Initial Setup: Based on the wired network connection

STEP 2

1

Download the “EC PLAY” App

The free App is available at the Apple store or Google Play. Search for: “EC PLAY” or “Electrocompaniet”

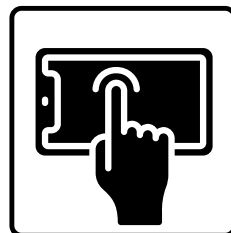

2

Launch the “EC PLAY” App

Press the “ Setup a new system” in the app. Follow the on-screen instructions in the app to setup your system.

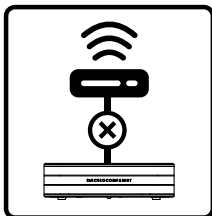

Once done with setup choose some Radio station to test the sound.

ENJOY!

STEP 3

Enabling wireless connection

This step is only necessary if you want the system connected to your wireless network. If you want to continue using wired connection (LAN cable), simply skip this page. (We recommend using wired connection if possible to reduce Wi-Fi traffic and achieve best possible stability for the system.)

PLEASE NOTE! Playing very high resolution files over Wi-Fi is not recommended. If dropouts occurs, please switch to cabled connection.

Wireless network setup:

1. Start the EC PLAY App.
2. Tap **MORE button** at the bottom right menu.
3. Tap **NETWORK**.
4. Scroll down and tap **CONFIGURE WIFI**.
5. Select your wireless network. (Mobile/tablet must be on the same network)
6. Enter your password, tap "Join" or "OK"
7. Remove the LAN cable and wait until the Rena reappears in the App. Tap Room and reselect your RENA S/SA 2.

Please note! There is no benefit in using both wireless and cabled connections. Use one or the other.

If you loose connection with the system, reconnect the network cable and check your network password carefully.

Alternative setup: Based on wireless connection

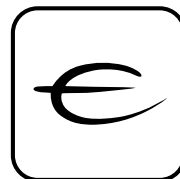

If you can't connect the Rena to the Wireless router with the cable, please follow the next steps:

1

Download the "EC PLAY" App

The free App is available at the Apple store or Google Play. Search for: "EC PLAY" or "Electrocompaniet"

2

iOS Apple devices:

1. Check if green and orange status led is lit on the top panel.
2. Start the EC Play app, and press "Setup a new system", follow the on-screen instructions.
3. Choose the Rena when it pops up and connect it to your chosen network.
4. Wait for EC play app to finish the setup.

Android devices:

1. Check if green and orange status led is lit on the top panel.
2. Start the EC Play app, and press "Setup a new system", follow the on-screen instructions.
3. Select the system access point in your Wi-Fi settings when asked. The access point will be named after your system and serial number. For example, "Rena-10". Return to the EC Play App and complete the setup.

OR

If Service is needed

Your dealer will have all relevant information regarding the service centers in your area, and will ensure that your unit is serviced with minimum delay. It is our general policy to have your unit returned to you within five working days. This is an average time, and can vary locally, depending on the workload at that particular service station. If, for some reason there are no service facilities available in your country, please ship the unit to the following address:

Electrocompaniet AS, Teknologivegen 2, 4120 Tau, Norway
Web: www.electrocompaniet.com

Service and support department: <https://electrocompaniet.com/pages/support>

The end user is responsible for all shipping charges, insurance, re-importation and duty charges.
When shipping a product to the factory for service, always include the following:

1. A sales slip or other proof of purchase if repair is claimed under warranty.
 2. A proforma invoice with value of goods, stating that the RENA S2/SA2 is returned to Norway for repair.
 3. An accompanying letter describing faults, symptoms, or problems with the unit.
 4. Always ship the unit in its original carton and packaging material to prevent damage in transit.
- Electrocompaniet will not cover damages incurred in transit. If you require further information concerning the operation of the unit, or if you have any questions related to service, please do not hesitate to contact your dealer or your national distributor.

Warning!

To avoid risk of fire or electric shock, do not expose this appliance to rain or moisture. Verify line voltage before use. Do not remove top cover. No user serviceable parts inside. Refer servicing to qualified service personnel. The warranty is void if the product is tampered with by non-authorized personnel. Use only authorized Electrocompaniet service center.
