THE INSTALLER'S CHOICE

DEAR CUSTOMERS AND FRIENDS,

Dear customers and friends,

Yet another year has passed and Metra is now celebrating its 71st birthday in the 6 volt/12 volt industry! We have been in the autosound and communications business for a long and amazing time! As I have said before, Metra continues to rejuvenate and stay young and yet maintain our core values that have kept us ahead of the pack for our entire history.

Metra continues to strive and bring the very best to our industry. We have been an automotive innovator and supplier from our very beginning and continue to design, manufacture and deliver the finest in automotive parts and accessories on the market today. Our industry is evolving quickly and the technological demands and problems, that at times seem insurmountable, present a challenge for our opportunities. In other words, we all must continue to evolve and change with the times and technology. As we all evolve, the opportunities will continue to present us with a thriving and profitable business for us all.

This year alone, we have released 56 new dash kits, with many more to follow. 10 of these kits include touch screen pads that communicate with the CAN Bus in the vehicle. We have also added 12 new speaker adapter plates to ease installation in many vehicles. We have also added many new dash kit finishes to our line including Mossy Oak® Break-Up Country™ Camo and Realtree® Xtra™ Camo pattern designs.

Also, many of our older kits have been redesigned in order to fit a double din radio in such vehicles as the 1997-2002 Camaros, 2001-2007 Caravans, 1988-1994 Chevy trucks and 2003-2006 Jeep Wranglers...All proudly made in the USA.

We continue to expand and improve our Axxess brand of interfaces covering as many applications for adding aftermarket head units as possible. Our most exciting new offering is our Axxess brand, AX-DSP, digital sound processor. Our new AX-DSP is the perfect component to use when adding aftermarket speakers and amps to a factory system! It is one of the first to be offered, at a reasonable price, to communicate to the CAN Bus. All features can be controlled using either an Android or the OS app available from either app store.

We are also proud to announce the creation of an entirely new group of products dedicated to adding aftermarket audio to bikes, ATV, side by side and marine applications. Metra Power Sports accessories include saddle bag speaker covers, radio kits, amp kits, lighting and accessories.

Our Heise lighting brand continues to expand with the addition of headlights for motorcycles, headlights and tail lights for jeeps, a wider selection of marine lights as well as led strips, replacement bulbs and more...We thank you, our customers for this line's rapid expansion and success!

Finally, our Install Bay line continues to add stronger offerings of much needed accessories such as wiring, switches and much, much more. The Install Bay continues to supply everything needed for a top notch install.

Thank you all for your support and advice over the years. Metra is here to help in any way. Thank you dear friends and loyal customers for once again keeping Metra "The Installer's Choice" for 71 great years!

Warmest regards,

Bill Jones
President/CEO
Metra Electronics Corporation

TURBO WIRE

Part Number Conversion

Model numbers represent the aftermarket radio type and corresponding Turbo Wire four digit part number suffix. For specific vehicle applications, see the Turbo Wire section of this catalog and the application chart at the back. A "universal" Smart Cable with 0001 as the suffix is just the radio plug with 5 1/2" wires and no vehicle side harness on the other end.

COMBINATION DESIRED:

about Metra

We at Metra always strive to listen to our customers. You have told us to do a better job at telling the Metra story. For over 70 years, Metra has maintained its cutting edge by paying attention to our marketplace and innovating products to the needs of the installer. We are the "Installer's Choice" because we are installers.

We design our products to be easy to use and easy on the eyes. If you can see a Metra product, then we haven't done our job. Metra Turbokits are designed to be heard but not seen. This means that our fit and finish is the best in the business.

Our GSXL Turbowires are designed with the same philosophy in mind. Their longer length for ease of installation and thicker OEM cables with OEM connectors make for a mighty install, with no down time on returns or angry customers.

It is with this in mind that we remind you to visit our website. So what are you waiting for? Get your buyers guide to check out the new lines and let us know what you think. We at Metra have always known that the installer is our real "end user"—not the buyer, not the distributor and not the customer who owns the car. We are the "Installer's Choice" because our customer is the installer, and with this philosophy we built a company... Metra.

Thank you for all your loyal support.

SATELLITE RADIO ANTENNAS

The Metra Roof-Mount Satellite Radio Antenna specifically for SiriusXM® Satellite Radio reception have dual-mode functionality, receiving simultaneous signals from satellites and terrestrial repeaters to ensure continuous reception. These are antennas that offer all the benefits of satellite radio and compliment the vehicle's appearance.

FEATURES:

1. Low-profile mounted design, safe for low-clearance conditions, including car washes.
2. Roof mount adhesive acrylic foam pads and necessary mounting hardware and color-coded cable connectors included.
3. Tested and proven to Automotive Environmental Standards shock-and vibration-proof design.

TERMS:
Net 30 days from date of invoice on approved accounts. Minimum order: $50 per invoice, orders less than required minimum incur a $20 service charge.

FREIGHT:
Freight on board (F.O.B.) from point of shipment.

CREDIT:
In order to establish a credit line with Metra, an application for credit must be submitted listing a minimum of two (2) trade references and a bank with their addresses and phone numbers and must be signed by a principal or authorized officer of the company. A credit line will be established by our credit Manager and must be maintained in a current status according to our terms (net 30 days). Credit not established or revoked requires remittance with order. Will be placed on any amounts that are 30 days or more past due.

RESALE TAX EXEMPTION CERTIFICATE:
California customers must provide a valid resale card before an order can be placed.

CLAIMS:
Title and risk of loss passes to buyer at F.O.B. Shipping point and all claims must be filed with Carrier. Any discrepancies must be reported to Metra within ten (10) days of receipt of shipment.

RETURNS:
All sales are final. No returns or exchanges will be allowed without prior written authorization from Metra. All returns are subject to a 20% handling charge, must be in a saleable condition, and must have been purchased within sixty (60) days of return request. No stock balancing permitted. Copies of invoices must be mailed in advance for any return authorization (R.A.).

LIMITED WARRANTY:
Metra warrants all of its products, including all electronic kits, to be free from defects in material and workmanship for a period of 1 year from date of purchase. Metra will, at its option, repair, replace or allow credit on any part which, in Metra's opinion, is found defective under normal use. Warranty void on items misused, altered in any way, tampered with or serviced by anyone other than Metra. This warranty of merchantability of fitness neither assumes or authorizes any other person to assume for it, any other liability in connection with its products. In no event shall we be liable for any incidental or *consequential damages, or do we assume any other liability except provided herein.

BACK ORDERS:
If an item is temporarily unavailable for immediate shipment, we will back-order the item and ship as soon as possible from the nearest available warehouse, unless otherwise instructed.

Metra reserves the right to make changes in or deletions of products or prices without prior notice.
