

THE ADP
ADVANTAGE

Contractor Guide

PREMIER UPGRADE

MATCHED SYSTEM

Designed to match perfectly with any system, excelling in appearance and performance.

2

PREMIER PRODUCTS

ADP's premier evaporator coils provide an upgrade over standard matched coils.

Balanced Airflow

A-Coil design balances airflow evenly across the entire coil.

ADP Drain Pan

Patented HydroTEC™ contoured low water retention drain pan
Dual drain connections on each side for ease of installation

SKU Optimization

Upflow, Downflow, Multi-position configurations
AL & CU coil options support local markets

PREMIER PRODUCTS

ADP's premier air handlers provide an upgrade over standard matched coils.

Electric or Hot Water Heat Options

Easy to replace hot water heat kits – available factory or field installed on B Series

Easy Access Control Panel

Easy-to-access control panel and one-point electrical connections

Motor Options

Optional 5-speed high efficiency ECM motor: 208/240 V, 60 Hz

HOMEOWNER ADVANTAGE

Microban® Technology

Did you know that microbes can double every 20 minutes on an untreated surface?

The best defense against mold and mildew in a home is preventing its growth through moisture control and mold resistant building materials.

- ▶ Microban® International is the global leader in built-in antimicrobial protection, with 42% aided brand awareness among consumers
- ▶ ADP is Microban® International's exclusive North American licensee for HVAC drain pan applications

3

Microban® antimicrobial additive inhibits the growth of mold and mildew on the surface of the drain pan

Plastic without Microban® protection

Plastic with Microban® protection

Based upon standard laboratory tests and provided for comparative purposes to substantiate antimicrobial activity for non-public health applications. For more information visit www.microban.com/adp

SUPERIOR DESIGN

LOWER HEIGHT

ADP offers short coil heights providing installation flexibility.

13 SEER COIL HEIGHTS

See spec guide for
available models.

4

HIGH PERFORMANCE

Upgrading to ADP's higher efficiency evaporator coils can increase system performance.

Tight Cabinets

System performance is improved by keeping 99% or more of the air inside the coil cabinet.

Lanced Fins

Unique lanced fin technology increases coil cooling efficiency.

PERFECT FIT

Flexible coil widths allows selection of the perfect coil for your region.

Coil Width

ADP produces multiple coil widths for a perfect furnace fit across a wider range of tonnages.

Higher Tonnage Coils Available For Narrower Furnaces

Example:

- 3 Ton ADP Coil will fit perfectly on a 14" wide furnace
- 4 Ton ADP Coil will fit perfectly on a 17.5" wide furnace

SEER/EER

High SEER/EER coils fit smaller furnaces.

ADP Coil Width Chart

	Tonnage range						
	1.5	2	2.5	3	3.5	4	5
14.5"							
17.5"							
21.0"							
24.5"							

NOTE: Width options may vary based on furnace selection

INNOVATION

Continuous improvement of technology with the rights to 12 patented processes and designs.

SEER Performance

Innovative design features provide higher efficiency options while maintaining a minimal footprint.

4-Row

TIME SAVINGS

QUICK INSTALLATION

Our easy to install coils allow you to shorten installation time, resulting in time savings and increased revenue.

- Lower heights for system flexibility
- Perfect match and fit with OEM equipment
- No pre-assembly required

1% or Less Cabinet Air Leakage
Allows for quick and easy installation without the need to add tape to seams

No Brazing Required
TXV with all threaded connections saves time in the field

Leak Free Rubber Plugs
Suction and liquid lines do not require cutting for installation

EASY ACCESS

ADP products are designed and built with the dealer in mind.

Non-Captive Front Panels

Provides fast and easy coil access without the need to cut refrigerant lines

Thumb Screw Access

Filter rack door with thumb screws for easy access and replacement

Plenum Flanges

Built-in plenum flanges with rounded corners allow for fast and safe installation

REDUCED CALL-BACKS

ADP's premier evaporator coils minimize the risk of return trips.

Design

Advanced product designs and unique processes provide reliable and long-lasting performance.

Dual Testing

Proprietary dual testing technology ensures leak-free systems, even with the higher operating pressures of R-410A.

QUALITY MADE IN USA

TROUBLE-FREE

ADP manufactures high quality products, while creating a trouble-free customer experience.

- ADP's industry leading position is recognized year after year with numerous industry and customer awards for Performance, Excellence, and Quality
- Our quality management system achieves standards of reliability that are recognized and respected worldwide

8

LEAK-FREE

- Our unique product designs reduce the risk of refrigerant leaks for the life of your heating and cooling system
- Every product leaving our facility is tested twice, ensuring leak-free performance
- Our customers consistently share feedback about ADP coils being leak-free compared to other major brands

AIR UNDER WATER TESTING

HELIUM TESTING

ADP is the #1 producer of residential evaporator coils in the USA.

ADP is proud to support our local communities by providing jobs right here in the USA.

EXTENDED WARRANTY

**10-YEAR
LIMITED
WARRANTY
AVAILABLE**

10

REGISTER ONLINE AT WWW.ADPNOW.COM/ADP-WARRANTY

within 90 days of installation to receive a limited warranty of 10 years from the date of installation.*

- **5-YEAR STANDARD LIMITED WARRANTY ON ALL EVAPORATOR COILS AND AIR HANDLERS**

Applies only to product installed within the United States or Canada

- **10-YEAR LIMITED WARRANTY AVAILABLE**

Not available on all products. For additional Extended Warranty details and conditions, see warranty information at www.adpnow.com/adp-warranty

* Not to exceed 12 years from the date of manufacture.

3 EASY STEPS FOR REGISTRATION

01

GO TO WWW.ADPNOW.COM/ADP-WARRANTY

02

Product Registration for Extended Warranty

Please answer the following questions:	
☐ Yes ☐ No	Are you the original homeowner who purchased this equipment or the installing contractor?
☐ Yes ☐ No	Is the unit installed in a single family residence?
☐ Yes ☐ No	Are you registering within 90 days of the date the equipment was installed?
