

SuperTuffMenus Template: 12" x 12" Large Square Menu

Finished Size: 12inches x 12inches

Finished Size

The finished size of your menu.
All straight edge SuperTuff Menus
are round cornered as standard.

This is your template, please use
this as a guide to make sure your
artwork is correct.

Bleed

This is the area extended
beyond the crop marks for us
to cut off so that there are no
white lines at the edges. We
need this so that we can get ink
right to the edge of your menu.

Your PDF should be created in
Full Colour CMYK and supplied
with front and back
as 2 separate pages, in one file.

Please convert all spot colours
and RGB to **CMYK colour
mode** with **crop marks** and
0.125 in bleed. Fonts should
be **embedded** or **converted to
outlines**. Images should be
300dpi or higher.

Safe Area

Please don't put text too close
to the edge as this would be in
danger of being cut off. Please
ensure all important text and info
are at least 0.1969in from the
finished size to avoid being cut off.

Design Tip - Price Presentation

Would you be pleased with your waiter or waitress if
they started to tell your customers about food on the
menu beginning with the price?

Next time you are out looking at a menu (not your
own) and the prices are all neatly aligned on the right,
I bet you look at the prices before you read all the
words about the dish on offer. Be honest. We all do it.

Do this:

**Pan fried seabass,
crayfish and tomato risotto**
shaved fennel salad and salsa verde. 18

Baked haddock
saute greens, peas, lemon
and parsley veloute. 13

Wild mushroom risotto
with rocket and parmesan. 13
