FEATURES & BENEFITS

Multi-function Flexibility

Nine functions including Roast, Pizza Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.

Generous capacity

With a generous sized internal cavity of 85L total capacity, you can create several dishes at once using multiple shelves.

ActiveVent Technology

With ActiveVent technology for optimised moisture levels and AeroTech™ for even heat distribution, you'll get perfect results even when using multiple shelves.

Cleaning is simple

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Beauty of choice

With the choice of stylish stainless steel or elegant black, you can choose the finish that complements your kitchen design best.

Safe and sound

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.
