USER GUIDE

Congratulations

Your new SC-1 Standard Condenser Microphone with Hemisphere Mic Modeling is designed to deliver years of uncompromising sonic performance.

The SC-1 is a professional large diaphragm studio condenser microphone suitable for a wide range of audio applications. With its cardioid polar pattern, low noise, and high maximum SPL, it's particularly well suited for capturing vocals, acoustic instruments, and other complex sources.

Get Hemisphere

Your SC-1 includes Hemisphere mic modeling, giving you a collection of the greatest mics ever made.

Follow these steps to get your Hemisphere plug-in:

1. On your computer, visit **uaudio.com/mics/hemisphere**
2. Download, install, and open the UA Connect application.
3. Click the **+ Add Hardware** button in the app and enter the serial number, which can be found on the package or the XLR connector, then download your plug-in.

For complete documentation and support, visit **help.uaudio.com**

Specifications

Type

Condenser

Polar Pattern

Cardioid

Sensitivity

-39 dB (0 dB = 1V/Pa @ 1 kHz)

Frequency Range

20 Hz - 20 kHz

Self Noise

12 dB

Maximum SPL

145 dB (1% T.H.D. @ 1 kHz)

Output Impedance

200 Ohms

Phantom Power

48 VDC, 3 mA (typical)

Output Connector

3-pin XLRM
