# Important Safety Instructions

## 4. CE Compliance

This product complies with the requirements of European directives and other applicable regulations.

## 5. Disposal

For customers in Europe:

Disposal of electrical and electronic waste, as well as batteries and accumulators.

a) If a product, packaging, and/or accompanying documentation is marked with the symbol of a crossed-out trash bin, the product is subject to European directives and national laws implementing these directives.

b) These directives and laws require that electrical and electronic waste, as well as batteries and accumulators, must not be disposed of with regular household waste. Proper disposal, recovery, and recycling must be ensured, and you are obligated to dispose of old devices and discharged batteries/accumulators at designated collection points.

c) Proper disposal contributes to conserving valuable resources and prevents potential harmful effects on public health and the environment that may result from improper disposal. Disposal is free of charge.

d) For more information on the recycling and recovery of old devices, batteries, and accumulators, contact your local municipality, the waste disposal company, or the point of sale where you purchased the product.
