Tata Power Renewable commissions record 752 MW of solar projects in Q1 FY26

Mumbai, July 3, 2025: Tata Power Renewable Energy Limited (TPREL), one of India's largest renewable energy Company and a subsidiary of The Tata Power Company Limited (Tata Power), has commissioned 752 MW of renewable Solar projects in Q1 FY26 — a record quarterly addition, up 112% from 354 MW in Q1 FY25.

TPREL's EPC project installations are a testament to seamless execution, disciplined project management, and a strong commitment to quality and safety.

Leveraging advanced engineering practices, TPREL has consistently delivered projects, even in challenging environments. The robust supply chain, agile execution model, and strong vendor partnerships, allows the TPREL to execute projects while optimizing costs.

With the Q1 FY26 commissioning, TPREL'S total utility-scale operational capacity now stands at 5.6 GW, including 4.6 GW solar and 1 GW wind. It further plans to commission 1.7 GW of its utility owned capacity during FY26 apart from 1 GW of third-party projects.

Tata Power targets 7.3 GW of total operational capacity by FY26-end, with solar capacity at 5.6 GW and wind capacity at 1.7 GW.

Tata Power renewable energy installations not only contribute to India's clean energy capacity but also reflect its strategic role in supporting national energy security and sustainability goals.

About Tata Power:

The Tata Power Company Limited, a leading integrated power company and a part of the Tata Group, India's largest multinational business conglomerate, owns a diversified portfolio of 15.7 GW. This portfolio spans the entire power value chain, from renewable and conventional energy generation to transmission, distribution, trading, storage solutions, and solar cell and module manufacturing. As a pioneer in India's clean energy transition, Tata Power has 6.9 GW of clean energy generation, constituting 44% of its total capacity. Committed to achieving carbon neutrality before 2045, Tata Power has successfully partnered with public and private entities across India's generation, transmission, and distribution sectors, serving approximately 12.8 million customers nationwide.
