CLEANING & MAINTENANCE

Cleaning: Dishwasher & Hand-Washing

The unit should be cleaned thoroughly after every use.

1. Unplug the unit from the wall outlet and remove the lid before cleaning.
2. To clean the inner pot, use a non-abrasive sponge to wipe it down. Do not use harsh chemicals or scouring pads.
3. The outer pot and base can be cleaned with a damp cloth.

NOTE: NEVER put the unit in the dishwasher or immerse it in water when plugged in.

4. If the base is dirty, use a damp cloth to wipe it down. Do not use harsh chemicals or scouring pads.
5. Wipe down the base and the inner pot with a damp cloth.
6. Wipe down the base and the inner pot with a damp cloth.

7. Wipe down the base and the inner pot with a damp cloth.
