

LUMME Cordless Rechargeable Blender To-Go User Guide

Welcome to Your New LUMME Blender!

Introducing the LUMME Cordless Rechargeable Blender To-Go, the perfect companion for those who love fresh smoothies, shakes, and blended beverages but are always on the move. This innovative portable blender has been designed with your safety and convenience in mind, featuring cutting-edge technology that redefines the blending experience.

Getting Started

Inside the box, you will find the LUMME Cordless Rechargeable Blender, a charging cable, and a user manual. Before using for the first time, charge your blender fully using the provided cable. This ensures maximum battery life and performance in all your blending adventures.

Operating Instructions

To use, simply fill the blender cup with your desired ingredients, secure the lid, and press the blend button. The cordless feature allows you to blend anywhere, without the need for an electrical outlet. A single charge can last for multiple uses, making it your reliable companion for fresh beverages on the go.

Cleaning and Maintenance

Cleaning the LUMME Blender is a breeze. The blender cup is detachable and dishwasher safe, making cleanup quick and easy. For the base unit, a simple wipe with a damp cloth is sufficient to keep it clean and ready for your next blending session.

Safety and Precautions

Always ensure the blender is turned off and disconnected from the charger before cleaning. Do not submerge the base unit in water. Follow the user manual for detailed safety instructions and proper handling to ensure a safe and enjoyable blending experience.
