

Baseus GaN2 Fast Charger 1C 100W US User Manual

Please Read This User Manual Completely And Keep It Properly

1. Product Parameter

Name: GaN2 Fast Charger
Model No.: CCGAN100CS
Material: PC
Input: 100-240V~, 50/60Hz, 2.5A Max.
Type-C Output: 5V/12V=3A, 9V/15V/20V=5A
Product size: 67*30*55mm
Product weight: About 178g

Name: Baseus Mini White Series Data Cable (with E-marker chip)
Material: TPE
Current: 5A (20V=5A 100W)
Interface: Type-C to Type-C
Length: 1.5m

The above data are measured by the Baseus laboratory, the actual use will be slightly different depending on the specific circumstances.

2. Packing List

Charger*1
User Manual * 1
Warranty Card *1
5A C to C 20V=5A 100W Charging Cable (With E-marker Chip) *1

3. Product Diagram

4. Product description

This product is a new semiconductor material (GaN) process of 100W travel charger, the product has a small size, complete fast charging protocol and so on, support Quick Charge 5, PD3.0, PPS and other fast charging, the maximum output power up to 100W, for most laptops to provide PD full-speed fast charging, support Huawei, Samsung, Xiaomi and most other mobile phones fast charging. Products built-in overflow, over pressing, temperature protection and other multiple safety protection circuits.

5. Use environment

Use ambient temperature: non tropical area with altitude below 2000m.

6. Statement on Toxic and Hazardous Substances in Electronic Information Products

Part Description	Toxic or hazardous substances and elements 					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (Cr-VI)	Polybrominated biphenyls (PBB)	Polybrominated diphenyl ethers (PBDE)
PCB	X	○	○	○	○	○
Plastic	○	○	○	○	○	○
Metal	X	○	○	○	○	○
Accessory	○	○	○	○	○	○

This form is compiled in accordance with SJ/T 11364.

O: It indicates that the content of the toxic and harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.

X: The content of toxic and harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard.

This product complies with EU RoHS 2.0 Directive(2011/65/EU)

The 10-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain toxic and harmful substances such as lead, mercury and cadmium. Once they are overused, toxic and harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

7. Tips

Please read all instructions and warnings before using this product. Non-standard use will damage the product or personal safety.

- Do not store the product in high temperature, strong light and strong magnetic field. Do not place it in other harsh environments such as fire source.
- Improper use of the product can easily cause damage to the product or may endanger personal and property safety.
- Consumer shall be liable for any personal and property damage resulted from their improper use against the user manual or ignoring the warning, to which our company will not bear any legal liability.
- Disintegration of this product by non-professionals is strictly prohibited.
- Use of household appliances or loads in excess of the output current of this product shall be avoided (no output due to circuit protection).
- Intense physical actions including knocking, throwing, trampling on and squeezing, etc. shall be avoided.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
