

DREAME

X40 Ultra

Boundless reach, flawless clean

Dreame X40 Ultra

Robot Vacuum and Mop with Auto-Empty and Mop Self-Cleaning

X40 Ultra combines cutting-edge robotic features for a simple cleaning routine. SideReach™ reaches typically unreachable areas, MopExtend™ RoboSwing technology ensures thorough mopping, and an RGB sensor smartly detects the level of dirt. The self-cleaning washboard and mop use 70°C hot water* to reduce stains, while a leading 12,000Pa** suction picks up pet hair and dirt with fewer passes.

*70°C(158°F) hot water: The data comes from Dreame Lab. Based on the standard room temperature environment (about 23°C(73.4°F)), the water in the water tank after heating, the outlet temperature is up to 70°C(158°F). Due to the environmental impact of water temperature fluctuations, the actual use of the subject.

**12,000Pa: Based on tests in Dreame Lab. Actual performance may vary depending on usage.

Key Features

Far-Reaching Cleaning

The side brush can lift up to 10mm(0.39inch)*, and extend to reach wall corners and curved furniture legs with fewer missed spots. Utilizing Dreame's MopExtend™ RoboSwing technology, X40 Ultra eliminates hidden debris under low-profile furniture with a 4cm** mop extension.

*10mm(0.39inch): Based on tests in Dreame Lab. The lifting height is defined as the distance between the top of the brush bristles and the ground after the side brush has been lifted.

**4cm(1.57inch): Based on a calculation derived from environment testing in Dreame Lab. Actual performance may vary depending on the real-world environment and usage.

Autonomous Washing. Hands-Free Maintenance.

Relish the convenient self-maintenance of X40 Ultra. It auto-empties dirt for 75 days*, dries mops with hot air, and refills water & solution. Plus, it cleans the mop and washboard with 70°C hot water to tackle stains and foul odors.

*75 days: Based on a calculation derived from environment testing in Dreame Lab. Actual performance may vary depending on usage.

Smart Dirt Detection to Remove Tough Stains Tough Stains

With the latest upgraded OmniDirt™ detection* technology, X40 Ultra's intelligent RGB camera identifies tricky and sticky stains, scrubbing them off the floor precisely**. Its turbidity sensor measures water dirtiness, ensuring mop rewashing*** for efficient stain removal and a refreshed home.

*Upgraded Heavy Dirt Sensor: This feature is turned off by default and is only active in CleanGenius™ Mode.

**Precise cleaning with the speed of 0.1m(3.94inch)/s: The data comes from Dreame Lab.

***Mop Rewashing and Floor Remapping: Available once the user sets this function in the CleanGenius™ Mode in the Dreamehome App.

Advanced Sweeping of Dust, Hair, Debris

Enjoy powerful vacuuming on hard floors and carpets with X40 Ultra. Its removable mop protects low-to-high carpets from moisture. At the same time, the industry-leading 12,000Pa suction eliminates hair, dirt, and debris for a cleaner home. The anti-tangle TriCut brush* prevents tangles, saving time and effort.

*12,000Pa: Based on tests in Dreame Lab. Actual performance may vary depending on usage.

**TriCut brush: Purchase separately.

Specifications

Robot Vacuum Dimensions	350 x 350 x 97mm
Base Station Dimensions	456.7 x 340 x 590.5mm
Maximum Suction	12,000Pa
Side Brush Extend	✓
MopExtend RoboSwing	✓
Mop Lifting Height	10.5mm
Removable Mop	✓
Battery Capacity	6,400mAh
Dust Bag Capacity	3.2L
Obstacle Crossing Height	22mm
Dust Box Capacity	300ml
Water Tank Capacity	80ml

Features

Extendable and Lifiable Side Brush

Hands-Free* Base Station Maintenance

Mop&Washboard Cleaning with 70°C(158°F)** Hot Water

MopExtend™ RoboSwing Technology

12,000Pa*** Powerful Vortex™ Suction

Removable & Lifiable Mop

OmniDirt™ Detection Technology

*Hands-Free: Refers to the combination of auto maintenance features, including auto-empty, washboard self-cleaning, auto mop self-cleaning, auto mop drying, auto tank water refilling, auto water refilling and draining, and auto solution refilling.

**70°C(158°F) hot water: The data comes from Dreame Lab. Based on the standard room temperature environment (about 23°C(73.4°F)), the water in the water tank after heating, the outlet temperature is up to 70°C(158°F). Due to the environmental impact of water temperature fluctuations, the actual use of the subject.

***12,000Pa: Based on tests in Dreame Lab. Actual performance may vary depending on the real-world environment and usage.

What's in the Box

Package List of Robot Vacuum and Base Station

Robot Vacuum x 1	Base Station x 1	Main Brush pre-installed x 1	Side Brush pre-installed x 1	Mop Pad Holder x 2	Mop Pad x 2 (pre-installed)	Cleaning Tool x 1	200ml Cleaning Solution x 1	Power Cord x 1	Base Station Ramp Extension x 1	User Manual x 1	Dust Bag x 1 (pre-installed)
