24. Please ensure that the device is fully charged.

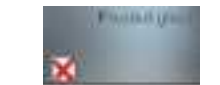

3

### How to Install?

1. Stick on the smooth, dry, clean surface.

2. Any rough and dusty surface cannot be sticked.

3. Clean the surface, dry out and stick it.

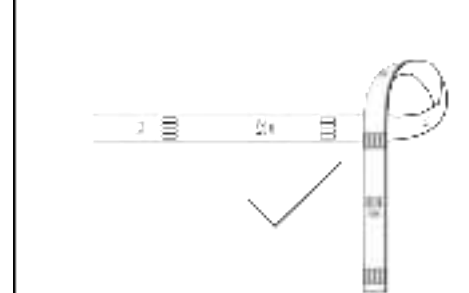

4. Press the whole strip lights repeatedly with force.

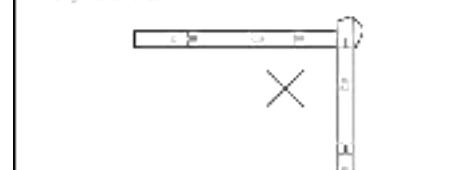

4

Before needed, it is better to bend with a finger or coin to protect the strip light and to lock the connector on it.

During Demonstration

5

### Control by button

### Control by app

1. Scan the QR code on controller to install the APP.
2. Turn on the Bluetooth on your phone.
3. Open the APP, tap the "+" icon in the top right corner and search new device.
4. APP will show the device found, just add it.
5. Tap the device icon to enter control panel, just explore it.

6

### Tips and Cautions

1. Unroll the strip light before powering on.
2. Do power on test before installation. Power supply must be 5V/2A.
3. Be cautious of static electricity during installation and usage.
4. Do NOT allow children to install the strip light alone.
5. Please turn off the power and unplug the adapter if the strip light will not be used for a long time.
6. Keep the product away from sharp objects or strong corrosive chemicals.
7. Please do NOT connect more than 10m product which will cause the power adapter overload.
8. Adjust the sensitivity and the distance between sound source and phone/device in Music Mode to get best music synchronization.
9. It is normal that the USB head is a little hot.
10. Please contact us if you have any problem or get a defective product. We will react within 24 hours.

7

### Troubleshooting

1. App can not discover the device.
  - (1) Check the device is powered on.
  - (2) Check the app is newest version. If there is an app can not find device of new mode.
  - (3) Make sure the device and phone within 5 ft distance.
  - (4) On add device page, wait at most 10 seconds before device show up.
  - (5) Make sure phone's Bluetooth is on and allow permission required.
  - (6) Power off device, kill app, then open app and power on device and try connect again.
  - (7) Disable and enable phone's Bluetooth, then try connecting again.
  - (8) Your phone may be incompatible with the app, try another phone.
  - (9) If still does not work, please contact assistant or seller support.

### Customer Service

If you have any questions or product issues, please contact seller via the email on the package or get the instant support on the chat page in your purchasing account. All messages will be replied within 24 hours.

<p>FCC Statement</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"><li>•Reorient or relocate the receiving antenna.</li><li>•Increase the separation between the equipment and receiver.</li><li>•Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li></ul>	<ul style="list-style-type: none"><li>•Consult the dealer or an experienced radio/TV technician for help.</li></ul> <p>Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <p>(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>RF Exposure Information</p> <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.</p>
