3 IN 1 FOLDABLE WIRELESS CHARGER

Product Appearance

Product Introduction

Thanks for purchasing the multi-functional wireless charger. The 3-in-1 wireless Charger adopts high-end fast charge IC, with its luxury and portable design. It can provide 3 compact charging stations, powered from only one outlet. Also, it can support mobile phones/earbuds/Apple Watch. The charger will start automatically when devices are placed on it. It can support any cell phones with Qi standard. This charger is space-saving designed, which will make your space clean and tidy. All these can help you integrate your electronic equipment and life very well.

Operation Steps

- 1.Connect the charger to a 9V/2.5A QC3.0 adapter through a Type-C quick charge cable to power on
- 2.Put the phone on the charger
- 3.Put the apple watch on and suck it up to charge (Better loosening of the strap)
- 4.Put the charging case of your earbuds on the charger

RF exposure statement

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

FCC Warning

This device complies with Part 18 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Refer to CC Part 18.213(c):

(a) Max. Electric Field Emissions: 5.6782V/m

Max. Magnetic Field Emissions: 0.6301V/m

(b) The maintenance of the system is the responsibility of the manufacturer.

(c) To prevent interference, the product should be as far away from devices operating at the same frequency as possible.

(d) Manufacturers of RF lighting devices must provide an advisory statement, either on the product packaging or with other user documentation, similar to the following: This product may cause interference to radio equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45-30 MHz. Variations of this language are permitted provided all the points of the statement are addressed and may be presented in any legible font or text style.
