08   Extras

8.1 Unwanted tracking

If any Find My network accessory separated from its owner is seen moving with you over time.You will be notified in one of two ways:

a. If you have an iPhone,iPad,Find My will send a notification to your Apple device.This feature is avaliable on iOS or iPad OS 14.5 or later.

b. If you don't have an iOS device or a smart phone ,a Find My network accessory that isn't with its owner for a period of time will emit a sound when it's moved.

These features were created specifically to discourage people from trying to track you without your knowledge.
