Lofi-12 XT Update Guide

1 Using the **Lofi-12 XT's card reader mode** or connect the SD card to the PC/Mac by inserting it into the **PC/Mac's card slot**.

2 **Unzip** the downloaded firmware (.zip) and copy the binary file **(Lofi-12 XT.bin) to the root folder on the SD card**.

3 **Deactivate the Lofi-12 XT's card reader mode** or remove the SD card from the PC/Mac and **insert it into the Lofi-12 XT**.

4 **While pressing** PAD **button, press and hold the power button**.

5 Select **SYSTEM UPDATE** and press **OK**.
When **Are you sure?** is indicated, press **OK again** to start the update.

Screen display varies by version

6 After it completes, turn off the power and **turn it on again**.
