

# APP Operation Manual

## Downloading and installing the mobile app:

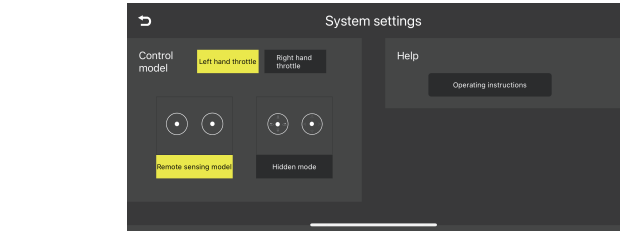

For Apple system (IOS) users, please go to "APP Store" and search for KY UFO or scan the QR code below to download the app.

For Android system users, please go to "Application Treasure" and search for KY UFO or scan the QR code below to download the app.

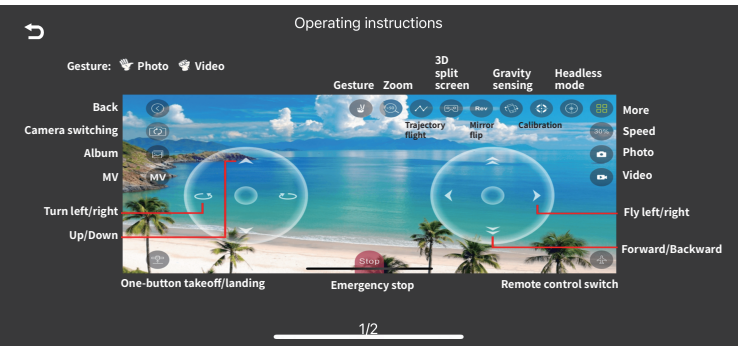

## Connection setting:

1. Turn on the switch of the drone.
2. Open the cell phone settings, start WiFi, find the hotspot "FLOW - XXXXX" in the WiFi search list, and click to connect until it is successfully connected.
3. Open the APP, click the "Start" icon to enter the real-time interface.

## Operating Instructions:

The functions of the operation interface are shown in the figure below.

When switching to vertical screen, the device cannot be controlled on the fly.
